Privy Council,1878 War, Public Opinion and Policy in Britain, France and the Netherlands, 1785-1815 Graeme Callister,2017-04-03 This book offers a detailed investigation of the influence of public opinion and national identity on the foreign policies of France Britain and the Netherlands in the late eighteenth and early nineteenth centuries The quarter century of upheaval and warfare in Europe between the outbreak of the French Revolution and fall of Napoleon saw important developments in understandings of nation public and popular sovereignty which spilled over into how people viewed their governments and how governments viewed their people By investigating the ideas and impulses behind Dutch French and British foreign policy in a comparative context across a range of royal revolutionary and republican regimes this book offers new insights into the importance of public opinion and national identities to international relations at the end of the long eighteenth century *The Register of the Privy Council of Scotland: 1569-1578* Scotland. California. Court of Appeal (1st Appellate District). Records and Briefs California (State)., **On the Trail of the Yellow Tiger** Kenneth Swope,2018-01-01 The Manchu Qing victory over the Chinese Ming Dynasty in the mid seventeenth century was one of the most surprising and traumatic developments in China s long history In the last year of the Ming the southwest region of China became the base of operations for the notorious leader Zhang Xianzhong 1605 47 a peasant rebel known as the Yellow Tiger Zhang s systematic reign of terror allegedly resulted in the deaths of at least one sixth of the

population of the entire Sichuan province in just two years The rich surviving source record however indicates that much of the destruction took place well after Zhang's death in 1647 and can be attributed to independent warlords marauding bandits the various Ming and Qing armies vying for control of the empire and natural disasters On the Trail of the Yellow Tiger is the first Western study to examine in detail the aftermath of the Qing conquest by focusing on the social and demographic effects of the Ming Qing transition By integrating the modern techniques of trauma and memory studies into the military and social history of the transition Kenneth M Swope adds a crucial piece to the broader puzzle of dynastic collapse and reconstruction He also considers the Ming Qing transition in light of contemporary conflicts around the globe offering a comparative military history that engages with the universal connections between war and society **Cabala, Sive Scrinia Sacra:**
