Reading The Bible With The Damned:

Reading the Bible with the Damned Bob Ekblad, 2005-09-19 Exploring the challenges that both the church and the unchurched have faced regarding giving and receiving the word of God Bob Ekblad encourages us all to learn to read the Bible together as a whole In this compelling book he reflects on how Christians have often found it difficult to proclaim God's good news to every realm of society while those who have needed it most have frequently deemed themselves unworthy due to social circumstances or sinfulness In *Reading the Bible with the Damned* Ekblad offers concrete advice on how to bridge this gap through a variety of insights ultimately leading to spiritual transformation This book is full of examples of how Scripture changes lives for those who attend Bible studies and for those who lead them offering practical suggestions on many passages from the Old and New Testaments

Reading the Bible After Christendom Lloyd Pieterse, 2011-04-01 Pieterse argues that for too long the Old Testament has been the primary source for Christian ethics and the letters of Paul for Christian discipleship Without disparaging these sources the author suggests that the church in a postmodern post-Christian society needs to look at Scripture with a different focus This book seeks to examine what reading the Bible might look like in the current period when the church is no longer central and the Christian story is not well known This is a provocative and refreshing exploration of the possibilities inherent in reading Scripture from the margins rather than from within the compromised and rapidly receding structures of Christendom A worthy addition to the challenging *After Christendom* series Lloyd Pieterse's thoughtful work moves the discussion forward in ways that are at times controversial at other times stretching but at all times constructive Highly recommended Brian Harris Principal Vose Seminary Perth Australia

Reading the Bible across Contexts Esa J. Autero, 2016-06-10 In *Reading the Bible Across Contexts* Esa Autero offers a fresh perspective on Luke's poverty texts In addition to an historical reading he conducted an empirical investigation of two Latin American Bible reading groups one poor and the other affluent to shed light on Luke's poverty texts The interaction between historical reading and present day readings demonstrates the impact of socio economic status on biblical hermeneutics and sheds new light on Luke's views on wealth and poverty At the same time Esa Autero critically examines liberation theologians' claim that poor are privileged biblical interpreters

Reading the Parables Richard Lischer, 2014-01-01 Parables make up one third of Jesus' speech in the New Testament In this volume Richard Lischer provides an expert guide to these parables and proposes an important distinction between reading and interpreting the parables Emphasizing the importance of reading the parables versus interpreting them Lischer asserts that reading offers a kind of breathing space to explore historical literary theological and socio political dimensions of the parables and their various meanings whereas interpreting implies an expert and critical position that must be defended In this volume Lischer lays out four theories for reading parables 1 parables obscure truth 2 parables teach many truths 3 parables teach one truth and 4 parables undermine the truth Ultimately he concludes that biblical parables undermine dominant myths called the

truth to shine light on the Truth that is Jesus God's presence with us Reading the Bible in the 21st Century Roy Hanu Hart,2018-12-21 Reading the Bible in the 21st Century RTB is meant for readers who are prepared to read the Bible with 21st century acuity In order to understand Abraham Moses Jonah Jesus and the many other familiar biblical figures you have to be able to place yourself in their time and know where they are that is where the action is taking place This is what RTB addresses In addition the characters encountered in the Bible do not do their thinking the way we do strange as that may seem RTB explains the archaic mind as modern psychologists such as Julian Jaynes have come to understand it Reading the Bible with Richard Hooker Daniel Eppley,2016-03-01 Many of the divisions facing Christians today include disagreements over the interpretation of Scripture These disagreements arise not only regarding the meaning of particular biblical passages but also involve different approaches to determining how the meaning of Scripture is discerned Such disagreement over the interpretation of Scripture is nothing new Insights available from past efforts to resolve disputes over interpretation can be a valuable resource for modern efforts to facilitate intra Christian dialogue This study elucidates the biblical hermeneutic championed by Richard Hooker a formative figure of the Anglican tradition to recommend it as a resource for modern Christians In his approach to interpreting scripture Hooker recognizes the importance of both rational reflection and inspired insight while also treading a middle path that balances the respect due to interpretive authorities against the responsibilities of the individual conscience These and other elements of Hooker's hermeneutic make it a valuable resource for those who seek to promote dialogue and reconciliation in a divided church *The Bible Reading of Young Evangelicals* Ruth H. Perrin,2016-10-04 Young evangelicals in Britain often find themselves at odds with an increasingly secular society and yet the tradition persists and in some places flourishes Sociological studies into the faith of this demographic group are rare yet there is much to be explored as to how their faith functions and how it compares to other groups globally Similarly given the privilege evangelicals afford the biblical text how young believers engage with the ancient Scriptures they understand to be the word of God is particularly significant This work addresses that core question How do young evangelicals make sense of the Bible today Based on qualitative data gathered from three diverse evangelical churches it compares the reading priorities ordinary hermeneutics and theological concerns of young adults Presenting age related focus groups with challenging biblical narratives the study compares strategies for negotiating the texts based on age gender and churchmanship It provides a unique insight into the realities of Bible reading and the faith of Generation Y and gives food for thought not only to those with scholarly interests but also those with a pastoral concern to shape and sustain the Christian faith of young adults in Britain and beyond **Hearing the Old Testament** Craig G. Pilgrim's Process David R. Peel, 2021-08-31 This book traces the intellectual journey of a Christian minister and theologian Starting with his discovery of God through a love of the natural world David Peel's encounter with thinkers from his Reformed tradition and extensive ecumenical involvement takes him to a revisionary theology which meets his attempt to integrate a scientific background with the Christian faith Essays written during his career illustrate the path he has taken The topics covered include theological method the centrality of theology for the church's life and work a sacramental view of ministry the missional church biblical authority nonconformity's gifts to the contemporary church and theological education Peel's theological approach is as critical of inadequate theologies inherited from the past as it is determined to construct a Christian narrative which satisfies twin requirements first being congruent with the Jesus tradition and secondly convincing the minds reaching the hearts and driving the commitments of contemporary people Both ministers and church members are challenged to view their own theological journeys as God given vocations

