theatrical film industry and calls attention to the interconnected nature of the studio system during the classic era The volume also looks to the early days of television when the prolific Roach Studios embraced the new medium to become for a time the premier telefilm producer Aided by a comprehensive filmography and twenty seven illustrations A History of the Hal Roach Studios recounts an overlooked chapter in American cinema not only detailing the business operations of Roach s productions but also exposing the intricate workings of Hollywood s rivalrous moviemaking establishment **A**
