Campion, 2023-05-01 What does it really mean to be psychic or deeply intuitive Best selling author and Reiki master Lisa Campion author of *The Art of Psychic Reiki* offers a comprehensive step by step guide to understanding developing and harnessing psychic ability In this practical guide readers will learn how to interpret dreams and omens work with spirit guides connect with ancestors and soulmates and experience a deeper more spiritual life *Managing Psychic Abilities* Mary Mueller Shutan, 2016-12-13 Approximately 20% of the population is sensitive or in some way psychic Being sensitive or

psychic can allow you to understand the world in a way that most people can't and to see beyond what others are able to. But for many of you, sensitivities are a burden causing overwhelm or even physical ailments. Most information about psychic abilities on the market is aspirational, meaning that all of the books out there focused on opening your third eye or becoming psychic are not meant for the highly sensitive person. You don't want to become more sensitive; you may in fact be holding on for dear life because you are overwhelmed, panicked, have issues with sleep, body pain, headaches, digestive issues, and constantly shifting emotions. Or you might be mildly sensitive but still need skills to manage going to work or want to know more about how to become more functional while still being sensitive in this world. Learn how psychic abilities and sensitivities develop where you are on the spectrum of these abilities and sensitivities and most importantly the basic and intermediate skills and techniques needed to be healthier, more functional, and to feel in control of your sensitivities and psychic abilities so that you can live in the world more joyfully again.
