paintings bronzes and ceramics as well as sculptures jades and bronzes The migration to America and Europe of China's art is one of the greatest outflows of a culture's artistic heritage in human history A good deal of the art procured by collectors and dealers some famous and others little known but all remarkable in individual ways eventually wound up in American and European museums Today some of the art still in private hands is returning to China via international auctions and aggressive purchases by Chinese millionaires

No Place of Grace T.J. Jackson Lears, 2021-08-26 A new edition of a classic work of American history that eloquently examines the rise of antimodernism at the turn of the twentieth century First published in 1981 T.J. Jackson Lears's *No Place of Grace* is a landmark book in American studies and American history acclaimed for both its rigorous research and the deft fluidity of its prose A study of responses to the emergent culture of corporate capitalism at the turn of the twentieth century *No Place of Grace* charts the development of contemporary consumer society through the embrace of antimodernism the effort among middle and upper class Americans to recapture feelings of authentic experience Rather than offer true resistance to the increasingly corporatized bureaucracy of the time however antimodernism helped accommodate Americans to the new order it was therapeutic rather than oppositional a striking forerunner to today's self-help culture And yet antimodernism contributed a new dynamic as well an eloquent edge of protest as Lears puts it which is evident even today in anticonsumerism sustainable living and other practices This new edition with a lively and discerning foreword by Jennifer Ratner-Rosenhagen celebrates the fortieth anniversary of this singular work of history

Mistress of Modernism Mary V. Dearborn, 2004-09-15 The life story of the bohemian socialite who rebelled against her famous family and became a renowned art collector Peggy Guggenheim was the ultimate self-invented woman a cultural mover and shaker who broke away from her poor little rich girl origins to shape a life for herself as the enfant terrible of the art world Her visionary Art of This Century gallery in New York which brought together the European surrealist artists with the American abstract expressionists was an epoch shaking happening at the center of its time In *Mistress of Modernism* Mary V. Dearborn draws upon her unprecedented access to the Guggenheim family friends and papers to craft a thorough biography that will appeal to art lovers interested in more than the paint Publishers Weekly With drive and clarity Dearborn charts Guggenheim's peripatetic life offering rich insight into Peggy's traumatic childhood in German Jewish New York her self-education in the ways of art and artists her caustic battles with other art collecting Guggenheims and her legendary sexual appetites her lovers included Max Ernst Samuel Beckett and Marcel Duchamp to name just a few Booklist Here too is a poignant portrait of Peggy's last years as *l'ultima dogaresa* the last female doge in her palazzo in Venice where her collection still draws thousands of visitors every year *Mistress of Modernism* is the first definitive biography of Peggy Guggenheim whose wit passion and provocative legacy Dearborn brings compellingly to life
