A. Clines,1995-01-01      **Reading De Man Reading** Lindsay Waters,Wlad Godzich,1989-01-01      **Comparative Criticism: Volume 7, Boundaries of Literature** E. S. Shaffer,1986-04-17 Comparative Criticism is an annual journal of comparative literature and cultural studies that has gained an international reputation since its inception in 1979 It contains major articles on literary theory and criticism on a wide range of comparative topics and on interdisciplinary debates It includes translations of literary scholarly and critical works substantial reviews of important books in the field and bibliographies on specialist themes for the year on individual writers and on comparative literary studies in Britain and Ireland      Cultures of Memory in South Asia D. Venkat Rao,2014-05-02 Culture of Memory in South Asia reconfigures European representations of India as a paradigmatic extension of a classical reading which posits the relation between text and context in a determined way It explores the South Asian cultural response to European textual inheritances The main argument of this work is that the reflective and generative nodes of Indian cultural formations are located in the configurations of memory the body and idiom verbal and visual where the body or the body complex becomes the performative effect and medium of articulated memories This work advances its arguments by engaging with mnemocultures cultures of memory that survive and proliferate in speech and gesture Drawing on Sanskrit and Telugu reflective sources this work emphasizes the need to engage with cultural memory and the compositional modes of Indian reflective traditions This important and original work focuses on the ruptured and stigmatised resources of heterogeneous Indian traditions and calls for critical humanities that move beyond the colonially configured received traditions Cultures of Memory suggests the possibilities of transcultural critical humanities research and teaching initiatives from the Indian context in today s academy      **Writing Jude** Reese,2021-08-30 Writing Jude is a practical application of literary theory to the Epistle of Jude As such it explores the nature of language reading and interpretation This is the first such study to be undertaken with an Epistle Writing Jude contains a chapter on each of the elements that affect interpretation reader text and author In these broad categories the book examines various contemporary literary theories and their application to the Epistle of Jude The book provides a clear introduction to some of the most well known literary theories of the twentieth century and provides a demonstration of those theories in a particular text This study breaks new ground in the understanding of both the Epistle of Jude and the application of literary theory to Epistles in general      **The Thriller and Northern Ireland since 1969** Aaron Kelly,2017-03-02 For the past 30 years the so called Troubles thriller has been the dominant fictional mode for representing Northern Ireland leading to the charge that the crudity of this popular genre appropriately reflects the social degradation of the North Aaron Kelly challenges both these judgments showing that

the historical questions raised by setting a thriller in Northern Ireland disrupt the conventions of the crime novel and allow for a new understanding of both the genre and the country Two essays on crime fiction by Walter Benjamin and Bertold Brecht appear here for the first time in English translation By demonstrating the relevance of these theorists as well as other key European thinkers such as Antonio Gramsci Louis Althusser and Slavoj Žižek to his interdisciplinary study of Irish culture and the crime novel Kelly refutes the idea that Northern Ireland is a stagnate anomaly that has been bypassed by European history and remained impervious to cultural transformation On the contrary Kelly's examination of authors such as Jack Higgins Tom Clancy Gerald Seymour Colin Bateman and Eoin McNamee shows that profound historical change and complexity have characterized both Northern Ireland and the thriller form

**Reading the Left, Writing Politics** Thomas Vernon Reed, 1986

**Legislations** Geoffrey Bennington, 1994-05-17 Written by Jacques Derrida's leading English language translator and collaborator this invigorating and intelligent volume displays the continuing power and versatility of deconstruction presenting it as the most important intellectual movement of our time Geoffrey Bennington develops a devastating critique of many attempts to clarify or criticize deconstructive thought and elaborates its potential through original readings of amongst others Rousseau Kant Hegel Freud De Man and Lyotard While he is principally concerned with a defence of deconstruction in fields where it has long since demonstrated its critical prowess Bennington also emphasizes its political dimension Deconstruction is a political thinking he argues because it entails an irreducible opening to alterity if only in the form of reading and this opening where the other always might arrive as an event on the frontier of my experience is a place for legislation

Modern Selves Philip Dodd, 2005-08-05 This book discusses gender and autobiography and the politics of autobiography It offers examples of ways of making sense of individual works or groups of works

*Shakespeare's Fascist Followers* Richard Wilson, 2025-08-21 Richard Wilson's meticulously researched powerfully argued and brilliantly written account of Shakespeare's 20th century fascist followers is not just an important but a genuinely essential book Robert Shaughnessy Guildford School of Acting UK In this illuminating book Richard Wilson demonstrates how in the 20th century Shakespeare's plays and poems were persistently misread as documents which voiced the fascist sympathies of their author Wilson argues that the version of Shakespeare this caricature produced authoritarian jingoistic racially intolerant misogynistic was viewed with satisfaction by many of the leading figures of the century's cultural establishment in Britain and America while noting striking cases of the same bias in Germany and France Some of the names this book focuses on will surprise many of the right wing political views or leanings of the prominent figures discussed have been left unexplored or ignored from A K Chesterton who was both editor of the British Union of Fascists newspaper *Blackshirt* and former manager of press and publicity at the Shakespeare Memorial Theatre to celebrated Shakespeareans such as G Wilson Knight and writers artists and theatre practitioners including W B Yeats T S Eliot Edward Gordon Craig and Marshall McLuhan At a time when democracy is under threat populism is on the rise and far right views are increasingly

prominent in our political discourse Richard Wilson's book makes an especially vital contribution to Shakespeare scholarship

*Criticism and Objectivity* Raman Selden, 2023-07-14 First published in 1984 *Criticism and Objectivity* argues that literary critics should not abandon the concept of knowledge English literary criticism has long considered theory to be alien to the felt experience of readers and writers the Romantic attitude towards reason and feeling has continued to inhibit the conceptual development of criticism The similarities between the role of theory in science and in literary criticism imply the need for objectivity to be redefined rather than abandoned While accepting that tests are relatively open structures defying final interpretations Dr Selden argues that their plurality is as much the effect of historical conditions as of the nature of language or subjectivity He calls for an historical criticism capable of conducting the voices of the text without resorting to formalism or reducing the text to its background This book will be of interest to students of literary theory **Fifteen**

**Jugglers, Five Believers** T. V. Reed, 2023-09-01 T V Reed urges an affiliation between literary theory and political action and between political action and literary theory What can the new literary theory learn from new social movements and what can social activists learn from poststructuralism new historicism feminist theory and neomarxism In striking interpretations of texts in four different genres James Agee and Walker Evans's *Let Us Now Praise Famous Men* Ralph Ellison's *Invisible Man* Norman Mailer's *Armies of the Night* and the ecofeminist *Women's Pentagon Actions* of the early 1980s Reed shows how reading literary texts for their political strategies and reading political movements as texts can help us overcome certain rhetorical traps that have undermined American efforts to combat racism sexism and economic inequality This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1992
