Prospects For The Study Of American Literature A Guide For Scholars And Students:

Prospects for the Study of American Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain [A Companion to Herman Melville](#) Wyn Kelley, 2015-08-17 In a series of 35 original essays this companion demonstrates the relevance of Melville's works in the twenty first century Presents 35 original essays by scholars from around the world representing a range of different approaches to Melville Considers Melville in a global context and looks at the impact of global economies and technologies on the way people read Melville Takes account of the latest and most sophisticated scholarship including postcolonial and feminist perspectives Locates Melville in his cultural milieu revising our views of his politics on race gender and democracy Reveals Melville as a more contemporary writer than his critics have sometimes assumed *The Cambridge Companion to Edgar Allan Poe* Kevin J. Hayes, 2002-04-25 This collection of specially commissioned essays by experts in the field explores key dimensions of Edgar Allan Poe's work and life Contributions provide a series of alternative perspectives on one of the most enigmatic and controversial American writers The essays specially tailored to the needs of undergraduates examine all of Poe's major writings his poetry short stories and criticism and place his work in a variety of literary cultural and political contexts They situate his imaginative writings in relation to different modes of writing humor Gothicism anti slavery tracts science fiction the detective story and sentimental fiction Three chapters examine specific works The Narrative of Arthur Gordon Pym The Fall of the House of Usher The Raven and Ulalume The volume features a detailed chronology and a comprehensive guide to further reading and will be of interest to students and scholars alike [The Undergraduate's Companion to American Writers and Their Web Sites](#) Larry G. Hinman, 2000-12-15 An outstanding research guide for undergraduate students of American literature this best selling book is essential when it comes to researching American authors Bracken and Hinman identify and describe the best and most current sources both in print and online for nearly 300 American writers whose works are included in the most frequently used literary anthologies Students will know exactly what information is available and where to find it **Richard Wright** Keneth Kinnamon, 2014-11-04 African American writer Richard Wright 1908 1960 was celebrated during the early 1940s for his searing autobiography Black Boy and fiction Native Son By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris But his writings changed

American culture forever and today they are mainstays of literature and composition classes He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers This volume presents a comprehensive annotated bibliography of those essays books and articles from 1983 through 2003 Arranged alphabetically by author within years are some 8 320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism Also included as an appendix are addenda to the author s earlier bibliography covering the years from 1934 through 1982 This is the exhaustive reference for serious students of Richard Wright and his critics *Nathaniel Hawthorne, Updated Edition* Harold Bloom, 2009 A collection of critical essays on Nathaniel Hawthorne s work **Zora Neale Hurston** Harold Bloom, 2008 Presents a selection of criticism devoted to the work of African American author Zora Neale Hurston *Black Power, Yellow Power, and the Making of Revolutionary Identities* Rychetta Watkins, 2012-01-03 Images of upraised fists afros and dashikis have long dominated the collective memory of Black Power and its proponents The guerilla figure taking the form of the black leather clad revolutionary within the Black Panther Party has become an iconic trope in American popular culture That politically radical figure however has been shaped as much by Asian American cultural discourse as by African American political ideology From the Asian African Conference held in April of 1955 in Bandung Indonesia onward to the present Afro Asian political collaboration has been active and influential In *Black Power Yellow Power and the Making of Revolutionary Identities* author Rychetta Watkins uses the guerilla figure as a point of departure and shows how the trope s rhetoric animates discourses of representation and identity in African American and Asian American literature and culture In doing so she examines the notion of Power in terms of ethnic political identity and explores collaborating and sometimes competing ethnic interests that have drawn ideas from the concept The project brings together a range of texts editorial cartoons newspaper articles novels visual propaganda and essays that illustrate the emergence of this subjectivity in Asian American and African American cultural productions during the Power period roughly 1966 through 1981 After a case study of the cultural politics of academic anthologies and the cooperation between Frank Chin and Ishmael Reed the volume culminates with analyses of this trope in Sam Greenlee s *The Spook Who Sat by the Door* Alice Walker s *Meridian* and John Okada s *No No Boy* *The Publishing History of Uncle Tom's Cabin, 1852-2002* Claire Parfait, 2016-12-05 *Uncle Tom s Cabin* continues to provoke impassioned discussions among scholars to serve as the inspiration for theater film and dance and to be the locus of much heated debate surrounding race relations in the United States It is also one of the most remarkable print based texts in U S publishing history And yet until now no book length study has traced the tumultuous publishing history of this most famous of antislavery novels Among the major issues Claire Parfait addresses in her detailed account are the conditions of female authorship the structures of copyright author publisher relations agency and literary economics To follow the trail of the book over 150 years is to track the course of American culture and to read the various editions is to gain insight into the most basic structures formations and formulations of

literary culture during the period Parfait interrelates the cultural status of this still controversial novel with its publishing history and thus also chronicles the changing mood and mores of the nation during the past century and a half Scholars of Stowe of American literature and culture and of publishing history will find this impressive and compelling work invaluable
