**Death and Reincarnation (Traslated)**

PAPUS Dr G. Encausse,2022-03-03 Reincarnation is the return of the spiritual Principle in a new fleshly envelope For a human being this envelope is always a human body This return can take place on the same planet where one lived his last existence or on another planet The return to a material body cannot be fixed in advance just as one cannot fix a time for terrestrial life Some human beings spend 3 years on earth and others 90 If one were to say man lives 30 years above the earth one would speak as an amateur of statistics but not as an observer of real laws The length of life on earth is a personal fact so the length of time one spends before returning to earth is also a special fact that depends on many circumstances It

must be said at once that before reincarnating on a planet the spiritual being prepares himself for the loss of the memory of his previous existences We will be able to give all the testimonies of the classical authors concerning this fact and symbolized by the immersion in the water of the river Lete which gives oblivion before the return to the earth The reincarnation really has been marked as an esoteric mystery in all the initiations of the Antiquity      **Transmigration, Reincarnation, Gilgulim** Helena Petrovna Blavatsky,2018-02-26 Transmigration is the passing of lower entities through the agency of life atoms skandas to the crucible of evolution either by recycling life atoms after death or by throwing away life atoms during intense feeling Metempsychosis is the progress of an animal soul to a higher stage of existence Metempsychosis was the technical term for metempsychosis among the Pythagoreans Reincarnation is the rebirth of the same Ego in successive human bodies Metempsychosis Setting A A virtuous but not entirely pure soul withdraws to high realms of subjectivity for a period of rest before submitting to a further period of imprisonment in the flesh Metempsychosis Setting B A virtuous soul purified by self induced and self devised efforts realises its essential unity with the Self of All and annihilates its self conscious materiality in favour of the true peace and justice that dwells in Unconscious Immateriality Metempsychosis Setting C An irredeemably vicious soul that has been cut off from its Spiritual Master and Saviour is downgraded to infernal worlds for punishment and terminal demise Human souls do not enter animal bodies for Nature will not reverse the order of her kingdoms Only the life atoms of a dissolved physical body do so Reincarnation means re infleshment Palingenesis means re generation Metempsychosis means re embodiment The difference between reincarnation palingenesis and metempsychosis explained Gilgulim permutation and revolution differ from transmigration and metempsychosis Gilgulim is the cyclic or revolving process of births deaths and rebirths But Palestine is neither land nor locus it is the Nirvana of the Buddhists

Baker,2016-04-26 Outlining the esoteric processes and mechanisms related to reincarnation Dr Baker describes the nature and purpose of the Soul and the role that reincarnation plays The phenomenon of the near death and the out of body experience are considered together with the cycle of death and rebirth as described by classical esoteric teachings This work also outlines the karmic basis for a number of health disorders and the challenging circumstances which
