Reinventing Japan Immigrations Role In Shaping Japans Future:

Reinventing Japan Demetrios G. Papademetriou, Kimberly A. Hamilton, 2000 Examines Japan's approach to immigration in the context of the nation's wider process of economic and political reform arguing that Japan will always have to adopt a more open immigration policy if it is to ensure its place as a global leader

Transcultural Japan David Blake Willis, Stephen Murphy-Shigematsu, 2007-11-27 Transcultural Japan provides a critical examination of being Other in Japan. Portraying the multiple intersections of race, ethnicity, class, and gender, the book suggests ways in which the transcultural borderlands of Japan reflect globalization in this island nation. The authors show the diversity of Japan from the inside, revealing an extraordinarily complex new society in sharp contrast to the persistent stereotypical images held of a regimented homogeneous Japan. Unsettling as it may be, there are powerful arguments here for looking at the meanings of globalization in Japan through these diverse communities and individuals. These are not harmonious utopian communities by any means as they are formed in contexts both global and local of unequal power relations. Yet it is also clear that the multiple processes associated with globalization lead to larger hybridizations, a global mélange of socio-cultural, political, and economic forces, and the emergence of what could be called trans-local Creolized cultures. Transcultural Japan reports regional, national, and cosmopolitan movements. Characterized by global flows, hybridity, and networks, this book documents Japan's new lived experiences and rapid metamorphosis. Accessible and engaging, this broad-based volume is an attractive and useful resource for students of Japanese culture and society as well as being a timely and revealing contribution to research scholars and for those interested in race, ethnicity, cultural identities, and transformations

Immigration and Citizenship in Japan Erin Aeran Chung, 2010-03-31 Japan is currently the only advanced industrial democracy with a fourth generation immigrant problem. As other industrialized countries face the challenges of incorporating post-war immigrants, Japan continues to struggle with the incorporation of pre-war immigrants and their descendants. Whereas others have focused on international norms, domestic institutions, and recent immigration, this book argues that contemporary immigration and citizenship politics in Japan reflect the strategic interaction between state efforts to control immigration and grassroots movements by multi-generational Korean resident activists to gain rights and recognition, specifically as permanently settled foreign residents of Japan. Based on in-depth interviews and fieldwork conducted in Tokyo, Kawasaki, and Osaka, this book aims to further our understanding of democratic inclusion in Japan by analyzing how those who are formally excluded from the political process voice their interests and what factors contribute to the effective representation of those interests in public debate and policy

International Migrants in Japan Yoshitaka Ishikawa, 2015 Japan faces multiple challenges in an era of population decline. Problems such as aging and a decreasing working age population are expected to increase in severity, so tackling these challenges and examining the contributions that immigrants can make to society are vital for Japan's future. What contributions do foreign residents make to Japan, especially in the labor market? How do national

and local government policies effect the settlement and permanent residence of foreign nationals Are issues such as social mobility and quality of life of foreigners the fertility of foreign women and long term trends in naturalization important What support does Japan offer to immigrants As a new country of immigration the need to examine such questions is growing This book takes a geographical perspective in examining the necessity of immigration and how foreign residents are helping to alleviate the problem of population decline in contemporary Japan Over the last thirty years Japan has become a country of immigration again While the literature on migration to Japan is growing reliable data on the issue is still scarce Yoshitaka Ishikawa s edited volume is a major contribution to filling this void Overall the papers compiled in the book are a good introduction to the complex and multifaceted realities of newcomer migrants and shed light on some understudied quantitative and qualitative aspects of migration to Japan Pacific Affairs Vol 89 No 4 December 2016 Series Japanese Society Subject Sociology Japanese Studies Asian Studies Migration Studies Labor Studies *The Japanese Employment System* Haruo Shimada,1980 Global Japan Roger Goodman,Ceri Peach,Ayumi Takenaka,Paul White,2005-06-27 The Japanese have long regarded themselves as a homogenous nation clearly separate from other nations However this long standing view is being undermined by the present international reality of increased global population movement This has resulted in the establishment both of significant Japanese communities outside Japan and of large non Japanese minorities within Japan and has forced the Japanese to re conceptualise their nationality in new and more flexible ways This work provides a comprehensive overview of these issues and examines the context of immigration to and emigration from Japan It considers the development of important Japanese overseas communities in six major cities worldwide the experiences of immigrant communities in Japan as well as assessing the consequences for the Japanese people s view of themselves as a nation

