Psychiatric Aspects Of Violence Vol 86 Issues In Prevention And Treatment

Christina E. Newhill

Psychiatric Aspects Of Violence Vol 86 Issues In Prevention And Treatment:

Client Violence in Social Work Practice Christina E. Newhill, 2004-01-28 Presenting practical strategies for violence assessment and prevention that are grounded in solid empirical research this book guides social work practitioners and students to provide state of the art treatment to aggressive clients while reducing violence risks Effective methods are described together with specific recommendations for approaching engaging and intervening with potentially violent clients in both office and field settings Skills development exercises case analyses and guidelines for developing and implementing an agency safety plan enhance the book's utility as a training text and professional resource

Criminal Conduct and Substance Abuse Treatment for Adolescents Harvey B. Milkman, Kenneth W. Wanberg, 2005 Adolescents are a particularly vulnerable patient population in the justice system Mental health providers can get specific tools for improving evaluation and treatment of at risk youth with this comprehensive and developmentally appropriate treatment program Using an adolescent focused format this protocol identifies psychological biological and social factors that contribute to the onset of adolescent deviance

Through a Trauma Lens Vivian Barnett Brown, 2017-10-10 Through a Trauma Lens aims to understand and highlight successful examples of health mental health substance abuse treatment and other service delivery systems that have implemented an integrated trauma informed service model This innovative volume draws on the author's first hand experience working alongside a number of local and state organizations as well as a nationwide survey of notable trauma informed models Structured around illustrative case studies chapters that correspond to stage of adoption and strategies for cultivating staff support this valuable new resource include examples and strategies to be applied in any treatment or service setting

Gabbard's Treatments of Psychiatric Disorders Glen O. Gabbard, 2007 A staple of psychiatric practice this edition reflects clinical expertise in an accessible volume It covers all major treatments in psychiatry linked to specific disorders with a pluralistic approach including all major treatment modalities Each chapter has been completely updated and is organized along the lines of DSM IV TR

Irritable Hearts Mac McClelland, 2015-02-24 An award winning journalist explores the pain of bearing witness A valuable portrait of what it is like to live with PTSD striking candor The New York Times Book Review Back in California after reporting on Haiti's devastating 2010 earthquake Mac McClelland can't stop reliving vivid scenes of horror She's plagued by waking terrors violent fantasies and crippling emotional breakdowns She can't sleep or stop crying It becomes clear that she's suffering from post traumatic stress disorder Her bewilderment about this sudden loss of control is magnified by the intensity of her feelings for Nico a French soldier she met in Port au Prince and with whom she connected instantly and deeply In this book the foreign correspondent tackles perhaps her most harrowing assignment to date investigating the damage in her own mind She probes the depths of her illness explores our culture's history with PTSD delves into the latest research and spends time with veterans and their families She learns that while we associate PTSD with wartime it is more often caused by other types of trauma and can even be contagious

Irritable

Hearts is a searing personal medical mystery that unfolds at a breakneck pace But it is also a love story as McClelland fights desperately to repair her heart so she can give it to the kind patient and compassionate man with whom she wants to share a life Ultimately it is a remarkable exploration of vulnerability and resilience Unforgettable Roxane Gay New York Times bestselling author of *Hunger* A deft emotionally engaged memoir As much as the love story at the heart of the book is a great romance it s also a very funny one McClelland is not the sort of person who needs to idealize either herself or the man who became her husband It s a grown up relationship story And as a bonus Irritable Hearts has a section on trauma and triggers that adds useful context to many of our present debates about discourse on the Internet The Washington Post McClelland pulls back a dark heavy curtain on the costs paid by those who travel to the far corners of the planet to gather difficult news on difficult subjects Writing like this takes courage perhaps as much or even more than reporting from a war ravaged land San Francisco Chronicle

The Medical Basis of Psychiatry S. Hossein Fatemi, Paula J. Clayton, 2008-05-15 Psychiatry has emerged as a burgeoning scientific field with major advances in etiology and treatment of several disorders Just as there was excitement in the anatomic advances that took place a hundred years ago when Emil Kraepelin and his collaborators took on the enormous task of classification of psychiatric disorders based on rational scientific thinking new advances in genetics biochemistry neuroanatomy and pharmacotherapy of mental disorders have brought us even closer to a better understanding of complex disorders like schizophrenia bipolar disorder depression and even autism The major goal of the previous edition of this classic book was to update the busy clinician psychiatric resident and medical student with the most up to date information on etiology diagnosis and treatment of psychiatric disorders This goal remains the focus of the third edition of this book In this updated and expanded edition the reader is provided with the most contemporary information and literature supported by a close survey of the field Several new chapters dealing with new concepts in biology and treatment of mental disorders have been added This new edition of this classic title with its focus on biologic and medical aspects of psychiatry will continue to be of significant help to all interested in the scientific practice of psychiatry *Journal of the American Medical Association* ,2001

Psychiatric Annals ,1994 International Handbook of Traumatic Stress Syndromes John P. Wilson, Beverley Raphael, 2013-06-29 Over 100 researchers from 16 countries contribute to the first comprehensive handbook on post traumatic stress disorder Eight major sections present information on assessment measurement and research protocols for trauma related to war veterans victims of torture children and the aged Clinicians and researchers will find it an indispensable reference touching on such disciplines and psychiatry psychology social work counseling sociology neurophysiology and political science
