Sznajder**

Regimes And Oppositions:

Islamist Opposition in Authoritarian Regimes Eva Wegner, 2011-09-16 What electoral mobilization choices do Islamist opposition parties make How do they relate to authoritarian incumbents Which key factors influence the choices these parties make Islamist Opposition in Authoritarian Regimes explores the answers to these questions by studying the path of the Islamist Party of Justice and Development PJD in Morocco from 1992 to 2007 Wegner traces the party's choices through an analysis of organizational ideological and institutional constraints Adopting a simple but novel perspective Wegner distinguishes Islamist parties from other opposition parties because of their connection to a powerful social movement The author shows how the PJD initially made major progress in electoral politics by building up a strong party organization sustaining full support of the Islamist movement and positioning itself as the only credible opposition party Ultimately the failure of the PJD to win elections was due to political concessions it made to secure its legality combined with a distancing from the Islamist movement Based on extensive field research in Morocco in 2003 and 2007 and drawing upon personal interviews with members candidates and leaders of the PJD Islamist Opposition in Authoritarian Regimes presents a meticulous and enlightening case study Wegner enriches our understanding of electoral authoritarianism in Morocco and throughout the Arab Islamic world

Political Oppositions in Industrialising Asia Garry Rodan, 2013-04-15 Rodan dissects the extent of political oppositions in Asia and analyzes the nature of new social movements outside institutional party politics which are contesting the exercise of state power The book provides nine in depth case studies

The Revolutionary City Mark R. Beissinger, 2022-04-12 List of illustrations List of tables Preface Introduction revolution and the city A spatial theory of revolution The growth and urbanization of revolution The urban civic revolutionary moment The repression disruption trade off and the shifting odds of success Revolutionary contingency and the city Public space and urban revolution The individual and collective action in urban civic revolution The pacification of revolution The evolving impact of revolution The city and the future of revolution Appendix 1 construction of cross national data on revolutionary episodes Appendix 2 revolutionary episodes 1900 2014 Appendix 3 data sources used in statistical analyses Appendix 4 choices of statistical models

The Franco Regime, 1936-1975 Stanley G. Payne, 2011-09-27 The history of modern Spain is dominated by the figure of Francisco Franco who presided over one of the longest authoritarian regimes of the twentieth century Between 1936 and the end of the regime in 1975 Franco's Spain passed through several distinct phases of political institutional and economic development moving from the original semi fascist regime of 1936 45 to become the Catholic corporatist organic democracy under the monarchy from 1945 to 1957 Distinguished historian Stanley G Payne offers deep insight into the career of this complex and formidable figure and the enormous changes that shaped Spanish history during his regime

Transitions and Non-Transitions from Communism Steven Saxonberg, 2013-02-14 Since the fall of the Berlin Wall many scholars have sought to explain the collapse of communism Yet more than two decades on communist

