as a man of ideas Becoming Ronald Reagan Robert Mann,2019-10 In the 1960s transitioning from acting to politics was rare Ronald Reagan was not the first to do it but he was the first to jump from the screen to the stump and on to credibility as a presidential contender Reagan s transformation from struggling liberal actor to influential conservative spokesman in five years and then to the California governorship six years later is a remarkable and compelling story In Becoming Ronald Reagan Robert Mann explores Reagan s early life and his career during the 1950s and early 1960s his growing desire for acclaim in high school and college his political awakening as a young Hollywood actor his ideological evolution in the 1950s as he traveled the country for General Electric the refining of his political skills during this period his growing aversion to big government and his disdain for the totalitarian leaders in the Soviet Union and elsewhere All these experiences and more shaped Reagan s politics and influenced his career as an elected official Mann not only demonstrates how Reagan the actor became Reagan the political leader and how the liberal became a conservative he also shows how the skills Reagan learned and the lessons he absorbed from 1954 to 1964 made him the inspiring leader so many Americans remember and revere to this day Becoming Ronald Reagan is an indelible portrait of a true American icon and a politician like none other *At Reagan's Side* Stephen F. Knott,Jeffrey L. Chidester,2009 In *At Reagan s Side* Reagan scholars Jeff Chidester and Stephen Knott compile excerpts from interviews of top Reagan officials Through the Miller Center s Ronald Reagan Oral History Project Chidester and Knott show readers the life of the Great Communicator through the eyes of both famous and lesser known administration insiders like James Baker Edwin Meese Peter Hannaford Caspar Weinberger and Joanne Drake *At Reagan s Side* offers unique behind the scenes glimpses into the candidacy and election of Ronald Reagan chronicling his run for and subsequent election to public office as Governor of California and later as President of the United States Reagan and the World Bradley Lynn Coleman,Kyle Longley,2017-06-23 Throughout his presidency Ronald Reagan sought peace through strength during an era of historic change In the decades since pundits and scholars have argued over the president s legacy some consider Reagan a charismatic and consummate leader who renewed American strength and defeated communism To others he was an ambitious and dangerous warmonger whose presidency was plagued with mismanagement misconduct and foreign policy failures The recent declassification of Reagan administration records and the availability of new Soviet documents has created an opportunity for more nuanced complex and compelling analyses of this pivotal period in international affairs In Reagan and the World leading scholars and national security professionals offer fresh interpretations of the fortieth president s influence on American foreign policy This collection addresses Reagan s management of the US national security establishment as well as the influence of Secretary of Defense Caspar Weinberger and others in the administration and Congress The contributors present in depth explorations of US Soviet relations and American policy toward Asia Latin America Europe and the Middle East This balanced and sophisticated examination reveals the complexity of Reagan s foreign policy clarifies the importance of other international actors of the period and provides

new perspectives on the final decade of the Cold War **Prologue** ,2004 **The Essential Ronald Reagan** Lee Edwards,2005 The Essential Ronald Reagan covers the former president s birth and childhood in Illinois through his years in Hollywood It delves into his growing involvement in politics culminating in his election as governor of California his two terms as president *Getting Right with Reagan* Marcus M. Witcher,2019-11-29 Republicans today often ask What would Reagan do The short answer probably not what they think Hero of modern day conservatives Ronald Reagan was not even conservative enough for some of his most ardent supporters in his own time and today his practical often bipartisan approach to politics and policy would likely be deemed apostasy To try to get a clearer picture of what the real Reagan legacy is in this book Marcus M Witcher details conservatives frequently tense relationship with Ronald Reagan in the 1980s and explores how they created the latter day Reagan myth Witcher reminds us that during Reagan s time in office conservative critics complained that he had failed to bring about the promised Reagan Revolution and in 1988 many Republican hopefuls ran well to the right of his policies Notable among the dissonant acts of his administration Reagan raised taxes when necessary passed comprehensive immigration reform signed a bill that saved Social Security and worked with adversaries at home and abroad to govern effectively Even his signature accomplishment invoked by Mr Gorbachev tear down this wall was highly unpopular with the Conservative Caucus as evidenced in their newspaper ads comparing the president to Neville Chamberlain Appeasement is as Unwise in 1988 as in 1938 Reagan s presidential library and museum positioned him above partisan politics emphasizing his administration s role in bringing about economic recovery and negotiating an end to the Cold War How this legacy as Reagan himself envisioned it became the more grandiose version fashioned by Republicans after the 1980s tells us much about the late twentieth century transformation of the GOP and as Witcher s work so deftly shows the conservative movement as we know it now *For the Soul of Mankind* Melvyn P. Leffler,2007-09-18 What caused the Cold War in the first place and why did it last as long as it did Melvyn P Leffler homes in on four crucial episodes when American and Soviet leaders considered modulating avoiding or ending hostilities and asks why they failed *Author in Chief* Michael B. Costanzo,2019-04-29 With the publication of his Personal Memoirs in 1885 Ulysses S Grant established what is today known as the presidential memoir Every U S president since Benjamin Harrison has written one and many have turned to other forms of writing as well This book covers the history of works including autobiographies diaries political manifestos speeches fiction and poetry authored by U S presidents and published prior to during or after their terms The writing was easy for some harder for others with varying success from literary comebacks and bestsellers to false starts and failures **Ronald Reagan's Journey** Edward Yager,2006-05-08 In this new work Edward Yager examines Ronald Reagan s political development from New Deal liberal to conservative Republican Yager assesses the influences that provoked Reagan s transformation beginning with the core values that he acquired during his youth and their relationship to his later political development Throughout his lifetime Reagan s family and friends played a significant role in debating political ideas and

