

A black and white photograph of two sailors in winter uniforms standing on the deck of the USS Mason. The sailor on the left is smiling and looking towards the camera, while the sailor on the right is looking slightly away. They are both wearing dark, heavy winter coats and caps. The background shows the ship's hull with the number 529 visible on the right. A semi-transparent text box is overlaid in the center of the image.

PROUDLY WE SERVED

The Men of the USS Mason

Proudly We Served The Men Of The Uss Mason

Alexander M. Bielakowski

Proudly We Served The Men Of The USS Mason:

Proudly We Served Mary Pat Kelly, 2015-02-15 Few Americans know the history changing story of the men of the USS Mason the only African American sailors to take a World War II warship into combat At a time when most blacks in the Navy were relegated to stewards or laborers the crew of the USS Mason escorted six convoys across the perilous North Atlantic helped to win the Battle of the Atlantic and directly influenced President Harry S Truman s decision to integrate all of America s armed forces Recommended in 1944 for a commendation for their heroic actions during a violent storm the Mason sailors finally received that commendation in 1995 The Navy further honored the men by naming a new destroyer DDG 87 after the crew of the Mason This book is the basis of an award winning PBS documentary and the feature film Proud starring Ossie Davis The USS Mason story is featured in The National Museum of African American History and Culture

African-Americans in Defense of the Nation James T. Controvich, 2011-03-28 The role of the African American in American history has been documented but sometimes ignored by historians This work is intended to assist researchers in locating the wealth of material that has been published African Americans in Defense of the Nation builds on a long list of early bibliographies concerning the subject This work brings together a broad spectrum of titles related to the African American participation in America s wars It covers both the military exploits as African Americans have been involved in every American conflict since the Revolution and their participation in the homefront support in building the weapons that the armed forces used Organized both chronologically and topically chapters cover the various conflicts from the Revolutionary War to the Post World War II era and branches of the military as well as the role of African American women in the United States military This extensive reference work is the most comprehensive listing of African American units available Additionally a listing of juvenile titles will assist parents and teachers in locating material

The Columbia Guide to African American History Since 1939 Robert L. Harris, Rosalyn Terborg-Penn, 2006 This book is a multifaceted approach to understanding the central developments in African American history since 1939 It combines a historical overview of key personalities and movements with essays by leading scholars on specific facets of the African American experience a chronology of events and a guide to further study Marian Anderson s famous 1939 concert in front of the Lincoln Memorial was a watershed moment in the struggle for racial justice Beginning with this event the editors chart the historical efforts of African Americans to address racism and inequality They explore the rise of the Civil Rights and Black Power movements and the national and international contexts that shaped their ideologies and methods consider how changes in immigration patterns have complicated the conventional black white dichotomy in U S society discuss the often uneasy coexistence between a growing African American middle class and a persistent and sizable underclass and address the complexity of the contemporary African American experience Contributors consider specific issues in African American life including the effects of the postindustrial economy and the influence of music military service sports literature culture

business and the politics of self designation e g Colored vs Negro Black vs African American While emphasizing political and social developments this volume also illuminates important economic military and cultural themes An invaluable resource The Columbia Guide to African American History Since 1939 provides a thorough understanding of a crucial historical period

Jim Crow's Counterculture R. A. Lawson, 2010-11-01 In the late nineteenth century black musicians in the lower Mississippi Valley chafing under the social legal and economic restrictions of Jim Crow responded with a new musical form the blues In Jim Crow s Counterculture R A Lawson offers a cultural history of blues musicians in the segregation era explaining how by both accommodating and resisting Jim Crow life blues musicians created a counterculture to incubate and nurture ideas of black individuality and citizenship These individuals Lawson shows collectively demonstrate the African American struggle during the early twentieth century Derived from the music of the black working class and popularized by commercially successful songwriter W C Handy early blues provided a counterpoint to white supremacy by focusing on an anti work ethic that promoted a culture of individual escapism even hedonism and by celebrating the very culture of sex drugs and violence that whites feared According to Lawson blues musicians such as Charley Patton and Muddy Waters drew on traditions of southern black music including call and response forms but they didn t merely sing of a folk past Instead musicians saw blues as a way out of economic subservience Lawson chronicles the major historical developments that changed the Jim Crow South and thus the attitudes of the working class blacks who labored in that society The Great Migration the Great Depression and New Deal and two World Wars he explains shaped a new consciousness among southern blacks as they moved north fought overseas and gained better paid employment The me centered mentality of the early blues musicians increasingly became we centered as these musicians sought to enter mainstream American life by promoting hard work and patriotism Originally drawing the attention of only a few folklorists and music promoters popular black musicians in the 1940s such as Huddie Ledbetter and Big Bill Broonzy played music that increasingly reached across racial lines and in the process gained what segregationists had attempted to deny them the identity of American citizenship By uncovering the stories of artists who expressed much in their music but left little record in traditional historical sources Jim Crow s Counterculture offers a fresh perspective on the historical experiences of black Americans and provides a new understanding of the blues a shared music that offered a message of personal freedom to repressed citizens Proud Warriors Alexander M. Bielakowski, 2021-11-15 During World War II tens of thousands of African Americans served in segregated combat units in U S armed forces The majority of these units were found in the U S Army and African Americans served in every one of the combat arms They found opportunities for leadership unparalleled in the rest of American society at the time Several reached the field grade officer ranks and one officer reached the rank of brigadier general Beyond the Army the Marine Corps refused to enlist African Americans until ordered to do so by the president in June 1942 and two African American combat units were formed and did see service during the war While the U S Navy initially resisted extending the role of African