regimes continue to rule in a diverse set of countries including China Cuba North Korea and Vietnam In a unique study of fourteen countries Steven Saxonberg explores the reasons for the survival of some communist regimes while others fell He also shows why the process of collapse differed among communist led regimes in Europe Africa and Latin America Based on the analysis of the different processes of collapse that has already taken place and taking into account the special characteristics of the remaining communist regimes Transitions and Non Transitions from Communism discusses the future prospects for the survival of the regimes in China Cuba North Korea and Vietnam Political Opposition in Authoritarianism Rico Isaacs,2022-08-13 How might political opposition shape regime outcomes over time in an authoritarian system Most studies on political opposition in authoritarian contexts tend to focus on the agency of the regime over and above that of the political opposition Using Albert Hirschman s framework of exit voice and loyalty this book examines the case of Kazakhstani opposition agency over 30 years to explore the extent to which political opposition in Kazakhstan has shaped the dynamics of authoritarian regime development in the country What the analysis reveals is that in Kazakhstan the regime has tended to treat formal institutional political opposition as neither a credible nor non credible threat Consequently the Kazakhstani regime has always responded to opposition exit and voice with sanctions and institutional adaption which strengthened the regime in the short to medium term but left them exposed to spontaneous grassroots non institutional opposition in the longer term This spontaneous grassroots opposition emerged in Kazakhstan as a series of shocks crystalised in the 2011 events in Zhanaozen the 2016 land protests the 2019 election protests and the events of qandy qantar bloody January in 2022 What this book illustrates is how authoritarian regimes which treat opposition threats ambiguously are likely to end up in a continuous state of instability because the feedback provided by opposition agency disappears leaving the regime susceptible to spontaneous opposition **Opposition and Dissent in Contemporary China** Peter R. Moody,1977 **New** **Opposition in the Middle East** Dara Conduit,Shahram Akbarzadeh,2018-09-27 This book uses a Contentious Politics lens to examine patterns of contestation since 2009 and 2011 among the Middle East s most important opposition actors The volume is comprised of seven chapters that ask questions in relation to the responsiveness of opposition groups to their political environments the long term legacies of authoritarianism and whether the post 2009 2011 political environment is better or worse for Middle Eastern oppositions It interrogates the ways in which oppositions have morphed in relation to this changed operating environment subjectively interpreting the costs and benefits of contestation in order to maximise political opportunities To some oppositions changes in the power balance between regime structures and opposition agents led to unprecedented opportunity for political action while for others structures were galvanised to restrict opposition activities In total the volume shows that even though the Arab Uprisings and Green Movement achieved few of their overt goals the events unleashed smaller shifts across the region that have led to a fundamental change in the politics of contestation amongst the region s oppositions These patterns echo experiences in other parts of the world including the coloured

revolutions in post Soviet states and the political environment in Chile after Pinochet *When Victory Is Not an Option* Nathan J. Brown, 2012-02-17 Throughout the Arab world Islamist political movements are joining the electoral process This change alarms some observers and excites other In recent years electoral opportunities have opened and Islamist movements have seized them But those opportunities while real have also been sharply circumscribed Elections may be freer but they are not fair The opposition can run but it generally cannot win Semiauthoritarian conditions prevail in much of the Arab world even in the wake of the Arab Spring How do Islamist movements change when they plunge into freer but unfair elections How do their organizations such as the Muslim Brotherhood and structures evolve What happens to their core ideological principles And how might their increased involvement affect the political system In *When Victory Is Not an Option* Nathan J Brown addresses these questions by focusing on Islamist movements in Egypt Jordan Kuwait and Palestine He shows that uncertain benefits lead to uncertain changes Islamists do adapt their organizations and their ideologies do bend some But leaders almost always preserve a line of retreat in case the political opening fizzles or fails to deliver what they wish The result is a cat and mouse game between dominant regimes and wily movements There are possibilities for more significant changes but to date they remain only possibilities *Legitimate Opposition* Alexander S. Kirshner, 2022-01-01 The first theory of legitimate opposition in fifty years In political systems defined by legitimate opposition those who hold power allow their rivals to peacefully challenge and displace them and those who have lost power do not seek to sabotage the winners Legitimate opposition came under assault at the American capitol on January 6 2021 and is menaced by populists and autocrats across the globe Alexander Kirshner provides the first sustained theory of legitimate opposition since the Cold War On the orthodox view democracy is lost when legitimate opposition is subverted But efforts to reconcile opposition with democracy fail to identify the value of the frequently imperfect unfair and inequalitarian real world practice Marshaling a revisionist reconstruction of opposition s history Kirshner provides a new account of opposition s value fit for the twenty first century and shows why given the difficult conditions of political life legitimate opposition is an achievement worth defending Popular Contention, Regime, and Transition Eitan Y. Alimi, Avraham Sela, Mario Sznajder, 2016 Through a diverse array of case studies from countries around the world *Popular Contention Regime and Transition* places the Arab Spring uprisings in comparative perspective demonstrating the similarities and parallels between contentious events in democratic and authoritarian like regimes By analyzing factors such as the set of initial conditions involved in the protest prospects of contention and forms of protest the volume generates powerful insights into the impetus dynamics and consequences of contention in all contexts **Elections, Protest, and Authoritarian Regime Stability** Regina Smyth, 2020-10-29 In a path breaking study of Russian elections Regina Smyth reveals how much electoral competition matters to the Putin regime and how competition leaves Russia more vulnerable to opposition challenges than is perceived in the West Using original data and analysis Smyth demonstrates how even weak political opposition can force autocratic incumbents to rethink strategy and