advancing Republican arguments Ronald Reagan's Journey focuses on these important relationships as well as the intellectual influences on Reagan's politics during the 1950s In tracing Reagan's political development Yager argues that Reagan's presidency cannot be fully understood and evaluated without significant attribution to the spiritual political and economic beliefs that he formed during his journey from Democrat to Republican **The Faith of Ronald Reagan** Mary Beth Brown,2011-01-17 The New York Times bestselling author's biography reveals that President Reagan's greatest virtue wasn't allegiance to country but allegiance to God With warmth and insight Reagan biographer Mary Beth Brown delves into the spiritual journey of America's fortieth president and offers profound stories of the provisions God made in his life from his early success as an actor to his historic presidential victory and from surviving an assassination attempt to eventually changing the face of politics and the world Drawing on Ronald Reagan's own words and writings as well as firsthand interviews with his family friends and co workers Brown weaves a magnificent story that inspires as it informs Reagan's strong devotion to God will encourage believers to enter public service allowing their faith to motivate their actions and will draw focus to Christ's matchless sacrifice which was forever near and dear to President Reagan's heart **Hard Line** Colin Dueck,2010-09-05 Conservatives and liberals alike are currently debating the probable future of the Republican Party What direction will conservatives and republicans take on foreign policy in the age of Obama This book tackles this question

into presidential biography From volumes lost to history Calvin Coolidge s Autobiography which was one of the most widely discussed titles of 1929 to ones we know and love Barack Obama s Dreams from My Father which was very nearly never published Fehrman unearths countless insights about the presidents through their literary works Presidential books have made an enormous impact on American history catapulting their authors to the national stage and even turning key elections Beginning with Thomas Jefferson s Notes on the State of Virginia the first presidential book to influence a campaign and John Adams s Autobiography the first score settling presiden tial memoir Author in Chief draws on newly uncovered information including never before published letters from Andrew Jackson John F Kennedy and Ronald Reagan to cast fresh light on the private drives and self doubts that fueled our nation s leaders We see Teddy Roosevelt as a vulnerable first time author struggling to write the book that would become a classic of American history We see Reagan painstakingly revising Where s the Rest of Me a forgotten memoir in which he sharpened his sunny political image We see Donald Trump negotiating the deal for The Art of the Deal the volume that made him synonymous with business savvy Alongside each of these authors we also glimpse the everyday Americans who read them Combining the narrative felicity of a journalist with the rigorous scholarship of a historian Fehrman delivers a feast for history lovers book lovers and everybody curious about a behind the scenes look at our presidents [Focus On: 100 Most Popular 20Th-century American Politicians](#) Wikipedia contributors,

and a willingness to take firm charge of his own administration His relentless drive to shrink government and lift the burdens of high taxation was born of a deep appreciation for the grander blessings of liberty And it was this same outlook extended to the world s politically and economically enslaved nations that shaped his foreign policy and lent his statecraft its great unifying power Over a decade in the making and filled with fresh revelations surprising insights and an unerring eye for the telling detail this provocative and authoritative book recalls a time when true leadership inspired a fallen nation to pick itself up hold its head high and take up the cause of freedom once again