Japan in the 21st Century Pradyumna P. Karan,2005-02-18 The ancient civilization of Japan with its Shinto shrines and Buddhist temples is also closely associated with all that is new and modern Looking outward Japan sees what it has become since Hiroshima the world s second largest economy a source of fury and wonder a power without arms Looking inward Japan sees old ways shaken and new ones developing at a hectic pace Japan in the Twenty first Century offers compelling insights into the current realities of the country and investigates the crucial political economic demographic and environmental challenges that face the nation A combination of text maps and photographs provides an essential understanding of Japan s geography cultural heritage demography economic and political development and of many other important issues Pradyumna P Karan explores the obstacles and opportunities that will shape Japan and affect the world community in the coming years He highlights strategies and policies that will facilitate economic and political change and stimulate the development of effective institutions for long term sustainable prosperity and economic vitality Unique field reports drawn from direct observations of events and places in Japan illuminate Japanese traditions and sensibilities The first full length English language textbook on Japan s geography culture politics and economy to appear in nearly four decades

Japan in the Twenty first Century will be a vital resource for researchers academics general readers and students of Japan

Pradyumna P Karan professor of geography and Japan studies at the University of Kentucky is the author or editor of numerous books on Asian geography and culture including *The Japanese City* and *Japan in the Bluegrass* *Growing Global Migration and Its Implications for the United States* ,2001 **Japan and Russia** Yulia Mikhailova,M. William Steele,2008-08-28 This volume recognizes the growing awareness of the importance of images in international relations exploring the phenomenon over three centuries as it relates to Russia and Japan The general perception of one country by another the stereotypical collective mentality is an historic phenomenon that continues to be a fundamental component in international relations at all levels but especially in the political and business arenas and remains an ongoing challenge for future generations Bringing together international scholars from various disciplines this innovative study focuses especially on modes of seeing and on the enigma of visual experience It draws on numerous visual representations from propaganda posters and cartoons to artworks and films and to more recent media such as television the internet pop culture icons as well as direct visual encounters The volume raises questions of how different cultures observe understand and represent each other how and why mutual representations have changed or remained unchanged during the long history of Japanese Russian interactions what mental frameworks exist on both sides of the encounter and how visions of otherness influence the construction of national cultural and social identities *America's Inadvertent Empire* William E. Odom,Robert Dujarric,2008-10-01 div The United States finds itself at the center of a historically unparalleled empire one that is wealth generating and voluntary rather than imperialistic say the authors of this compelling book William E Odom and Robert Dujarric examine America s unprecedented power within the international arenas of politics economics demographics education science and culture They argue persuasively that the major threat to this unique empire is ineffective U S leadership not a rising rival power center America cannot simply behave as an ordinary sovereign state Odom and Dujarric contend They describe the responsibilities that accompany staggering power advantages and explain that resorting to unilateralism makes sense only when it becomes necessary to overcome paralysis in multilateral organizations The authors also offer insights into the importance of liberal international institutions as a source of power why international cooperation pays and why spreading democracy often inhibits the spread of constitutional order If the United States uses its own power constructively the authors conclude the American empire will flourish for a long time DIV Routledge Handbook of Japanese Politics Alisa Gaunder,2011-02-25 The Routledge Handbook of Japanese Politics is an advanced level reference guide which surveys the current state of Japanese politics featuring both traditional topics and cutting edge research The volume is divided into five sections covering domestic politics civil society social policy political economy and international relations security The first four sections begin with an overview chapter that provides historical background information on the section s overarching topic The chapters that follow explore more specific topics in the sub area In the final section

historical background information is contained in the individual chapters which cover the diverse areas of international political economy security and foreign policy Offering a complete overview of the full spectrum of Japanese politics the Handbook is an invaluable resource for academics researchers policy analysts graduate and undergraduate students studying this ever evolving field The New Global Trading Order Dennis Patterson,Ari Afilalo,2008-03-31 The international institutions that have governed global trade since the end of World War II have lost their effectiveness and global trade governance is fractured The need for new institutions is obvious and yet few proposals seem to be on offer The key to understanding the global trading order lies in uncovering the relationship between trade and the State and how the inner constitution of Statecraft drives the architecture of the global order and requires structural changes as the State traverses successive cycles The current trade order focused on the liberalization of trade in goods and services and the management of related issues is predicated on policies and practices that were the product of a global trading order of the 20th century modern nation states Today a new form of the State the post modern State is evolving In this book the authors propose a new trade norm the enablement of global economic opportunity and a new institution the Trade Council to overhaul the global trading order World Migration 2005 Costs and Benefits of International Migration International Organization for Migration,2006 Una buena y racional informaci n para inmigrantes gobiernos sociedad civil comunidades y sector privado puede ayudar a maximizar los beneficios y minimizar los costes de la migraci n en t rminos sociales pol ticos y econ micos