find compromises in order to win elections Smyth challenges conventional notions about Putin's regime highlighting the vast resources the Kremlin expends to maintain a permanent campaign to construct regime friendly majorities These tactics include disinformation as well as symbolic politics social benefits repression and falsification This book reveals the stresses and challenges of maintaining an electoral authoritarian regime and provides a roadmap to understand how seemingly stable authoritarian systems can fall quickly to popular challenges even when the opposition is weak A must read for understanding Russia's future and the role of elections in contemporary autocratic regimes

Systemic and Non-Systemic Opposition in the Russian Federation Cameron Ross, 2016-03-03 Over the period December 2011 July 2013 a tidal wave of mass protests swept through the Russian Capital and engulfed scores of cities and regions Civil society it appeared had at last woken up This fascinating book examines the rise and fall of the non systemic opposition and the role of the systemic political opposition during this turbulent period Leading experts in the field from Russia along with scholars from the UK and the US reflect on the conditions that have made large scale protests possible the types of people who have taken part and the goals of the opposition movement at both the national and regional levels Contributors discuss what steps the regime has taken in response to this challenge and examine the relationship between the systemic and non systemic opposition and what potential exists for the creation of a broad based opposition coalition The role of the expanding Russian middle class is discussed along with contemporary developments among the Russian left against the backdrop of the global economic crisis The political social and ethnic dimensions of the protest movement are also examined at both the national and regional levels in this truly comprehensive study of the rebirth of civil society in modern Russia

Authoritarian Elections and Opposition Groups in the Arab World Gail J. Buttorff, 2018-12-13 This book examines how opposition groups respond to the dilemma posed by authoritarian elections in the Arab World with specific focus on Jordan and Algeria While scholars have investigated critical questions such as why authoritarian rulers would hold elections and whether such elections lead to further political liberalization there has been comparatively little work on the strategies adopted by opposition groups during authoritarian elections Nevertheless we know their strategic choices can have important implications for the legitimacy of the electoral process reform democratization and post election conflicts This project fills in an important gap in our understanding of opposition politics under authoritarianism by offering an explanation for the range of strategies adopted by opposition groups in the face of contentious elections in the Arab World

Some Conceptual and Empirical Issues in the Study of Regime Change Stephanie Lawson, 1991 The Power of Opposition Simone Wegmann, 2022-07-01 Proposing a novel way to look at the consolidation of democratic regimes this book presents important theoretical and empirical contributions to the study of democratic consolidation legislative organization and public opinion Theoretically Simone Wegmann brings legislatures into focus as the main body representing both winners and losers of democratic elections Empirically Wegmann shows that the degree of policy making power of opposition players varies considerably

between countries Using survey data from the CSES the ESS and the LAPOP and systematically analyzing more than 50 legislatures across the world and the specific rights they grant to opposition players during the policy making process Wegmann demonstrates that neglecting the curial role of the legislature in a democratic setting can only lead to an incomplete assessment of the importance of institutions for democratic consolidation The Power of Opposition will be of great interest to scholars of comparative politics especially those working on questions related to legislative organization democratic consolidation and or public opinion **Legacies of Repression in Egypt and Tunisia** Alanna C. Torres-Van Antwerp,2022-03-10 When an authoritarian regime collapses what determines whether an opposition group will form a political party be successful in mobilizing voters and survive or dissolve as a group in subsequent years Based on unique field research this examines how legacies of authoritarian rule shaped the outcome of Egypt s 2011 founding elections