Theatrical Theology Wesley Vander Lugt, Trevor Hart, 2014-07-31 Theology is inherently theatrical rooted in God's performance on the world stage and oriented toward faith seeking

performative understanding in the theatre of everyday life Following Hans Urs von Balthasar's magisterial five volume *Theo Drama* a growing number of theologians and pastors have been engaging more widely with theatre and drama producing what has been recognized as a theatrical turn in theology This volume includes thirteen essays from theologians and pastors who have contributed in distinct ways to this theatrical turn and who desire to deepen interdisciplinary dialogue between theology and theatre The result is an unprecedented collection of essays that embodies and advances theatrical theology for the purpose of enriching theological reflection and edifying the church

The Early Christian Community Douglas A. Hume, 2011 Douglas A Hume offers a narrative ethical reading of the passages depicting the early Christian community in Acts 2:41-47 and 4:32-35 He begins with a methodological exploration of how contemporary scholars may examine the impact of biblical narratives upon reader's moral imaginations Given the presence of friendship language in Acts the work subsequently launches into an examination of this idiom in Greco-Roman philosophical and literary works by Aristotle Plutarch Diogenes Laertius and Iamblichus The author then proceeds to an exegetical examination of how friendship language is employed by Luke in the narrative summaries of Acts This ethical reading of the Acts 2:41-47 and 4:32-35 incorporates multiple features of narrative criticism and asks such wide-ranging questions as the use of emotion point of view and characterization to shape the reading audience's perception of God the early Christian community and other characters within the story of Luke Acts This study has implications for biblical studies practical theology and contemporary understandings of ecclesiology

Democratizing Biblical Studies Elisabeth Schüssler Fiorenza, 2009-01-01 Schüssler Fiorenza addresses such questions as What are the educational practices and procedures that are advocated by traditional educational models and how can they be changed What kinds of educational and communicative practices do biblical studies need to develop in order to fashion an emancipatory democratizing rhetorical space and a forum of many voices To envision articulate debate and practice a radical democratic ethos of biblical studies she identifies emerging didactic models that can foster such a radical democratic style of learning

The New Conspirators Tom Sine, 2009-10-25 If you have faith as small as a mustard seed Jesus says in the Gospel of Matthew nothing will be impossible for you That sounds good but does it work in a world where seeds are genetically altered by an impatient few and hard to come by for countless others In a world where the gulf between the very rich and the profoundly poor is constantly growing can a mustard seed faith make any difference And can such a little bit of faith be sustained in a world whose future is so uncertain on so many fronts Tom Sine says yes and he has the audacity to try to prove it in his latest book In *The New Conspirators* Tom surveys the landscape of creative Christianity where streams of renewal are flowing freely from diverse sources The emerging church Contemporary monastic movements The missional church The mosaic movement Individuals and communities of faith are coalescing in and drawing energy from these four streams to retrofit the church as it leads serves and gives witness to the kingdom of God in the turbulent times facing us Read the book and you'll want to and be prepared to join God's conspiracy to create a better

Theologians on Scripture Angus Paddison, 2016-11-03 The movement that is known as theological interpretation of Scripture reminds us that the reading and exegesis of Scripture is an indispensable part of the theologian's work not to be reserved to biblical scholars alone This insight that the reading of Scripture is a theological responsibility is always at risk of being eclipsed by the modern disciplinary divisions between biblical studies historical theology and systematic theology Intended as a contribution to the theological re engagement with Scripture this book invites a range of high profile systematic and constructive theologians to reflect on the role that the reading and interpretation of Scripture plays in their theological work both professionally and more personally Spanning a cross section of theological perspectives contributors reflect on the role of tradition in their reading of Scripture the company they view as indispensable in their engagement with the text the place of historical critical study and biblical studies and the significance of their context The book will be valued by all those who care for the place of Scripture in theology and the life of the church as well as those who want an insight into the state of contemporary theology

The Bible, Justice, and Public Theology David J. Neville, 2014-10-09 Public theology is a developing field of discourse concerned to address matters of pressing public concern in theological perspective for the common good Themes of ecology poverty human rights and especially justice feature prominently in its discourse Although justice is also a prominent theme in the Bible there is no single perspective on what constitutes justice in the Bible and no single view on how biblical perspectives on justice should contribute to contemporary discussion regarding the meaning and implementation of justice Informed and inspired by Christopher Marshall's landmark work on *Compassionate Justice* Cascade Books 2012 in dialogue with Jesus parables of the Good Samaritan and the Prodigal Son this collection of studies addresses various interrelations between the Bible justice and public theology Marshall himself proposes that certain parables of Jesus are paradigmatic for public theology and some contributors respond to different dimensions of his treatment of the parables of the Good Samaritan and the Prodigal Son in terms of restorative justice Other contributors by contrast examine broader related concerns such as justice in biblical theological and philosophical perspective the hermeneutics of engagement for justice the relation between feminist theology and restorative justice biblical resources for public theology and popular culture as both a conversation partner with and a medium for public theology
