Protestantism In America

Randall Balmer

Protestantism In America:

Protestantism in America Randall Balmer, 2005-11-18 As America has become more pluralistic Protestantism with its long roots in American history and culture has hardly remained static This finely crafted portrait of a remarkably complex group of Christian denominations describes Protestantism's history constituent subgroups and their activities and the way in which its dialectic with American culture has shaped such facets of the wider society as healthcare welfare labor relations gender roles and political discourse Part I provides an introduction to the religion's essential beliefs a brief history and a taxonomy of its primary American varieties Part II shows the diversity of the tradition with vivid accounts of life and worship in a variety of mainline and evangelical churches Part III explores the vexed relationship Protestantism maintains with critical social issues including homosexuality feminism and social justice The appendices include biographical sketches of notable Protestant leaders a chronology a glossary and an annotated list of resources for further study [Protestantism in America](#) Jerald C. Brauer, 1953 [The Work We Have to Do](#) Mark A. Noll, 2002-08-08 Covering Puritans Presbyterians and everyone in between this work follows the dynamic path of Protestantism in the United States from the first English colony at Jamestown to megachurches and televangelism in the 21st century 15 photos *Righteous Empire* Martin E. Marty, 1970 Today people are curious about who the WASPs really are and were With searing objectivity shaded by a compassionate intelligence Marty exposes the racism intellectual complexity and peculiar flexibility that helped to make up the unique institution American Protestantism was at its height The author structures his investigation around problems of conflict between races social classes between denominations and schools **The Future of Mainline Protestantism in America** James Hudnut-Beumler, Mark Silk, 2018-01-09 As recently as the 1960s more than half of all American adults belonged to just a handful of mainline Protestant denominations Presbyterian UCC Disciples of Christ Episcopal Lutheran Methodist and American Baptist Presidents congressmen judges business leaders and other members of the elite overwhelmingly came from such backgrounds But by 2010 fewer than 13 percent of adults belonged to a mainline Protestant church What does the twenty first century hold for this once hegemonic religious group In this volume experts in American religious history and the sociology of religion examine the extraordinary decline of mainline Protestantism over the past half century and assess its future Contributors discuss the demographics of mainline Protestants their beliefs practices and modes of worship their political views and partisan affiliations and the social and moral questions that unite and divide Protestant communities Other chapters examine Protestant institutions including providers of health care and education analyze churches public voice and probe what will come from a diminished role relative to other groups in society especially the ascendant evangelicals Far from going extinct the book argues the mainline Protestant movement will continue to be a vital remnant in an American religious culture torn between the contending forces of secularism and evangelicalism *Between the Times* William R. Hutchison, 1990-11-30 During the first six decades of this century the so called mainline Protestant denominations

in America were compelled to accommodate to the growing influences of diverse religions and growing secularization In this book twelve historians examine the nature of the American Protestant establishment and its response to the growing pluralism of the times The goals of the establishment are first examined from the inside as they were voiced from the pulpit expressed in education and through the media and applied in ecumenical and social reforming ventures The establishment is then viewed through the eyes of outsiders Jews and Catholics and those at the periphery of the establishment s core and women The authors conclude that the period surveyed forms a distinct epoch in the evolution of American Protestantism The days when Protestant cultural authority could be taken for granted were certainly over but a new era in which religious pluralism would be widely accepted had not yet arrived Protestant Panorama Clarence Wilbur Hall,Desider Holisher,1951

Protestant Faith in America J. Gordon Melton,2009 Explains how Protestantism came to America shows how it has shaped American culture society and politics and describes leading Protestant figures also providing a glossary time line and list of further resources Protestants in America Mark A. Noll,2002-08-08 A readable far reaching history of a multi denominational multi regional and multi ethnic religious group Protestants in America explores the physical and ideological roots of the denomination up to the present day and traces the origins of American Protestants all the way back to the first English colony at Jamestown The book covers their involvement in critical issues from temperance to the civil rights movement the establishment of Protestant organizations like the American Bible Society and the Salvation Army and the significant expansion of their ethnic base since the first African American Protestant churches were built in the 1770s Mark Noll follows their direct impact on American history from the American Revolution to World War I and beyond and peppers his account with profiles of leading Protestants from Jonathan Edwards and Phillis Wheatley to Billy Graham and Martin Luther King Jr **The Divided Mind of Protestant America, 1880-1930** Ferenc Morton Szasz,1982 0false18 pt18 pt00falsefalsefalse The Divided Mind of Protestant Americais a documented overview of American Protestantism in American culture from beginning to end It discusses liberal fundamentalist tensions in America and the role of mainline Protestantism evangelicalism and fundamentalism in American culture