Authoritarian Consolidation in Times of Crisis John Polga-Hecimovich,Raul Sanchez Urribarri,2025-03-31 Bringing together experts from across the social sciences this volume examines the consolidation of authoritarianism in Venezuela under the government of Nicol s Maduro Taking a comparative perspective it explains how authoritarians can remain ensconced in power amidst profound economic crisis widespread social discontent low approval ratings and international policies aimed at their removal Moreover it seeks to understand the mechanisms and dynamics with which Maduro has consolidated an authoritarian regime in Venezuela To this end the editors differentiate the concept of authoritarian consolidation from the more studied processes of democratic erosion and democratic backsliding The book s contributors explore in detail the country s process of autocratization under Maduro at the national and international levels identifying and explaining the role of diverse actors and institutions in Venezuela s political regime and their respective contributions to safeguarding and stabilizing the Maduro administration By offering a systematic examination of the mechanisms by which regime change was fostered under Maduro s rule this volume directly engages with scholarly research on regime transitions and democratic collapse democratic breakdown and the consolidation of authoritarian rule and comparative institutional work on Venezuelan politics The book is relevant to scholars and students of Venezuela as well as anyone interested in the pressing question of regime crisis survival and authoritarian consolidation *Uncommon Democracies* T. J.

Pempel,2019-05-15 In this collection of original essays thirteen country specialists working within a common comparative frame of reference analyze major examples of long term single party rule in industrialized democracies They focus on four cases Japan under the Liberal Democratic party since 1955 Italy under the Christian Democrats for thirty five or more years starting in 1945 Sweden under the Social Democratic party from 1932 until 1976 and again from 1982 until present and Israel under the Labor party from pre statehood until 1977 **Eurasian Politics: Ideas, Institutions and External Relations** Mr Tulsiram,Mr Ajay Patnaik,2013-06-15 The transitional politics of Eurasian space is marked by a constant struggle among three sets of ideas and institutions the 1 is the remarkable resilience of Soviet ideas and institutions 2 an

attempt by the regimes of these states to reinvent the historical and cultural traditions of preSoviet periods and third is an attempt by a section of the powerful elite to superimpose Western liberal ideas and institutions There is a strange intertwining of these ideas and institutions This book examines the extent to which the postSoviet politics has departed from the Soviet one What are the new ideational structures emerging in these states and how far have they crystallised into institutions What are the external influences which are shaping the institutions in the Eurasian space And finally what are the various dynamics of geopolitics in this region Experts from various countries will delve into the shifting dynamics of Eurasian politics

Regimes And Oppositions Introduction

In today's digital age, the availability of Regimes And Oppositions books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Regimes And Oppositions books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Regimes And Oppositions books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Regimes And Oppositions versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Regimes And Oppositions books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Regimes And Oppositions books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Regimes And Oppositions books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Regimes And Oppositions books and manuals for download have transformed the way we access

information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Regimes And Oppositions books and manuals for download and embark on your journey of knowledge?

FAQs About Regimes And Oppositions Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regimes And Oppositions is one of the best book in our library for free trial. We provide copy of Regimes And Oppositions in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regimes And Oppositions. Where to download Regimes And Oppositions online for free? Are you looking for Regimes And Oppositions PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Regimes And Oppositions. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Regimes And Oppositions are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You

will also see that there are specific sites catered to different product types or categories, brands or niches related with Regimes And Oppositions. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Regimes And Oppositions To get started finding Regimes And Oppositions, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Regimes And Oppositions So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Regimes And Oppositions. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Regimes And Oppositions, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Regimes And Oppositions is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Regimes And Oppositions is universally compatible with any devices to read.
