Davis, 1976 **Logistics Management** Warren Rose, 1979 Subject Catalog, 1981 Library of Congress, 1981 The Cumulative Book Index, 1909 A world list of books in the English language National Union Catalog, 1982 Business Information Sources Lorna M. Daniells, 1976-01-01 Annotated bibliography and guide to sources of information on business and management includes material relating to accounting taxation computers and management information systems insurance real estate business marketing personnel management labour relations etc The Routledge Handbook of Mobilities Peter Adey, David Bissell, Kevin Hannam, Peter Merriman, Mimi Sheller, 2014-01-10 The 21st century seems to be on the move perhaps even more so than the last With cheap travel and more than two billion cars projected worldwide for 2030 And yet all this mobility is happening incredibly unevenly at different paces and intensities with varying impacts and consequences to the extent that life on the move might be actually quite difficult to sustain environmentally socially and ethically As a result mobility has become a keyword of the social sciences delineating a new domain of concepts approaches methodologies and techniques which seek to understand the character and quality of these trends This Handbook explores and critically evaluates the debates approaches controversies and methodologies inherent to this rapidly expanding discipline It brings together leading specialists from range of backgrounds and geographical regions to provide an authoritative and comprehensive overview of this field conveying cutting edge research in an accessible way whilst giving detailed grounding in the evolution of past debates on mobilities It illustrates disciplinary trends and pathways from migration studies and transport history to communications research featuring methodological innovations and developments and conceptual histories from feminist theory to tourist studies It explores the dominant figures of mobility from children to soldiers and the mobility impaired the disparate materialities of mobility such as flows of water and waste to the vectors of viruses key infrastructures such as logistics systems to the informal services of megacity slums and the important mobility events around which our world turns from going on vacation to the commute to the catastrophic disruption of mobility systems The text is forward thinking

projecting the future of mobilities as they might be lived transformed and studied and possibly brought to an end  
International in focus the book transcends disciplinary and national boundaries to explore mobilities as they are understood  
from different perspectives different fields countries and standpoints This is an invaluable resource for all those with an  
interest in mobility across disciplinary boundaries and areas of study     **Logistics Strategy** Roy D. Shapiro,James L.
