V1 0 **Sven Carter & the Android Army** Rob Vlock, 2018-10-16 Sven Carter, part boy, part robot, is back, and now it's up to him to stop the rest of the Ticks from destroying the human race in this fun and funny MAX novel. All Sven wants is a normal life, or whatever normal means for a Tick, a cyborg who is programmed to destroy the world. His hopes are dashed when he learns that he is just one of the seven Ticks loose in North America. Even worse, he learns about their master plan to destroy the human race. In an effort to stop them, Sven speeds across the country in a decrepit RV, collecting the rest of the Ticks, ranging from a pop star whose songs can brainwash people into submission to a dog whose mission is to raise an army of creatures to attack every human in sight. Everything seems to be going well as Sven convinces the cyborgs to join him in saving the world. But the very last Tick, One Omicron, is nothing like the rest of them. Until One Omicron can be stopped, the world is in more danger than ever. **Marooned on Planet Android** Calanthe Colt, 2024 On a deep space mission to reconnect with a lost research colony, the crew of the *Sunda Tiger* discovers only androids with missing memories. What happened to the humans? Marcie is in the first expedition to the surface, seeking to prove she's a capable engineer. While her fellow crew members remain wary of the androids, Marcie sees them as traumatised people, particularly her distractingly handsome guide, Altair, cannot help but be drawn to the diminutive yet capable Marcie. For years, the androids have sought an answer to the mystery of what happened to their colony. Altair wishes they had found clues before humans arrived to help. Something anything to reassure him that the threat to the humans, including Marcie, is not himself. While tensions rise between the human crew and the android settlement, tensions of a different kind build between Marcie and Altair. Marcie knows her crew mates wouldn't understand her feelings if they knew. But how long can they keep their secret? And will the mystery threat of Research Colony 227C strike again? **The Insanely Easy Guide to Android 12** Scott La Counte, Learn how to use Android OS 2021 might very well be the year that put Google on the map with smartphones.
