

Reading Women's Lives

AN INTRODUCTION TO WOMEN'S STUDIES

Reading Womens Lives An Introduction To Womens Studies

, Lauri Umansky, Michele Plott

Reading Womens Lives An Introduction To Womens Studies:

Reading Women's Lives Pearson Custom Publishing, 1997-09-01 *Reading Women's Lives*, 1998 Lists the contents of Simon Schuster's database of available readings on women's studies and reprints ten of those readings. The materials were originally selected by the Dept of Women's Studies at the Ohio State University. *Reading Women's Lives* PCP Editorial Staff, Women's Studies Department Staff, 2000-07-18 *Reading Women's Lives* is an on demand database publishing program consisting of a wide variety of material on women's studies. The articles and readings included in this database were selected by the Department of Women's Studies at The Ohio State University. **Reading Women's Lives**, 1997-03-01 *Reading Women's Lives* Ohio State University. Department of Women's Studies, 1997 **Reading women's lives** Women's Studies Department Ohio State University, 1999 Includes essays and articles that examine women's roles in society. *Teaching Introduction to Women's Studies* Carolyn DiPalma, Barbara S. Winkler, 1999-10-30 This edited collection addresses the institutional context and social issues in which teaching the women's studies introductory course is embedded and provides readers with practical classroom strategies to meet the challenges raised. The collection serves as a resource and preparatory text for all teachers of the course including experienced teachers, less experienced teachers, new faculty and graduate student teaching assistants. The collection will also be of interest to educational scholars of feminist and progressive pedagogies and all teachers interested in innovative practices. The contributors discuss the larger political context in which the course has become a central representative of women's studies to a growing although less feminist identified population. Increased enrollments and changes in student population are noted as a result in part of the popularity of Introduction to Women's Studies courses in fulfilling GED and diversity requirements. New forms of student resistance in a climate of backlash and changes in course content in response to internal and external challenges are also discussed. Evidence is provided for an emerging paradigm in the conceptualization of the introductory course as a result of challenges to racism, heterosexism and classism in women's studies voiced by women of color and others in the 1980s and 1990s. Sensationalist charges that women's studies teachers including those who teach the Introduction to Women's Studies course are the academic shock troops of a monolithic feminism are challenged and refuted by the collection's contributors who share their struggles to make possible classrooms in which informed dialogue and disagreement are valued. **Reading Women's Lives**, 1999 **Making Sense of Women's Lives**, Lauri Umansky, Michele Plott, 2000-08-01 *Making Sense of Women's Lives* presents a wide range of writings about women's lives in the United States. Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection. Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits, the editors have also chosen writing that makes an enjoyable read. A few of the selections here represent the undisputed classics of the field. More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America. Making

Sense of Women's Lives is intended as the primary text in Women's Studies courses. With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author's perspectives. Thought and discussion questions follow each selection. The book contains as well numerous Flash Exercises suggestions for class exercises and activities. The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women's Studies. A Collegiate Press book.

Encyclopedia of Lesbian and Gay Histories and Cultures
George Haggerty, Bonnie Zimmerman, 2003-09-02
Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours. While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways. To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered. Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public.

Women's Studies Quarterly (96:3-4) Liza Fiol-Matta, Myrna Goldenberg, 1996-08
A focus on the state of women's studies in two year community colleges presenting the results of two curriculum transformation projects that took place at over twenty community colleges.

Reader's Guide to Women's Studies Eleanor Amico, 1998-03-20
The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies. Some 200 scholars have contributed to the project which adopts a multi-layered approach allowing for comprehensive treatment of its subject matter. Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors.

Reading Women's Lives Pearson Custom Publishing, 1997-12-01

Stardom and Celebrity Sean Redmond, Su Holmes, 2007-10-02
Acts as a concise introduction to the study of both contemporary and historical stardom and celebrity. Collecting together in one source companion an easily accessible range of readings surrounding stardom and celebrity culture this book is a worthwhile addition to any library.

Kerry Gough Birmingham City University
Absolutely wonderful. The inclusion of seminal works and more recent works makes this a very valuable read.

Beschara Karam University of South Africa
An engaging and often insightful book.

