Proust Philosophy Of The Novel:

Proust Vincent Descombes,1992 Through the voice of the narrator of Remembrance of Things Past Proust observes of the painter Elstir that the paintings are bolder than the artist Elstir the painter is bolder than Elstir the theorist This book applies the same distinction Proust the Proustian novel is bolder than Proust the theorist By this the author means that the novel is philosophically bolder that it pursues further the task Proust identifies as the writer s work to explain life to elucidate what has been lived in obscurity and confusion In this the novelist and the philosopher share a common goal to clarify the obscure in order to arrive at the truth It follows that Proust s real philosophy of the novel is to be found not in the speculative passages of Remembrance which merely echo the philosophical commonplaces of his time but in the truly novelistic or narrative portions of his text In Against Sainte Beuve Proust sets forth his ideas about literature in the form of a critique of the method of Sainte Beuve Scholars who have studied Proust s notebooks describe the way in which this essay was taken over by bits of narrative originally intended as illustration supporting its theses The philosophical portions of Remembrance were not added to the narrative as an afterthought designed to bring out its meaning What happened was the reverse the novel was born of a desire to illustrate the propositions of the essay Why then should we not find the novel more philosophically advanced than the essay Reversing the usual order followed by literary critics the author interprets the novel as an elucidation and not as a simple transposition of the essay The book is not only a general interpretation of Proust s novel and its construction it includes detailed discussions of such topics as literature and philosophy the nature of the literary genres the poetics of the novel the definition of art modernity and postmodernity and the sociology of literature

as an elucidation and not as a simple transposition of the essay The book is not only a general interpretation of Proust's novel and its construction it includes detailed discussions of such topics as literature and philosophy the nature of the literary genres the poetics of the novel the definition of art modernity and postmodernity and the sociology of literature Proust as Philosopher Miguel de Beistegui, 2012-11-12 Marcel Proust's *In Search of Lost Time* has long fascinated philosophers for its complex accounts of time personal identity and narrative amongst many other themes Proust as Philosopher The Art of Metaphor is the first book to try and connect Proust's implicit ontology of experience with the question of style and of metaphor in particular Miguel de Beistegui begins with an observation throughout *In Search of Lost Time* the two main characters seem prone to chronic dissatisfaction in matters of love friendship and even art Reality always falls short of expectation At the same time the narrator experiences unexpected bouts of intense elation the cause and meaning of which remain elusive Beistegui argues we should understand these experiences as acts of artistic creation and that this is why Proust himself wrote that true life is the life of art He goes on to explore the nature of these joyful and pleasurable experiences and the transformation required of art and particularly literature if it is to incorporate them He concludes that Proust revolutionises the idea of metaphor extending beyond the confines of language to understand the nature of lived bodily experience *Philosophy As Fiction* Joshua Landy, 2009-05-26 Philosophy as Fiction reconstructs Proust's powerful coherent and original outlook on knowledge self deception and self fashioning In addition it explains why these ideas had to give rise to a work of art and not a philosophical treatise Parts of the philosophy serve literary ends with certain assertions forming part of the novel's intricate lace work and aspects of the aesthetics also serve philosophical ends enabling a reader to engage in an active manner with an alternative art of living **The Philosophical Novel as a Literary Genre** Michael H. Mitias, 2022-03-11 This book examines the conceptual existential and logical conditions under which the philosophical novel can be treated as a literary genre on a par with generally recognized literary genres such as mystery romantic adventure religious or historical novel Michael H Mitias argues that the philosophical novel meets these conditions He advances a detailed analysis of the concept of literary genre and discusses the reasons which justify the claim that philosophical novel is a distinct literary genre This is based on the assumption that philosophical ideas can be communicated metaphorically An analysis of this assumption necessarily leads to a detailed discussion of the concept of metaphor and the extent to which it can be the vehicle of communicating philosophical truth **Proust's In Search of Lost Time** Katherine L. Elkins, 2023 With the story of a madeleine dipped in tea Marcel Proust makes famous moments that transport one to an earlier time thought lost forever His *In Search of Lost Time* announces a quest narrative with lost time as its goal We follow the journey of a young man as he strives to become the writer he longs to be and his journey entails discovering a sense of self in which past and present intertwine The narrator is delayed in his goal by various digressions including journeys into the worlds of the salons and of art For this reason the novel offers far more avenues for philosophical reflection than simply a

meditation on time and identity In Search of Lost Time includes reflections on love and jealousy joy and suffering the enchantments of art and the disillusionments of friendship This volume brings together prominent philosophers and critics to illuminate these many themes Eight essays treat a wide range of topics including fiction biography temporality music love jealousy weather and consciousness One of the longest and most complex novels ever written In Search of Lost Time has fascinated philosophers for decades The contributors in this volume build upon earlier approaches to offer new avenues and directions for philosophical thought *The Proustian Mind* Anna Elsner,Thomas Stern,2022-12-30 When Marcel Proust started to work on In Search of Lost Time in 1908 he wrote this question in his notebook Should I make it a novel a philosophical study am I a novelist Throughout his famous multi volume work Proust directly engages several philosophers and few novels are as thoroughly saturated with philosophical themes and concepts as In Search of Lost Time The Proustian Mind is an outstanding reference source to the rich philosophical range of Proust s work and the first major volume of its kind Including 31 chapters by an international team of contributors the volume is divided into seven clear parts Proust s life and works metaphysics and epistemology mind and language aesthetics ethics gender and sexuality predecessors contemporaries and successors Within these sections key Proustian themes are explored from a philosophical standpoint including time the self memory imagination jealousy beauty love subjectivity and desire The final section considers Proust in relation to important philosophers such as Schopenhauer Nietzsche Bergson Merleau Ponty Sartre de Beauvoir and Deleuze The Proustian Mind is essential reading for those studying aesthetics philosophy of literature phenomenology and ethics and will also be of interest to those in literature studying modernism French literature and the relationship between literature and philosophy *A Reader's Guide to Proust's 'In Search of Lost Time'* David Ellison,2010-02-18 A detailed analysis of Proust s masterpiece aimed at students coming to the work for the first time *The Cambridge Companion to The Essay* Kara Wittman,Evan Kindley,2022-11-03 The book studies the history and theory of the essay and its social political and aesthetic contexts **Black Holes / J. Hillis Miller; or, Boustrophedonic Reading** Joseph Hillis Miller,Manuel Asensi,1999 J Hillis Miller s text deals mainly with Anthony Trollope s Ayala s angel and Marcel Proust s A la recherche du temps perdu