American sailors beyond kitchens eventually the crew of two ships was composed exclusively of African Americans The Coast Guard became the first service to integrate initially with two shipboard experiments and then with the integration of most of their fleet Finally the famous Tuskegee airmen are covered in the chapter on air warfare Proud Warriors makes the case that the wartime experiences of combat units such as the Tank Battalions and the Tuskegee Airmen ultimately convinced President Truman to desegregate the military without which the progress of the Civil Rights Movement might also have been delayed [All Hands](#) ,1998

The Washingtons. Volume 6, Part 1 Justin Glenn,2014-09-05 Part of a series filled with gratifying detail about the ancestry of the first US President this volume contains the tenth generation descendants Robert K Krick author of *The Smoothbore Volley that Doomed the Confederacy* Stonewall Jackson at Cedar Mountain and Lee's Colonels This is the sixth volume of Dr Justin Glenn's comprehensive history that traces the Presidential line of the Washingtons the vast family originated by the immigrant John Washington who settled in Westmoreland Co Va in 1657 married Anne Pope and became the great grandfather of President George Washington This volume contains the late nineteenth and twentieth century born descendants of John Washington's daughter Anne Washington Wright and as such transports the reader through many of the major historical events of those eras by providing the stories of the family members who lived through them Although structured in a genealogical format for the sake of clarity this is no bare bones genealogy but a true family history with over 1 200 detailed biographical narratives These in turn strive to convey the greatness of the family that produced not only The Father of His Country but many others great and humble who struggled to build that country It is surprising that no comprehensive family history has been published Justin M Glenn's *The Washingtons A Family History* finally fills this void for the branch to which General and President George Washington belonged identifying some 63 000 descendants John Frederick Dorman editor of *The Virginia Genealogist* 1957 2006 and author of *Adventurers of Purse and Person*

Ethnic and Racial Minorities in the U.S. Military Alexander M. Bielakowski,2013-01-11 This encyclopedia details the participation of individual ethnic and racial minority groups throughout U S military history *Ethnic and Racial Minorities in the U S Military* An Encyclopedia is unique in its coverage of nearly all major ethnic and racial minority groups as opposed to reference works that have focused only on individual ethnic or racial minority groups It acknowledges the military contributions of African Americans Asian Americans French Americans German Americans Hispanic Americans Irish Americans Jewish Americans and Native Americans This timely work highlights the individuals and events that have shaped the experience of minorities in U S conflicts The work provides a comprehensive encyclopedia covering the role of all major ethnic and racial minorities in the United States during wartime Additionally it considers how the integration of servicemen in the U S military set the precedent for the eventual desegregation of America's civilian population

Shepherds of the Sea Robert F Cross,2010-05-15 This compelling tale of courage heroism and terror is told in the words of ninety one sailors and officers interviewed by the author about their World War II service aboard fifty six

destroyer escorts They reveal many never before told details of life at sea during wartime and along with information found in secretly kept war diaries and previously unpublished personal photographs add important dimensions to the official record Unseasoned teenage recruits when they first went to sea these sailors were led by inexperienced college boys more accustomed to yachts than warships Their ships were untested vessels designed by a man with no formal training in ship design and which many viewed as a waste of money Yet as Cross points out these men are credited with helping turn the tide of the war in the Atlantic as they singlehandedly sank some seventy U boats and captured U 505 the only German submarine taken during the war and the first enemy vessel captured by Americans at sea since the War of 1812 In the Pacific the destroyer escorts fought in every major battle side by side with Allied battleships and destroyers But this story is not just about battles It is also about American genius hard work honor and growing up in the Great Depression The author provides eyewitness details about the historic first step taken to end racial discrimination in the military as African Americans stepped aboard the destroyer escort USS Mason as full fledged sailors for the first time and earned a Navy commendation of heroism in the Battle of the Atlantic presented to the surviving crewmen fifty one years later Readers also learn about an ingenious invention when a sailor breaks his silence about a secret weapon tested aboard his destroyer escort that rendered a new German radio controlled glide bomb useless

Needs and Opportunities in the Modern History of the U.S. Navy

Michael J. Crawford, 2018 This is a compilation of a series of papers presented in conjunction with a year long lecture series sponsored by the Naval History and Heritage Command Provided by publisher
