Prostate And Cancer The Ive Been Where You Are Going

Clinton, William J.

Prostate And Cancer The Ive Been Where You Are Going:

Prostate and Cancer - the Book Nathan Pera, 2005-05-09 There will be nearly 200 000 new cases of prostate cancer diagnosed this year in the United States This is a cancer that can be overcome if men make the effort to have a yearly physical and their PSA Prostate Specific Antigen blood tested by their primary health care provider In his book Nathan relates how unexpectedly he was confronted with the possibility and eventual reality of prostate cancer through a sudden PSA elevation in what appeared to be a routine yearly checkup He takes you with him through his psychological and spiritual experiences leading to the diagnosis decision making and ultimate treatment choice He then allows you into the very core of his recovery beginning from day one following surgery This is a book for men and couples whom would like to hear from a layperson what it is like to face prostate cancer head on A no holds barred revelation it will give comfort and encouragement to those who face this challenge as Nathan graphically relates Things they may forget to tell you The book offers first hand commentary on the anxieties expectations and realities from someone who has already been where you may be going Finally Nathan relates his relentless and lengthy effort to regain his sexual potency as he searches for the elusive erection

Prostate Cancer: Climbing above it Laurence Lepherd, 2013-01-22 Nine men tell their stories of how they experienced advanced prostate cancer and how they were lifted above it *Knat With a K* Michael Twelve, 2020-08-20 Knat Lio is a teenage boy who fancies himself a private detective While on summer vacation he is hired for some real detective work investigating a man's involvement in an armed robbery Antoine Fluellyn Flu is a supremely gifted football star who suffers a serious on field injury Even after he recovers physically he cannot mentally regain his other worldly potential and instead drifts into a life of crime finding employment in the underworld Set in New York State the name of the crime drama's main character Knat Lio was chosen by the author as an alternative to a palindrome which is a word that's spelled the same backwards or forwards such as mom While I was still working I'm retired now I saw some words on a door and I thought to myself if I inverted those words I could come up with an interesting name And I built the character Knat Lio from those words

If You'Re Gonna Be Stupid, You'Ve Gotta Be Tough! Bob Cole, 2011-12-05 The Cleburne County Search and Rescue Team recently found and saved a man lost on Mt Cheaha in Alabama The man had set out with his wife and kids on the difficult Pinhoti Trail but once the wife and kids headed back the man continued on When he didn't return his wife panicked and called in the search squad who eventually found a man in his fifties weighing about three hundred pounds wearing leg braces and using crutches This story just goes to show that if you're gonna be stupid you've gotta be tough Author Bob Cole knows all about it He grew up on a farm in rural Georgia and used to have to chase cows before getting on the bus for school Smelling like manure in front of the other kids certainly added a bit of toughness Since those days he has worked married and seen the world but through it all the old adage about toughness and stupidity still holds true This collection of true short stories follows Bob as he travels along the bumpy road of life Follow him through a midlife crisis family hijinks

meeting a new son in law and on a mission trip to foreign lands after all stupidity is worldwide Despite some hard times and some tough decisions Bob Cole has never lost his sense of humor and its apparent in this collection that will keep readers laughing crying and act in tough

The Sacred Science Nick Polizzi, 2019-03-05 In 2010 Nick Polizzi did something unimaginable He assembled a group of eight desperately ill patients from around the world and brought them into the heart of the Amazon rainforest to put the mysterious medicines of native shamans to the test The healing journey that unfolded would change their lives and his own forever In The Sacred Science we join Nick as he explores these primordial traditions and learns firsthand what it takes to truly heal ourselves of physical disease emotional trauma and the sense of lostness that so many of us feel in these modern times We venture into a place where the ordinary rules we live by even survival instincts don't apply where the only thing to do is to step forward and be ready for anything Nick is not a guru or shaman he is an ordinary guy who pieced together an illuminating journey one experience at a time In this riveting true story we're shown the many layers that must be peeled away in order for us to find the truth of who we are and why we're here This book is a bridge between the flashy fast moving modern world and the forgotten ways of a healthier earth connected ancestral past You'll find practices and principles of native wisdom that you can put to use in your own life and you'll gain a new understanding of what it means to heal In the end what will become of the eight patients who set out on this path with Nick Will the exotic jungle medicines and harrowing rites of passage destroy them or give them a new lease on life Five will return with remarkable healing results Two will return disappointed One won't return at all

When somebody should go to the book stores, search foundation by shop, shelf by shelf, it is essentially problematic. This is why we allow the books compilations in this website. It will very ease you to look guide **Prostate And Cancer The Ive Been Where You Are Going** as you such as.
