Readings On A Farewell To Arms:

Readings on A Farewell to Arms Gary Wiener, 2000 In one of Hemingway s best known works the tragedy and destruction of World War I is described through the experiences of an American lieutenant in the Italian ambulance service Chapters include discussions of the historical and literary background A Farewell to Arms Robert William Lewis, 1992 Ernest Hemingway's artistic powers are generally recognized to have been at their highest in A Farewell to Arms 1929 which has entered the canon of modern literature as one of its masterpieces Combining austere realism and poetic language to present a powerful argument against war the novel detailing the tragic affair during World War I between an American lieutenant and a Scottish nurse tells a touching love story at the same time Long after its publication A Farewell to Arms continues to be an important work because of the questions it asks about the human condition What is it like to be adrift to live with uncertain personal values in a world of shifting values to be unsure of the differences between good and bad and what should be desired and what actually is desired In short how does one learn to live Hemingway s disillusionment and technical virtuosity particularly in works like A Farewell to Arms and The Sun Also Rises influenced a whole generation of writers Robert Lewis s exceptionally comprehensive and clear study of A Farewell to Arms is new both in its particular readings and its various emphases Building upon previous Hemingway scholarship it concentrates on character and theme rather than plot and style Structural and stylistic concerns are discussed in the first part of the book but with reference to their place in the creation of character and elaboration of certain themes In the remainder of this study Lewis explores a number of thematic clusters and oppositions in the novel life and love as a game sanity versus insanity and appearance versus essence Finally Lewis argues that A Farewell to Arms is at heart a novel about language This wellwritten study should provide students and other readers with a thorough reading of A Farewell to Arms while also contributing to Hemingway scholarship in general Hemingway's Italy Rena Sanderson, 2006-03 In 1918 a one month stint with the American Red Cross ambulance corps at the Italian front marked the beginning of Ernest Hemingway's fascination with Italy a place second only to Upper Michigan in stimulating his lifelong passion for geography and local expertise Hemingway's Italy offers a thorough reassessment of Italy s importance in the author s life and work during World War I and the 1920s when he emerged as a promising young writer and during his maturity in the late 1940s and early 1950s This collection of eighteen essays presents a broad view of Hemingway's personal and literary response to Italy The contributors some of the most distinguished Hemingway scholars incorporate new biographical and historical information as well as critical approaches ranging from formalist and structuralist theory to cultural and interdisciplinary explorations Included are discussions of Italy s psychological functioning in Hemingway s life the author s correspondence with his father during the writing of A Farewell to Arms his stylistic experimentation and characterization in that novel his juxtaposition of the themes of love and war and his take on Fascism in both his fiction and journalistic work In addition the essayists explore relevant contexts of period and

place such as the rise of Fascism ethnic attitudes and the cultural currents between Italy and the United States A landmark study Hemingway s Italy brings long overdue attention to this great writer s international role as cultural ambassador Contributors Rena Sanderson Nancy R Comley Kim Moreland Steven Florczyk Kirk Curnutt Lawrence H Martin John Robert Bittner Jeffrey A Schwarz J Gerald Kennedy H R Stoneback Beverly Taylor Ellen Andrews Knodt Linda Wagner Martin Robert E Fleming Miriam B Mandel Joseph M Flora Margaret O Shaughnessey Stephen L Tanner Vita Fortunati Trauma, Madness, and the Body S. Anderson, 2012-09-14 In Readings of Trauma Madness and the Body Anderson explores how Modernist fiction narratives by Hemingway the Fitzgeralds and H D represent trauma specifically addressing the conflict between speaking about and repressing traumatic memories while also considering how authors understandings of gender influence their depictions The Cambridge Companion to Hemingway Scott Donaldson, 1996-01-26 A comprehensive introduction to Hemingway and his works World War I Eugene Edward Beiriger, 2018-11-26 Focusing on the war on the Western and Southern fronts and inclusive of material from all sides of the conflict this book explores the novels and poems of significant soldier writers alongside important contemporary historical documents. The literary works of the First World War are one of the richest sources we have for understanding one of the twentieth century s most significant conflicts Not only do many of them have historical merit but some were critically acclaimed by both contemporaries and subsequent scholars For example Henri Barbusse's Under Fire one of the earliest novels of the war won accolades in France and the respect of war poets Siegfried Sassoon and Wilfred Owen as well as novelists Erich Maria Remarque and Ernest Hemingway This book examines these works and those of war poets Rupert Brooke and John McCrae and others providing context as well as opportunities to explore thematic elements with primary source documents such as diaries letters memoirs newspaper and journal articles speeches and government publications It is unique in its use of literary and historical sources as mediums by which to both better understand the literature of the war and use literature to better understand the war itself Latest Readings Clive James, 2015-08-25 A collection of Clive James s essays on a variety of literary topics This is sanity humor and acuity in the face of death The Wall Street Journal In 2010 Clive James was diagnosed with terminal leukemia Deciding that if you don't know the exact moment when the lights will go out you might as well read until they do James moved his library to his Cambridge house where he would live read and perhaps even write James is the award winning author of dozens of works of literary criticism poetry and history and this volume contains his reflections on what may well be his last reading list A look at some of James s old favorites as well as some of his recent discoveries this book also offers a revealing look at the author himself sharing his evocative musings on literature and family and on living and dying As thoughtful and erudite as the works of Alberto Manguel and as moving and inspiring as Randy Pausch's The Last Lecture and Will Schwalbe s The End of Your Life Book Club this valediction to James s lifelong engagement with the written word is a captivating valentine from one of the great literary minds of our time These essays and poems are death haunted

but radiant with the felt experience of what it means to be alive even when mortally sick especially when mortally sick Financial Times Latest Readings is a plain demonstration that Mr James remains as learned and as funny as any critic on earth The New York Times Women in Literature Jerilyn Fisher, Ellen Silber, 2003-06-30 With the literary canon consisting mostly of works created by and about men the central perspective is decidedly male. This unique reference offers alternate approaches to reading traditional literature as well as suggestions for expanding the canon to include more gender sensitive works Covering 96 of the most frequently taught works of fiction essays offer teachers librarians and students fresh insights into the female perspective in literature The list of titles created in consultation with educators includes classic works by male authors like Dickens Faulkner and Twain balanced with works by female authors such as Kate Chopin's The Awakening and Mary Shelley s Frankenstein Also included are contemporary works by writers such as Alice Walker and Margaret Atwood that are being incorporated into the curriculum as well as those advancing a more global view such as Sandra Cisneros House on Mango Street and Chinua Achebe s Things Fall Apart The essays are expertly written in an accessible language that will help students gain greater awareness of gender related themes Suggestions for classroom discussions with selected works for further study are incorporated into the entries The volume is organized alphabetically by title and includes both author and subject indexes An appendix of gender related themes further enhances this volume s usefulness for curriculum applications and student research projects Sermons on the First Readings: Cycle C Steven E.
