

READINGS IN CLASSICAL CHINESE PHILOSOPHY

THIRD EDITION

Edited by
Philip J. Ivanhoe & Bryan W. Van Norden

Readings In Classical Chinese

Kai Vogelsang

Readings In Classical Chinese:

Readings in Classical Chinese Philosophy Bryan W. Van Norden, Philip J. Ivanhoe, 2023-04-28 The third edition of Ivanhoe and Van Norden's acclaimed anthology builds on the strengths of previous editions with the addition of new selections for each chapter: selections from Shen Dao, a new translation of the writings of Han Feizi, selections from two texts highly influential in later Chinese philosophy, the Great Learning and Mean, and a complete translation of the recently discovered text Nature Comes from the Mandate. Each section of this volume begins with a brief Introduction and concludes with a lightly annotated Selective Bibliography. Also included are four appendices: Important Figures, Important Periods, Important Texts, and Important Terms. Additional materials including study questions for selected chapters will be available on the Title Support Page for this volume on the Hackett Publishing Company website www.hackettpublishing.com/rccp. Support in spring 2023.

Readings in Classical Chinese Philosophy Philip J. Ivanhoe, Bryan W. Van Norden, 2005-12-01 This new edition offers expanded selections from the works of Kongzi, Confucius, Mengzi, Mencius, Zhuangzi, Chuang Tzu, and Xunzi, Hsun Tzu, two new works, the dialogues Robber Zhi and White Horse, a concise general introduction, brief introductions to, and selective bibliographies for each work, and four appendices that shed light on important figures, periods, texts, and terms in Chinese thought.

Readings in Classical Chinese Poetry and Prose Naiying Yuan, Hai-tao Tang, James Geiss, 2005-12-04 This supplemental volume continues the rigorous standard set forth in the main three-volume Classical Chinese: A Basic Reader while reinforcing its linguistic lessons from carefully chosen representative works. Comprised of three parts: Poetry, Lyrics, and Prose, it presents texts chronologically that represent the artistic embodiment of China's Confucian and Taoist thought. Two introductions separately describe the structural and formal features of regulated verse and parallel prose; each genre is unique to Chinese literature yet both share common characteristics tempered by the Chinese language. The main text and its four supplementary volumes together represent the most comprehensive and authoritative textbook on the language, literature, philosophy, history, and religion of premodern China. Field tested and fine-tuned for years in classroom settings by three members of the Chinese Linguistics Project at Princeton University, it is the definitive new resource for students and instructors of classical Chinese language or culture. 詹姆斯·盖斯, 1992

Readings in Classical Chinese Poetry and Prose, 1995

Readings in Classical Chinese Poetry and Prose, 2006

Classical Chinese for Everyone Bryan W. Van Norden, 2019-10-15 In just thirteen brief, accessible chapters, this engaging little book takes absolute beginners from the most basic questions about the language (e.g., what does a classical Chinese character look like?) to reading and understanding selections from classical Chinese philosophical texts and Tang dynasty poetry. An outstanding introduction to reading classical Chinese, Van Norden does a wonderful job of clearly explaining the basics of classical Chinese, and he carefully takes the reader through beautifully chosen examples from the textual tradition. An invaluable work. Michael Puett, Harvard University

Everyday Chinese Qin Zhong, 1987 SUMMARY: Readings from a variety of articles from Chinese

historical records and classical literature including myths essays poems and fairy tales Text includes a brief introduction to Chinese grammar conversion table of Chinese Phonetic Alphabet International Phonetic Alphabet and Wade Giles System
