Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional

The Intelligible World James Lawler,2014-09-26 Understanding Kant s pre critical philosophy is central to appreciating his three critiques Overshadowed by the critiques the early work stands on its own as a central contribution to the development of the philosophy of its time In addition it not only prepares the way for the critiques but constitutes a hidden background without which they cannot be adequately understood Here we find Kant s great cosmology which is what Kant later regarded as the thing in itself persisting behind his notions of the noumenon the intelligible world and the postulates of morality Although he finally decided that his grand cosmological vision could not be demonstrated what cannot be strictly known can still be conjectured justifiably believed or postulated Kant s only possible proof for the existence of God remains implicit in the first critique The only writer about whom Kant ever dedicated a major work Dreams of a Spirit Seer Elucidated by Dreams of Metaphysics was Emanuel Swedenborg Kant here explores a conjectural metaphysics of matter and spirit and further formulates the meaning of the intelligible world providing the ontological framework of his later ethics If only one of Swedenborg s documented spirit seeings was valid how feeble must the metaphysical dreams of philosophers themselves seem

Mayer-König,2014-01-14 This book opens with an examination of values themselves grappling with western assertions of individual human rights and the eastern emphasis on duties and analysing selected Asian philosophical and religious traditions Several case studies follow on countries the Philippines Japan China Malaysia and Thailand The purpose of the book is to help westerners in particular to understand and appreciate better the changes taking place in Asia to handle relations more sensitively and thereby to help bring Europe and Asia together *The Other Side* James A. Pike,Diane Kennedy Pike,2008-02-01 Introducing new reprints by and about Bishop James Pike The Other Side Search The Other Side is a moving narrative of a father s efforts to save his son from enslavement to psychedelic drugs a tragic story of a young and gifted man s premature death a startling story of poltergeist occurrences that led the father and other witnesses to believe that from beyond the grave his son was trying to get in touch a detailed account of how this communication proceeded during a time when the father was under accusation for heresy for believing too little Above all it is an analysis by one of America s keenest minds of what all these experiences may mean The Other Side certainly reads like a suspenseful novel yet every phrase of the narration is painstakingly documented by eyewitness accounts of the strange occurrences that led the Bishop Pike to consult mediums in England and America and by several word for word tape recordings of such seances All readers will find here an honest and lucid exploration of psychic phenomena and those who have lost a loved one to suicide will find reason to take heart and find hope Healing Lost Souls William J.