Media International Australia
This book brings together some of the seminal interventions which have structured the development of stardom and celebrity studies while crucially combining and situating these within the context of new essays which address the contemporary cross media and international landscape of today's fame culture.

From Max Weber Walter Benjamin and Roland Barthes to Catherine Lumby Chris Rojek and Graeme Turner
At the core of the collection is a desire to map out a unique historical trajectory both in terms of the development of fame as well as the historical development of the

field **Women's Studies** Linda Krikos, Cindy Ingold, 2004-08-30 This truly monumental work maps the literature of women's studies covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. This definitive guide to the literature of women's studies is a must purchase for academic libraries that support women's studies programs, and it is a useful addition to any academic or public library that endeavors to represent the field. A team of subject specialists has taken on the immense task of documenting publications in the area of women's studies in the last decades of the 20th century. The result is this truly monumental work which maps the field covering thousands of titles and Web sites in 19 subject areas published between 1985 and 1999. Intended as a reference and collection development tool, this bibliography provides a guide for women's studies information for each title along with a detailed often evaluative review. The annotations summarize each work's content, its importance or contribution to women's studies, and its relationship to other titles on the subject. Most reviews cite and describe similar and contrasting titles, substantially extending the coverage. Core titles and titles that are out of print are noted, and reviews indicate which titles are appropriate as texts or supplemental texts. Taking up where the previous volume by Loeb Searing and Stineman left off, this is the definitive guide to the literature of women's studies. It is a must purchase for academic libraries that support women's studies programs and a welcome addition to any academic or public library that endeavors to represent the field.

Women's Studies Stevi Jackson, 1993-05 A comprehensive selection of over 140 writings on women's studies representing a diverse set of current feminist thinkers. *Women's Studies Essential Readings* provides a wide range of readers with an entirely comprehensive selection of over 140 readings on women's studies representing the entire diversity of current feminist thinking. The book is divided into fourteen sections that reflect primary topics within women's studies covering theory and perspectives including feminist social theory, psychological and psychoanalytic theory, cross-cultural perspectives, and historical perspectives, as well as themes such as education and work, marriage and motherhood, sexuality, the law, crime and deviance, politics, and the state, science, medicine, and reproductive technology, language, and gender. Feminist literary criticism and the media. Features: Introductions to each section provide an overview of the main issues and debates. Commentaries on each extract locate the work of individual authors within wider debates and identify the perspective from which they are writing. Each section contains a guide to further reading.

University of Michigan Official Publication University of Michigan, 1993 Each number is the catalogue of a specific school or college of the University. **Introducing Gender and Women's Studies** Diane Richardson, Victoria Robinson, 2020-04-22 At a time where, after decades of progress in gender and sexual rights, people in many parts of the

world are facing new forms of resistance and opposition to gender equality this timely publication confirms the continuing importance and relevance of gender and women's studies The fifth edition of this best selling textbook provides a comprehensive overview of key issues and debates in gender and feminist theory With fully revised chapters written by specialists across a range of core topics including sexuality race bodies family masculinity methodologies and migration this clearly written but rigorous collection examines contemporary debates and provides helpful examples and questions to consider Furthermore it continues to reflect the shift from women's studies to gender studies incorporating coverage of masculinity throughout as well as discussing live debates such as around global activism transgender rights and the environment It continues to be an indispensable resource for students academics and anyone interested in this lively field

New to this Edition A new chapter on gender and migration Expanded discussion of transgender rights as well as masculinity studies Brings seven new contributors to the collection with newly authored chapters on Gender and Environment Gender and Education Gender and Sexuality and Gender and Race Fully revised and updated with new material and new case examples Greater attention to intersectional approaches and international reach

Selected Syllabi for Women's Studies Courses Wendy K. Kolmar, Patricia Vogt, 1995 *Critical Qualitative Inquiry* Gaile S Cannella, Michelle Salazar Pérez, Penny A Pasque, 2016-07-01

Critical approaches to qualitative research have made a significant impact on research practice over the past decade This comprehensive volume of contemporary original articles places this trend in its historical context describes the current landscape of critical work and considers the future of this turn The book includes contributions from some of the leading qualitative researchers on three continents consists of big picture articles that describe the dimensions of this research tradition situates critical qualitative inquiry in the overall development and landscape of qualitative research
