

## **Poetry and Poetics: some critical-creative reflections**

Christopher Norris  
NorrisC@cardiff.ac.uk

Christopher Norris is Emeritus professor at Cardiff University. Recently, he began to address philosophical questions through poetry. In his paper, he explains why. Rather than expressing definite ideas in an elegant way, poetry can be intended as a process from which new ideas (also philosophical ones) can emerge. The result are a number of poems which cover a variety of issues, ranging from philosophy to politics, arts, history of ideas and science. *Itinera* has already begun to publish a few of these poems in previous issues and is now presenting three of them on painters (Turner, Matisse, Magritte).

## **Reflexions On Poetry Poetics:**

*Reflexions on Poetry & Poetics* Howard Nemerov, 1972      *Reflections on Aristotle's Treatise of Poesie* René Rapin, 1674

**Poetics of the Pretext** Roland-François Lack, 1998 Poetics of the Pretext is an original study of the French poet Lautréamont 1846 1870 who was rediscovered by the Surrealists in the 1920s and promoted to the vanguard of theoretical debate by the Telquelists of the 1960s but whose work has remained largely ignored or misinterpreted beyond a small circle of enthusiasts Poetics of the Pretext analyses closely the texts pretexts and intertexts of this innovative poet bringing Les Chants de Maldoror and Poésies to the foreground of contemporary critical debates around poetics genre intertextuality and influence This book will make a major contribution to our understanding not only of the work of Lautréamont but also to the function of originality imitation and plagiarism in the nineteenth century      **Cartesian Poetics** Andrea

Gadberry, 2020-11-10 What is thinking What does it feel like What is it good for Andrea Gadberry looks for answers to these questions in the philosophy of René Descartes and finds them in the philosopher's implicit poetics Gadberry argues that Descartes's thought was crucially enabled by poetry and shows how markers of poetic genres from love lyric and elegy to the puzzling forms of the riddle and the anagram betray an impassioned negotiation with the difficulties of thought and its limits Where others have seen Cartesian philosophy as a triumph of reason Gadberry reveals that the philosopher accused of having slashed poetry's throat instead enlisted poetic form to contain thought's frustrations Gadberry's approach to seventeenth century writings poses questions urgent for the twenty first Bringing literature and philosophy into rich dialogue Gadberry centers close reading as a method uniquely equipped to manage skepticism tolerate critical ambivalence and detect feeling in philosophy Helping us read classic moments of philosophical argumentation in a new light this elegant study also expands outward to redefine thinking in light of its poetic formations      **Reflections in a Poet's Mirror** Robert Dale

McManes, 2001-11 A look at the world around through the reflection of a poet What lies in the depths of a poet's mirror Poetry from inside the soul      **Reflections on Poetry and the World** Emily Grosholz, 2020-12-18 This collection brings together 40 years of essays about poetry and literature written by Emily Grosholz The first section includes essays about some of her favorite poets and thinkers in the United States England France and Germany The second section brings poetry into relation with ethics politics and practical deliberation and the third considers it alongside science and imagination The last section is an homage to The Hudson Review for whom she has served as an Advisory Editor for many years As a philosopher Emily Grosholz has written and thought about feminism racism and mathematics and science which has led her to admire all the more the distinct wisdom of poetry These essays show how poetry reorganized language and memory eros and experience and time and place and how and why it deepens our understanding of life      **Way Beyond Words** Alan

Gilbert, 2012-03 After years of decline poetry is once again regaining its rightful place in the field of popular art and entertainment This growth has been spurred on by the advent of social networking which has made it possible for groups of

poets to emerge led by poets who are confident and at ease with their art One among these is author Alan Gilbert Way beyond Words Poetry on Reflection is Gilbert s fourth book of poetry a collection of poems covering a myriad of feelings and emotions Gilbert has been influenced by the romantic poets as well as more contemporary writers such as Phillip Larkin He has developed a unique way of exploring evocative poetry in his range and style Rejecting the obscure language that has deterred readers in the past in favour of poetry that speaks to the soul Gilbert has created artful poems that hold an immediate powerful appeal and evoke intense feelings Examining topics from love lost to a brightly shooting star the poetry in Way beyond Words seeks to inspire all to explore the wide range of human emotions *Catalogue of the Library of the Society of Writers to the Signet: in Four Parts* Thomas M. Shiells,2025-08-02 Reprint of the original first published in 1837 The Antigonus publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Reflections and New Perspectives on Virgil's Georgics** Nicholas Freer,Bobby Xinyue,2019-02-21 Virgil s Georgics the most neglected of the poet s three major works is brought to life and infused with fresh meanings in this dynamic collection of new readings The Georgics is shown to be a rich field of inherited and varied literary forms actively inviting a wide range of interpretations as well as deep reflection on its place within the tradition of didactic poetry The essays contained in this volume contributed by scholars from Australia Europe and North America offer new approaches and interpretive methods that greatly enhance our understanding of Virgil s poem In the process they unearth an array of literary and philosophical sources which exerted a rich influence on the Georgics but whose impact has hitherto been underestimated in scholarship A second goal of the volume is to examine how the Georgics with its profound meditations on humankind nature and the socio political world of its creation has been re interpreted and appropriated by readers and critics from antiquity to the modern era The volume opens up a number of exciting new research avenues for the study of the reception of the Georgics by highlighting the myriad ways in which the poem has been understood by ancient readers early modern poets explorers of the New World and female translators of the twentieth and twenty first centuries *Baumgarten's Aesthetics* J. Colin McQuillan,2021-07-07 The German philosopher Alexander Gottlieb Baumgarten 1714 1762 introduced aesthetics as a new science in his *Reflections on Poetry* 1735 and developed this new part of philosophy in a series of later works culminating in his unfinished *Aesthetics* 1750 1758 This volume is the first collection of essays in the English language devoted to Baumgarten s aesthetics The essays highlight the distinguishing features of Baumgarten s aesthetics situate it in its historical context document its reception and examine its contributions to contemporary philosophy *A Second Supplement to the Catalogue of Books in the Signet Library. 1882-1887* Signet Library (Great Britain),1891 *Encyclopedia of the New York School Poets* Terence Diggory,2015-04-22 Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century **A Howard Nemerov Reader** Howard Nemerov,1991 A paperback reprint of
