lifetime Dr Gregory Ambrose thinks so Through past life regression therapy with a young woman named Anne he finds himself carried over the centuries to not only a different time but a different reality Anne's memories act like tendrils drawing Ambrose into this most savage time with her Frustrated and confused Dr Ambrose reaches out to a colleague for help During their conversations he learns that one of this doctor's past life regression patients believes that he was some kind of Viking in another time not unlike the Vikings in Anne's memories The coincidence is too much and Ambrose's imagination and ambition tempt him down a dangerous path Determined to know the truth and understand the connection he begins to push the limits of his ethics What evolves is a story from another time when wizards and warriors battle for power The fate of two lands one fighting for unity the other for safety hangs in the balance as two druids play out their own endgame strategies At the same time two hearts seek their destiny with true love Fate lends a hand as all meet in a final battle Is it truly the end or just the beginning **The Visual World of Shadows** Roberto Casati, Patrick

casts it shadow labeling the visual system's ability to tell shadows from nonshadows and the shadow concept our knowledge about shadows as a category Casati and Cavanagh then apply the theoretical apparatus they have developed for shadows to other phenomena illumination reflection and transparency Finally they examine the art of the shadow paying tribute to artists exploration of shadow analyzing a series of artworks reproduced in color from a rich and fascinating art historical corpus General Problems in the Linear Perspective of Form, Shadow, and Reflection Samuel Edward Warren, 1868
