Regaining Paradise Milton And The Eighteenth Century:

Regaining Paradise Dustin Griffin, 2009-04-09 This book explores the way in which Milton's poems served as a rich and fruitful resource for the English poets of the eighteenth century. It refutes the old argument about Milton's allegedly bad influence and challenges suggestions that great writers generally inhibit or oppress their successors. *Regaining Paradise* argues that what interested eighteenth-century poets was primarily Milton's garden myth and that the best writers typically found Milton not a burden but an inspiring resource available for their appropriation. *Regaining Paradise* cuts across some of the boundaries that traditionally divide English studies. It looks at Milton not in a Renaissance but an eighteenth-century context and it combines the perspectives of literary history and literary theory. *Regaining Paradise* Dustin Griffin, 1986-03-20 This book explores the way in which Milton's poems served as a rich and fruitful resource for the English poets of the eighteenth century. It charts the development of the genre from the theatre works of Henry Purcell and his contemporaries to the dramatic oratorios of George Frideric Handel and his. En route it investigates the objections to all sung drama in English that were articulated in the decades around 1700: various proposed solutions, the importation of Italian opera and the creation of the dramatic oratorio. English drama, all sung but not staged. Most of the constituent essays take an in-depth look at a particular aspect of the process, while others draw attention to dramatic qualities in non-dramatic works that also were performed in the theatre. The journey from Purcell to Handel illustrates the vigour and vitality of English theatrical and musical traditions and Handel's dramatic oratorios and other settings of English words answer questions posed before he was born. **Cultivating Peace** Melissa Schoenberger, 2019-05-17 During the decades following the English civil wars, British poets seeking to make sense of lingering political instabilities turned to Virgil's *Georgics*. This ancient poem betrays deep ambivalences about war, political power and empire, and such poets as Andrew Marvell, John Dryden and Anne Finch found in these attitudes valuable ways of responding to the uncertainties of their own time. Composed during a period of brutal conflict in Rome, Virgil's agricultural poem distrusts easy stability, urging its readers to understand that lasting peace must be sowed, tended, reaped and replanted year after year. Like the ancient poet who famously depicted a farmer's scythe suddenly recast as a sword, the poets discussed in *Cultivating Peace* imagine states of peace and war to be fundamentally and materially linked. In distinct ways they

Fulford, 2002-01-11 Expectation of the millennium was widespread in English society at the end of the eighteenth century The essays in this volume explore how exactly this expectation shaped and was shaped by the literature art and politics of the period we now call romantic An expanded and rehistoricized canon of writers and artists is assembled a group united by a common tendency to use figurations of the millennium to interrogate and transform the worlds in which they lived and moved Coleridge Cowper Blake and Byron are placed in new contexts created by original research into the artistic and political subcultures of radical London into the religious sects surrounding the Richard Brothers and Joanna Southcott and into the cultural and political contexts of orientalism and empire Johnson, Writing, and Memory Greg Clingham, 2002-09-05 This study demonstrates the importance of memory in Samuel Johnson's work Greg Clingham argues that this concept of memory is derived from the process of historical and creative writing it is embodied in works of literature and other cultural forms He examines Johnson's writing including his biographical writing as it intersects with eighteenth century thought on literature history fiction and law and its subsequent compatibility with and resistance to modern theory

Gender, Theatre, and the Origins of Criticism Marcie Frank, 2002-11-28 In *Gender Theatre and the Origins of Criticism* Marcie Frank explores the theoretical and literary legacy of John Dryden to a number of prominent women writers of the time Frank examines the pre eminence of gender sexuality and the theatre in Dryden's critical texts that are predominantly rewritings of the work of his own literary precursors Ben Jonson Shakespeare and Milton She proposes that Dryden develops a native literary tradition that is passed on as an inheritance to his heirs Aphra Behn Catharine Trotter and Delarivier Manley as well as their male contemporaries Frank describes the development of criticism in the transition from a court sponsored theatrical culture to one oriented toward a consuming public with very different attitudes to gender and sexuality This study also sets out to trace the historical origins of certain aspects of current criticism the practices of paraphrase critical self consciousness and performativity Poetry and the Creation of a Whig Literary Culture 1681-1714 Abigail Williams, 2005-03-24 *Poetry and the Creation of a Whig Literary Culture* offers a new perspective on early eighteenth century poetry and literary culture arguing that long neglected Whig poets such as Joseph Addison John Dennis Thomas Tickell and Richard Blackmore were more popular and successful in their own time than they have been since These and other Whig writers produced elevated poetry celebrating the political and military achievements of William III's Britain and were

