Prostitution Prism The:

The Prostitution Prism Gail Pheterson, 1996 Like a prism prostitution dynamics reflect and magnify pervasive social patterns These essays examine those patterns both inside and outside the context of explicit sex commerce The author elaborates a cross cultural critique of the categories prostitute and prostitution as constructed in science policy and society At every level of analysis terms and social categories prove to be slippery consequential and reflective of an underlying political logic that subordinates women to men Key to that logic is the whore stigma an official and traditional mechanism of social control inextricable from issues as diverse as migration health care sexual autonomy employment and freedom of speech

Missionary Positions Lauren McGrow, 2017-08-28 *Missionary Positions* examines the context for Christian outreach to people in the sex industry Over the last 20 years faith based organisations have become more engaged in ministering with sex workers But what are the methods and desired outcomes that undergird pastoral practice in this field Most Christians see prostitution as evil and those who sell sex are considered broken victims in need of restoration Yet the voices and experiences of sex workers themselves often challenge these assumptions Using feminist and postcolonial perspectives interviews with Christian practitioners in Australia and personal narrative Lauren McGrow carves out a space for the dynamic theological agency and life complexity of sex workers to be more fully acknowledged in faith based outreach projects

Global Sex Dennis Altman, 2001 *Global Sex* is the first major work to take on the globalization of sexuality examining the ways in which desire and pleasure as well as ideas about gender political power and public health are framed shaped or commodified by a global economy in which more and more cultures move into ever closer contact

Selling Sex Emily van der Meulen, Elya M. Durisin, Victoria Love, 2013-03-15 Despite being dubbed the world's oldest profession prostitution has rarely been viewed as a legitimate form of labour Instead it is often criminalized sensationalized and polemicized across the socio political spectrum by everyone from politicians to journalists to women's groups In *Selling Sex* Emily van der Meulen Elya M Durisin and Victoria Love present a more nuanced balanced and realistic view of the sex industry They bring together a vast collection of voices including researchers feminists academics and advocates as well as sex workers of differing ages genders and sectors to engage in a dialogue that challenges the dominant narratives surrounding the sex industry and advances the idea that sex work is in fact work Presenting a variety of opinions and perspectives on such diverse topics as social stigma police violence labour organizing anti prostitution feminism human trafficking and harm reduction *Selling Sex* is an eye opening challenging and necessary book

Sex, Work and Sex Work Joanna Brewis, Stephen Linstead, 2003-09-02 This fascinating and controversial new book explores the concept that not only does sexuality pervade every aspect of organizations but also that organization pervades every aspect of our sexuality

Slut-Shaming, Whorephobia, and the Unfinished Sexual Revolution Meredith Ralston, 2021-06-16 The sexual revolution is unfinished A sexual double standard between men and women still exists and society continues to punish bad

girls and reward good ones Until we eliminate good girl privilege and bad girl stigma women will not be fully free to embrace their sexuality In *Slut Shaming Whorephobia and the Unfinished Sexual Revolution* Meredith Ralston looks at the common denominators between the MeToo movement the myths of rape culture and the pleasure gap between men and women to reveal the ways that sexually liberated women threaten the patriarchy Weaving in history pop culture philosophy interviews with sex workers and personal anecdotes Ralston shows how women cannot achieve sexual equality until the sexual double standard and good girl bad girl binary are eliminated and women viewed by society as whores are destigmatized Illustrating how women s sexuality is policed by both men and women she argues that women must be allowed the same personal autonomy as men the freedom to make sexual decisions for themselves to obtain orgasm equality and to insist on their own sexual pleasure Dispelling the myth that all sex workers are victims and all clients are violent *Slut Shaming Whorephobia and the Unfinished Sexual Revolution* calls out Western society s hypocrisy about sex and shows how stigma and the marginalization of sex workers harms all women

Sexual Conduct in UN Peacekeeping Operations Olivera Simic, 2012-05-25 This book critically examines the response of the United Nations UN to the problem of sexual exploitation in UN Peace Support Operations It assesses the Secretary General s Bulletin on Special Protection from Sexual Exploitation and Sexual Abuse 2003 SGB and its definition of sexual exploitation which includes sexual relationships and prostitution With reference to people affected by the policy using the example of Bosnian women and UN peacekeepers and taking account of both radical and sex positive feminist perspectives the book finds that the inclusion of consensual sexual relationships and prostitution in the definition of sexual exploitation is not tenable The book argues that the SGB is overprotective relies on negative gender and imperial stereotypes and is out of step with international human rights norms and gender equality It concludes that the SGB must be revised in consultation with those affected by it namely local women and peacekeepers and must fully respect their human rights and freedoms particularly the right to privacy and sexuality rights Street Sex Work and Canadian Cities Shawna Ferris, 2015-03-02 Our voices scrubbed out and forgotten There are those who research and write about sex workers who often forget we are human Amy Lebovitch Shawna Ferris gives a voice to sex workers who are often pushed to the background even by those who fight for them In the name of urban safety and orderliness street sex workers face stigma racism and ignorance Their human rights are ignored and some even lose their lives Ferris aims to reveal the cultural dimensions of this discrimination through literary and art critical theory legal and sociological research and activist intervention Canadian cities are striving for high safety ratings by eliminating crime which includes cleaning urban areas of the street sex industry Ironically sex workers also want to live and work in a safe environment Ferris questions these sanitizing political agendas reviews exclusionary
