Protecting The Vulnerable

**Agnė Limantė, Dovilė Pūraitė-
Andrikienė**

Protecting The Vulnerable:

Protecting the Vulnerable Robert E. Goodin, 1985 Our narrower obligations often blind us to larger social responsibilities The moral claims arising out of special relationships family friends colleagues and so on always seem to take priority Strangers ordinarily get and ordinarily are thought to deserve only what is left over Robert E Goodin argues that this is morally mistaken In *Protecting the Vulnerable* he presents a comprehensive theory of responsibility based on the concept of vulnerability Since the range of people vulnerable to our actions or choices extends beyond those to whom we have made specific commitments promises vows contracts we must recognize a much more extensive network of obligations and moral claims State welfare services for example are morally on a par with the services we render to family and friends The same principle widens our international intergenerational and interpersonal responsibilities as well as our duties toward animals and natural environments This book written with keen intelligence and unfailing common sense opens up new perspectives on issues central to public policy and of critical concern to philosophers and social scientists as well as to politicians lawyers and social workers

Protecting Vulnerable Groups Francesca Ippolito, Sara Iglesias Sánchez, 2015-04-30 The concept of vulnerability has not been unequivocally interpreted either in regional or in universal international legal instruments This book analyses the work of the EU and the Council of Europe in ascertaining a clear framework or a set of criteria suitable to determine those who should be considered vulnerable and disadvantaged It also explores the measures required to protect their human rights Key questions can be answered by analysing the different methods used to determine the levels of protection offered by the two European systems These questions include whether the Convention and the case law of the Strasbourg Court the monitoring mechanisms of the Council of Europe EU law and the case law of the European Court of Justice enhance the protection of vulnerable groups and expand the protection of their rights or alternatively whether they are mainly used to fill in relatively minor gaps or occasional lapses in national rights guarantees The analysis also shows the extent to which these two European systems provide analogous or indeed divergent standards and how any such divergence might be problematic in light of the EU accession to the European Convention on Human Rights

Legal Protection of Vulnerable Groups in Lithuania, Latvia, Estonia and Poland Agnė Limantė, Dovilė Pūraitė-Andrikienė, 2022-08-27 This book analyses the current legal situation and protection of vulnerable groups in Lithuania Latvia Estonia and Poland In recent decades national legislation in many European states has especially focused on vulnerable groups with the aim of securing their enhanced protection and social inclusion This trend is also noticeable in North Eastern Europe where the legal frameworks are constantly being revised to address the needs of vulnerable parts of society including women children the elderly people with disabilities and minorities as well as prisoners and victims of crime But despite these positive changes many challenges persist In this book the authors provide a comprehensive comparative analysis of legal regulations and practices intended to protect vulnerable groups in Lithuania Latvia Estonia and Poland and in the process share insights into

the current situation and trends in this often overlooked region Part I introduces readers to the topic by defining the concept of vulnerable groups and elaborating on its understanding in the European and national contexts Part II analyses the legal protection of groups characterised by inherent and or circumstantial vulnerability while Part III addresses specific crime related vulnerability issues in the target region In closing Part IV puts the spotlight on three specific vulnerable groups in the discussed countries

Protecting the Vulnerable Robert E. An Epidemic Among My People Paul Djupe,Amanda Friesen,2023-01-20 How religion reacted to the pandemic and how the virus and government policy affected religion in America

Physician Assisted Suicide Margaret P. Battin,Rosamond Rhodes,Anita Silvers,2015-10-15 Physician Assisted Suicide is a cross disciplinary collection of essays from philosophers physicians theologians social scientists lawyers and economists As the first book to consider the implications of the Supreme Court decisions in Washington v Glucksburg and Vacco v Quill concerning physician assisted suicide from a variety of perspectives this collection advances informed reflective vigorous public debate

Between Protection and Harm Luc Leboeuf,Cathrine Brun,Hilde Lidén,Sabrina Marchetti,Delphine Nakache,Sylvie Sarolea,2024-10-07 This open access book dissects the current narratives of vulnerability in asylum laws and policies by unpacking the meanings productions and performances of vulnerability in different contexts from countries of first asylum in the Global South to Europe and Canada It discusses how the increased reliance on vulnerability to guide states replies to refugee movements improves refugee

protection while also generating contestations and exclusionary effects that may cause harm Based on data collected as part of the EU Horizon 2020 VULNER project the book examines existing legal and bureaucratic approaches to refugees vulnerabilities which it confronts with the refugees experiences and understandings of their own life challenges It analyses the perspectives from state actors humanitarian organisations and social and aid workers as well as the refugees themselves By emphasizing how these perspectives relate and feed into each other the book unpacks the humanitarian replies from states and the international community to refugee movements including in their implied exclusionary dimensions that generate contestations and implementation difficulties which if not tackled and understood properly risk exacerbating and or producing vulnerabilities among refugees

Vulnerability and Data Protection Law Gianclaudio Malgieri,2023-04-01

Vulnerability has traditionally been viewed through the lens of specific groups of people such as ethnic minorities children the elderly or people with disabilities With the rise of digital media our perceptions of vulnerable groups and individuals have been reshaped as new vulnerabilities and different vulnerable sub groups of users consumers citizens and data subjects emerge Vulnerability and Data Protection Law not only depicts these problems but offers the reader a detailed investigation of the concept of data subjects and a reconceptualization of the notion of vulnerability within the General Data Protection Regulation The regulation offers a forward facing set of tools that though largely underexplored are essential in rebalancing power asymmetries and mitigating induced vulnerabilities in the age of artificial intelligence Considering the new risks and potentialities of the digital market the new awareness about cognitive weaknesses and the new philosophical sensitivity about the condition of human vulnerability the author looks for a more general and layered definition of the data subject s vulnerability that goes beyond traditional labels In doing so he seeks to promote a vulnerability aware interpretation of the GDPR A heuristic analysis that re interprets the whole GDPR this work is essential for both scholars of data protection law and for policymakers looking to strengthen regulations and protect the data of vulnerable individuals