committed to an ambitious project to create a distinctively Whiggish English literary culture after the Revolution of 1688 Far from being the penniless hacks and dunces satirized by John Dryden and the Scriblerians they were supported by the patronage of the wealthy Whig aristocracy and their works promoted as a new English literature to rival that of classical Greece and Rome Poetry and the Creation of a Whig Literary Culture maps for the first time the evolution of an alternative early eighteenth century poetic tradition which is central to our understanding of the literary history of the period The History of British Women's Writing, 1690 - 1750 R. Stewart, 2020-10-30 This book offers a revisionist account of poetry and embodiment from Milton to Romanticism Scholars have made much of the period's theories of matter with some studies equating the eighteenth century's modernity with its materialism Yet the Enlightenment in Britain also brought bold new arguments for the immateriality of spirit and evocative claims about an imminent spirit realm Protestant religious writing was of two minds about futurity swinging back and forth between patience for the resurrected body and desire for the released soul This ancient pattern carried over the book argues into understandings of poetry as a modern devotional practice A range of authors agreed that poems can provide a foretaste of the afterlife but they disagreed about what kind of future state the imagination should seek The mortalist impulse exemplified by John Milton and by Romantic poets Anna Letitia Barbauld and William Wordsworth is to overcome the temptation of disembodiment and to restore spirit to its rightful home in matter The spiritualist impulse driving eighteenth century verse by Mark Akenside Elizabeth Singer Rowe and Edward Young is to break out of bodily repetition and enjoy the detached soul's freedom in advance Although the study isolates these two tendencies each needed the other as a source in

the Enlightenment and their productive opposition didn't end with Romanticism The final chapter identifies an alternative Romantic vision that keeps open the possibility of a disembodied poetics and the introduction considers present day Anglophone writers who put it into practice *Climate and the Making of Worlds* Tobias Menely, 2021-06-25 Introduction stratigraphic criticism Earth trembled Paradise lost the little Ice Age and the climate of allegory The works of nature descriptive poetry and the history of the earth in Thomson's The seasons Mine factory and plantation the industrial georgic and the crisis of description Uncertain atmospheres romantic lyricism in the time of the Anthropocene **Mary Wollstonecraft and the Feminist Imagination** Barbara Taylor, 2003-03-13 In the two centuries since Mary Wollstonecraft published *A Vindication of the Rights of Woman* 1792 she has become an icon of modern feminism a stature that has paradoxically obscured her real historic significance In this in depth 2003 study of Wollstonecraft's thought Barbara Taylor develops an alternative reading of her as a writer steeped in the utopianism of Britain's radical Enlightenment Wollstonecraft's feminist aspirations Taylor shows were part of a revolutionary programme for universal equality and moral perfection that reached its zenith during the political upheavals of the 1790s but had its roots in the radical Protestant Enlightenment Drawing on all of Wollstonecraft's works and locating them in a vividly detailed account of her intellectual world and troubled personal history Taylor provides a compelling portrait of this fascinating and profoundly influential thinker **A Reference Guide for English Studies** Michael J. Marcuse, 2023-11-15 **Reading Poetry, Writing Genre** Silvio Bär, Emily Hauser, 2018-12-27 This ground breaking volume connects the situatedness of genre in English poetry with developments in classical scholarship exploring how an emphasis on the interaction between English literary criticism and Classics changes sharpens or perhaps even obstructs views on genre in English poetry Genre has classical roots both in the etymology of the word and in the history of genre criticism which begins with Aristotle In a similar vein recent developments in genre studies have suggested that literary genres are not given or fixed entities but subjective and unstable as well as historically situated and that the reception of genre by both writers and scholars feeds back into the way genre is articulated in specific literary works Classical scholarship literary criticism and genre form a triangle of key concepts for the volume approached in different ways and with different productive results by contributors from across the disciplines of Classics and English literature Covering topics from the establishment of genre in the Middle Ages to the invention of female epic and the epyllion and bringing together the works of English poets from Milton to Tennyson to Josephine Balmer the essays collected here argue that the reception and criticism of classical texts play a crucial part in generic formation in English poetry **Aphra Behn's Afterlife** Jane Spencer, Senior Lecturer in English Literature Jane Spencer, 2000 Aphra Behn is significant as an early example of a successful professional woman writer This analysis of her influence on literature argues the need for a feminist revision of the writer who had literary sons as well as daughters **Jane Austen's Art of Memory** Jocelyn Harris, 2003-08-28 Offers a radical new thesis about Jane Austen's construction of her art and recreates substantial area of
