Reincarnation A Biblical Doctrine:

Reincarnation in Christianity Geddes MacGregor,1990-03-09 In this exciting landmark work MacGregor delves into the annals of Christian history to demonstrate that Christian doctrine and reincarnation are not mutually exclusive belief systems The Voice L. Edward VanHoose,2004-06 This work is the result of arduous hours of research entitled Biblical Cases of the Reincarnation Type developed during my graduate studies Many have marveled at the findings persuasiveness and have suggested their publication The result is the very up beat and reader friendly volume now in your hands The Voice like its previous incarnation offers the first demonstrable case for reincarnation in the Bible that is objective It doesn't solely rely on how an author interprets a verse or suggests the subject was surreptitiously removed from the scriptures My research methods essentially emulated those of University of Virginia Psychiatrist Ian Stevenson M D For forty years he investigated cases of young children remembering a past life His landmark work Twenty Cases Suggestive of Reincarnation has been in print since 1966 **Reincarnation - A Biblical Doctrine?** Marilyn McDermitt,1990-01-01 **Reincarnation** Joel Bjorling,2013-08-21 First Published in 1996 You may have lived before As a matter of fact you may have experienced countless lifetimes This statement constitutes the basic premise of reincarnation which is also called transmigration and metempsychosis This volume explores the origins and development of the belief of reincarnation *Perspectives on Reincarnation: Hindu, Christian, and Scientific* Jeffery D. Long,2019-01-18 This book is a printed edition of the Special Issue Perspectives on Reincarnation Hindu Christian and Scientific that was published in Religions *Goddess Worship, Witchcraft, and Neo-Paganism* Craig S. Hawkins,1998 This volume of the Zondervan Guide to Cults and Religious Movements discusses Goddess Worship and the impact native religious traditions of Europe and tribal traditions from North America have on Neo paganism *Reincarnation* Elizabeth Clare Prophet,Erin L. Prophet,1997 A long time ago Christians believed in reincarnation This groundbreaking work makes the case that Jesus taught reincarnation Elizabeth Clare Prophet traces the history of reincarnation in Christianity from Jesus and early Christians through Church councils and the persecution of so called heretics Using the latest scholarship and evidence from the Dead Sea Scrolls and Gnostic texts she also argues persuasively that Jesus was a mystic who taught that our destiny is to unite with the God within Your view of Jesus and of Christianity will never be the same THE ENCYCLOPEDIA OF CHRISTIAN APOLOGETICS Edward D. Andrews,2024-10-04 The Encyclopedia of Christian Apologetics is an essential resource for anyone seeking to defend the Christian faith with clarity and confidence This comprehensive volume offers in depth explanations of key topics and arguments within the field of apologetics making it an invaluable tool for pastors teachers students and laypeople alike Organized alphabetically for easy reference each entry addresses significant theological issues common objections and the core truths of Christianity Whether you're responding to questions about the existence of God the reliability of Scripture or contemporary challenges such as atheism and moral relativism this encyclopedia provides biblically grounded logically sound

What is death Why do we die and what happens after we die Over the centuries philosophers and theologians of the world s religions have offered answers to the dilemma of death yet this subject is rarely given the detailed attention it deserves in the contemporary Christian church As Christians how does our view of death impact the communication of the gospel in today s pluralistic societies In this study Dr Bobby Bose not only develops a solid biblical theology of death he also reviews the teachings of contemporary and historical Christian theologians around the world and examines the state after death beliefs of Hindus Muslims and Secular Humanists The author shows that state after death was a central component of conversation in the early church and is also a major component of God s mission to rescue humanity As the East converges with the West it is vital that Christians develop a missiological approach to state after death that will encourage positive engagement with people of other faiths and beliefs **Reincarnation** Annie Besant,2014-03 This Is A New Release Of The Original 1904 Edition *Encyclopedia of Reincarnation and Karma* Norman C. McClelland,2018-10-15 Featuring over 1 200 topical entries arranged alphabetically this encyclopedia provides diverse and detailed coverage of the related subjects of reincarnation and karma Its in depth examination ranges from ancient beliefs to those of the present incorporating all relevant world cultures A series of broad thematic entries cover foundational aspects while over a thousand highly focused entries deal with various societies and organizations which support the concepts of reincarnation and karma specific religious groups sects and associations key individuals both historic and modern and related beliefs concepts and practices [The Facts on Reincarnation](#) John Ankerberg,John Weldon,2025-03-24 About 30% of the world population believes in reincarnation There are thousands of professionals from scientists and university professors to psychologists educators politicians theologians and pastors businessmen authors TV and movie stars that believe in it No profession is unrepresented there are even a number of Nobel Laureates In its various forms the current influence of reincarnation continues to expand There have been literally millions of copies of hundreds of books on the subject published in the last 60 years But is reincarnation valid Does the Bible teach reincarnation This book breaks down the elements evidence arguments and problems of reincarnation as well as the consequences [The Case against Origen and Reincarnation](#) Eric Liberatos,2015-12-18 The Case against Origen and Reincarnation surveys the writings of Origen the most important Christian thinker between Paul and Augustine whose life straddled the third and fourth centuries By placing his work in the context of his theological predecessors Eric Liberatos uses this analysis to trace the development of Origen s distinctive doctrines such as reincarnation His review of the history of the

