Proust And Signs:

Proust and Signs Gilles Deleuze, 2008-01-01 Philosophy Proust and Signs Gilles Deleuze, 2000 **Beckett's Proust/Deleuze's Proust** M. Bryden, M. Topping, 2009-09-30 An encounter between Deleuze the philosopher Proust the novelist and Beckett the writer creating interdisciplinary and inter aesthetic bridges between them covering textual visual sonic and performative phenomena including provocative speculation about how Proust might have responded to Deleuze and Beckett Understanding Deleuze, Understanding Modernism S. E. Gontarski, Paul Ardoyn, Laci Mattison, 2014-08-28 Explores the multi faceted and formative impact of Gilles Deleuze on the development and our understanding of modernist thought in its philosophical literary and more broadly cultural manifestations *Bergson-Deleuze Encounters* Valentine Moulard-Leonard, 2008-08-07 Bergson Deleuze Encounters sheds light on the intricate bond between French philosophers Henri Bergson and Gilles Deleuze It explores the major diffraction between the two thinkers conveys a sense of the irreducible originality of Deleuze s thought and offers a detailed account of Bergson s Copernican Revolution In so doing it presents an explanation of thought and experience that contrasts with the dominant account of the phenomenological tradition Valentine Moulard Leonard argues that Bergson and Deleuze share a novel conception of the transcendental which they call the Virtual that marks a new era in thinking in which what is ultimately at stake is a new vision of time experience and materiality The Virtual provides an indispensable alternative to the totalizing systems spawned by the traditional transcendent image of thought be they systems of idealism scientific positivism nationalism racism sexism or dogmatism *Gilles Deleuze and Félix Guattari* François Dosse, 2011 In May 1968 Gilles Deleuze was an established philosopher teaching at the innovative Vincennes University just outside of Paris Felix Guattari was a political militant and director of an unusual psychiatric clinic at La Borde Their meeting was unlikely and the two were introduced in an arranged encounter of epic consequence From that moment on Deleuze and Guattari engaged in a surprising productive partnership collaborating on several groundbreaking works including *Anti Oedipus* *What Is Philosophy* and *A Thousand Plateaus* Francois Dosse a prominent French intellectual examines the prolific if improbable relationship between two men of distinct and differing sensibilities Drawing on unpublished archives and hundreds of personal interviews Dosse elucidates a collaboration that lasted more than two decades underscoring the role that family and history particularly the turbulence of May 1968 played in their monumental work He also takes the measure of Deleuze and Guattari s posthumous fortunes and weighs the impact of their thought within intellectual academic and professional circles **Jurisdiction in Deleuze: The Expression and Representation of Law** Edward Mussawir, 2011-03-03 Jurisdiction in Deleuze The Expression and Representation of Law pursues an emerging interest in the conceptual thematic of jurisdiction within legal studies as it maintains that an adequate understanding of the power of law requires an attention not just to law s formal aspects but to its technology its institution and its instrumentality not just to the representation of law but to its expression **Religious Affects** Donovan O.

Schaefer,2015-11-13 In *Religious Affects* Donovan O Schaefer challenges the notion that religion is inextricably linked to language and belief proposing instead that it is primarily driven by affects Drawing on affect theory evolutionary biology and poststructuralist theory Schaefer builds on the recent materialist shift in religious studies to relocate religious practices in the affective realm an insight that helps us better understand how religion is lived in conjunction with systems of power To demonstrate religion s animality and how it works affectively Schaefer turns to a series of case studies including the documentary *Jesus Camp* and contemporary American Islamophobia Placing affect theory in conversation with post Darwinian evolutionary theory Schaefer explores the extent to which nonhuman animals have the capacity to practice religion linking human forms of religion and power through a new analysis of the chimpanzee waterfall dance as observed by Jane Goodall In this compelling case for the use of affect theory in religious studies Schaefer provides a new model for mapping relations between religion politics species globalization secularism race and ethics
