Proverbs A New Approach:

Proverbs William McKane,1970 Secularism and Biblical Studies Roland Boer,2016-09-17 What is secular biblical criticism Secularism and Biblical Studies presents a selection of essays that examine the nature of secular biblical studies and its hermeneutical principles The essays outline and analyse debates within biblical studies over the issue of secularism and explore the interplay of atheism agnosticism and faith in the interpretation of the Bible The book argues for a hermeneutics of suspicion and a wider engagement with cultural literary and anthropological disciplines Examining biblical hermeneutics from a range of perspectives from Europe Israel and the USA Secularism and Biblical Studies offers a provocative and challenging approach that will be of interest to all students and scholars of the Bible *Passion, Persecution, and Epiphany in Early Jewish Literature* Nicholas Peter Legh Allen,Pierre J. Jordaán,József Zsengellér,2020-04-08 This volume examines Jewish literature produced from c 700 B C E to c 200 C E from a socio theological perspective In this context it offers a scholarly attempt to understand how the ancient Jewish psyche dealt with times of extreme turmoil and how Jewish theology altered to meet the challenges experienced The volume explores various early Jewish literature including both the canonical and apocryphal scripture Here reference is often made to a divine epiphany a moment of unexpected and prodigious revelation or insight as a response to abuse suffering and passion Many of the chapters deal with these issues in relation to the Antiochan crisis of 169 to 164 B C E in Judea one of the more notable periods of oppression This watershed event appears to have served as a catalyst for the new apocalyptic texts which were produced up until c 200 C E and which reflect a new theological dynamic in Judaism one that informed subsequent Christianity and Rabbinic Judaism *Passion Persecution and Epiphany in Early Jewish Literature* will be of interest to anyone working on the Bible both Masoretic and LXX and early Jewish literature as well as students of Jewish history and the Levant in the classical period **Secular, Sacred, More Sacred** Stuart Brooking,Paul Branch,Federico G. Villanueva,2021-10-06 The sacred secular divide continues to threaten the health of the global church disempowering lay Christians and undermining the call to integrate all aspects of life under the lordship of Christ Theological educators seeking a path out of this dichotomy will find themselves both challenged and encouraged by this collection of essays drawn from the 2018 ICETE conference in Panama City Within its four sections contributors explore biblical frameworks for integration urge seminaries to value identity formation as much as skill acquirement call for a robust theology of work and challenge theologians to consider their responsibility to the world beyond the church s borders Filled with thought provoking questions and practical suggestions this book is an excellent resource for all those pursuing a holistic approach to theological education The Understanding of Adultery in the Hebrew Bible Alexander Izuchukwu Abasili,2016-06-09 Adultery though not an umbrella concept for all the sexual prohibitions in the Hebrew Bible enjoys a certain pride of place Remarkably it is the one sexual prohibition attested in all biblical genres which makes it very representative in the Hebrew Bible It is the only Hebrew

biblical sexual prohibition explicitly mentioned in the Decalogue A solid understanding of Hebrew biblical adultery therefore is an important step towards grasping the vital role of human sexuality in the Hebrew Bible both in terms of inter human relationships and the relationship between the human and the divine Without prejudice to the contents of the Hebrew biblical lexicons and theological dictionaries this work aims at providing a comprehensive understanding of adultery in the Hebrew Bible its meaning punishments and the implications thereof Among others it corrects some wrong assumptions about the concept of adultery in the Hebrew Bible and provides a balanced and unbiased Hebrew biblical conception of adultery and the implications thereof for todays couples *The Maleness of Jesus* Neil H. Williams,2011-01-01 At the center of

Christianity is Jesus of Nazareth whose maleness is used by many to justify the subordination of women and to emphasize that men rather than women better represent Jesus This raises a number of questions that are the subject of this book What is the significance of Jesus maleness Does it reveal the character of God Is it foundational for the gospel Is Jesus maleness associated with an ongoing created order of male priority Our answers will affect Christianity s task of love justice and reconciliation in a world that is characterized by the global marginalization oppression and abuse of women *Biblical Principles of Leading and Managing Employees* Bruce E. Winston,2018-05-17 This book examines the scriptural concepts that apply to leading and managing people It begins with a chapter that contrasts leaders managers and administrators and the roles they each play The book then presents the seven virtues from the Beatitudes and how these virtues result in leaders and managers behaviors The book then reviews the 15 characteristics of what love is and what love is not from the 1 Corinthians 12 passage The book presents the four modalities of leaders as conveyed in the Ezekiel 1 and 10 chapters as well as Revelations 4 where Ezekiel and John describe the four faces of the winged beings The modalities are described in terms of contemporary leaders interacting with employees in the workplace A chapter follows based on the Parable of the Vineyard and how leaders should provide a minimum living wage The book then compares the wife in Proverbs 31 to a good leader manager in today s contemporary organization The book ends with an admonition from Ecclesiastes 3 1 about the need for leaders managers to step away and not meddle when the leader manager s role is finished Throughout the book composite case examples provide practical application of the concepts to contemporary organizations **Reward, Punishment, and**

Forgiveness Joze Krasovec,2014-09-03 This book deals with central and universal issues of reward punishment and forgiveness for the first time in a compact and comprehensive way Until now these themes have received far too little attention in scholarly research both in their own right and in their interrelationship The scope of this study is to present them in relation to the foundations of our culture These and related issues are treated primarily within the Hebrew Bible using the methods of literary analysis The centrality of these themes in all religions and all cultures has resulted however in a comparative investigation drawing attention to the problem of terminology the importance of Greek culture for the European tradition and the fusion of Greek and Jewish Christian cultures in our modern philosophical and theological systems This

broad perspective shows that the biblical personalist understanding of divine authority and of human righteousness or guilt provides the personalist key to the search for reconciliation in a divided world **Poor Banished Children of Eve** Gale A. Yee, Analyzes four biblical passages Genesis 2 3 Hosea 1 3 Ezekiel 23 and Proverbs 7 in which a woman is the source or symbol of sin *Sirach and Its Contexts* ,2021-01-25 In *Sirach and Its Contexts* an international cohort of experts on the book of Sirach locate this second century BCE Jewish wisdom text in its various contexts literary historical philosophical textual cultural and political First compiled by a Jewish sage around 185 BCE this instruction enjoyed a vibrant ongoing reception history through the middle ages up to the present resulting in a multiform textual tradition as it has been written rewritten transmitted and studied Sirach was not composed as a book in the modern sense but rather as an ongoing stream of tradition Heretofore studied largely in confessional settings as part of the Deuterocanonical literature this volume brings together essays that take a broadly humanistic approach in order to understand what an ancient wisdom text can teach us about the pursuit of wisdom and human flourishing