period concludes that Origen's condemnation by ecumenical councils arose from the virulent polemics and contentious politics of various ecclesiastical leaders of the period. The Case against Origen and Reincarnation will appeal to all who seek to understand the development of Christian thought and the influences of politics and personality on the church's theologies. Award winning book that earned acclaim from the prestigious Next Generation Indie Book Awards 2016 Winner in Religious Non-fiction 2016 Finalist in Historical Non-fiction The Killers Within US Scott Carroll, M.C., 2014-12-14 The Killers Within US are those individuals who are in such pain that they tragically kill others and/or themselves. These individuals often leave a wake of confusion, anger, and hurt among their survivors. This book explores the most common disorder linked to suicide, homicide, and several other disorders that kill millions of people annually. A mental disorder known as Borderline Personality Disorder (BPD) or its traits frequently influence these individuals in particular to the point of killing. Several BPD traits span thousands of years and are mentioned within the Holy Bible. This book explores the truth about and the origin of BPD and offers both Biblical and Clinical ways to recover from it. God said, "Let my people go, and the Truth will set you free." This book is full of truth, and by applying these truths within it, it is hoped that you too can be set free from the Killers Within you.

Death and Personal Survival Robert Almeder, 1992-06-15 In a style that is both philosophically sophisticated and accessible to general readers, Robert Almeder introduces readers to the vigorous debate in the scientific community about the possibility of personal survival after death. He argues that belief in some form of personal survival is as empirically justifiable as our belief in the past existence of dinosaurs. Drawing on 21 of the best case studies in reincarnation, apparitions of the dead, ostensible possession, out-of-body experiences, and trance mediumships, *Death and Personal Survival* offers a comprehensive discussion of the best empirical evidence in each of these areas and refutes alternative explanations offered by sceptics.

The Humanities and the Dynamics of African Culture in the 21st Century John Ayotunde Isola Bewaji, Kenneth W. Harrow, Eunice E. Omonzejie, 2017-05-11 That Africa is at a crossroads in an increasingly globalised world is indisputable. Equally unassailable is the fact that the humanities as a broad field of intellectual research and learning in Africa appears to have been pigeonholed in debates of relevance in the development aspirations of many African nations. Historical experiences and contemporary research outputs indicate, however, that the humanities in its various shades is critical to Africa's capacity to respond effectively to such problems as security, corruption, political ineptitude, poverty, superstition, and HIV/AIDS among many other mounting challenges which confront the people of Africa. The vibrancy and resilience of Africa's cultures against these and other odds of globalisation episodes in the course of our history demand the focused attention of academia to exploit their relevance to contemporary issues. This collection provides a comprehensive overview of issues in the humanities at the turn of the 21st century which create a veritable platform for the global redefinition and understanding of Africa's rich cultures and traditions. Such areas covered include ruminations in metaphysics and psychology, pathos and ethos, cinematic and literary connections, and historical conceptualisations.

America, the Daughter of Babylon Allen Bonck, 2008-11-10 America the Daughter of Babylon deals with the prophetic future of the United States of America The Bible reveals that there will be a second nation of Babylon which is described in detail throughout scripture and can be identified as America The bible not only identifies America but also gives detailed accounts of future events concerning her God has much to say to us today about our relationship to Babylon and the Babylonian religion This book reveals that many of the symbols of the Babylonian religion that was created by Lucifer himself King of Babylon are displayed as American symbols throughout her Capitol The American Capitol itself is linked directly to the founding of Babel by its cornerstone **Discerning and Exposing the Spirit of Deceit of Antichrist** ETAN BRUNO,

The Third Testament Gurman, 2020-05-28 Whether so inclined or not inherent in our foundational belief system are deep seated religious overtones which shapes our societal culture This culture lays the framework for our values and all that we believe Not only does our beliefs and values shapes our attitudes and guides our behavior but it also influences our biology as well as our emotive and spiritual states not withstanding it determines the collective consciousness of a society Most of these concepts and beliefs that we have accepted and which govern our lives have been handed down to us unconsciously from generation to generation without question minus any objective reasoning This is primarily so for fear of consequences consequences which for the most part are unfounded The Third Testament is designed to activate thought process to initiate questions in the mind of the reader so as to deliberate on what you have been taught to accept for generations We ask questions but seek answers that can only be assimilated within our present schema hence facts don t determine what we believe it is what we believe which determine what we accept as fact The Third Testament presents information ideas and concepts that forces us to challenge our beliefs and what we have been conditioned to accept for years It forces us to think and it s contents cannot be disregarded by any true diligent seeker The Cumulative Book Index ,1901 A world list of books in the English language