Citizenship Policies for an Age of Migration T. Alexander Aleinikoff,2011-12 Many liberal democracies facing high levels of immigration are rethinking their citizenship policies In this book a group of international experts discuss various ways liberal states should fashion their policies to better accommodate newcomers They offer detailed recommendations on issues of acquisition of citizenship dual nationality and the political social and economic rights of immigrants Contributors include Patrick Weil University of Paris Sorbonne David A Martin University of Virginia School of Law Rainer Baub ck Austrian Academy of Sciences and Michael Fix Urban Institute *Thinking Beyond the State* Johanna O Zulueta,2018-09-01 Human mobility has been a widely examined phenomenon in the social sciences and in this increasingly globalized world migration continues to be of significant concern The chapters comprising this volume on Thinking Beyond the State address the need to think beyond prevailing state discourses in problematizing human movements between Japan and the Philippines by focusing on the presence of other actors involved in these processes This collection investigates a range of issues that are part and parcel of the migration experience citizenship and nationality migrant incorporation and integration human security migrant welfare philanthropy identity and multiculturalism The editor and contributors aim to inform the larger public of the realities that are embedded in this particular phenomenon as well as engage academics involved in migration studies The book will be a valuable resource to those with professional interests in the East Asian region most particularly in Japan and the Philippines Japan's Role in South Asia M. D. Dharamadasani,2003 This Volume Examines Japan S Economic And Security

Interests In South Asia In General And India In Particular *Collaborative Regional Development in Northeast Asia* Won Bae Kim, Yue-man Yeung, Sang-Chuel Choe, 2011-07-18 Against the background of accelerating globalization and growing economic interdependence in Northeast Asia over the past two decades including the recent global economic crisis this book sets out to examine the status and prospect of cross border cooperation It has synthesized diverse strands of discussion and different country perspectives to highlight the challenges and opportunities of collaborative regional development in Northeast Asia Distinct from previous studies this book attempts to capture international national and local viewpoints in regional development Practical experience across countries has been analyzed and consolidated to form the basis of a policy agenda for cross border cooperation Combining an intimate knowledge of the region and different disciplinary perspectives this book offers a wealth of information statistical and illustrative materials and analyses across topics and countries of the region Editors include Won Bae Kim Research Advisor of the Gyeonggi Research Institute and former Senior Fellow at the Korean Research Institute for Human Settlements Yue man Yeung Emeritus Professor of Geography and Honorary Fellow of The Chinese University of Hong Kong and Sang Chuel Choe former Chairman of the Presidential Committee on Regional Development in South Korea and Professor Emeritus of Seoul National University **International Labour Migration** D. Bartram, 2005-05-11 Studies of international labour migration typically assume that foreign labour is a universal feature of wealthy economies Exploitation of foreign workers can contribute significantly to employers profits However some wealthy societies do not import workers on a large scale despite employers pressures Using Israel and Japan as empirical cases this comparative historical work investigates why some governments allow employers relatively free access to foreign labour while others require alternative responses to labour shortages A focus on variation leads to an innovative and insightful argument to explain international labour migration **Internationalising Higher Education In The Asia Pacific: Case Of Australia, Japan And Singapore** Teofilo C Daquila, 2022-07-28 With his many years of overseas experiences as an international student educator and scholar Teofilo C Daquila has conducted his research on the internationalisation of higher education IHE as it has become an important policy issue and research topic for governments and universities around the world He aims to determine the extent of internationalisation of higher education in the Asia Pacific region particularly in Australia Singapore and Japan in terms of its determinants and impacts using a multi and inter disciplinary framework of analysis through historical political geographical economic social and cultural dimensions Daquila examines three leading universities in the world as case studies to determine their internationalisation experiences and the extent of their competitiveness These are the University of Melbourne the National University of Singapore and Kyoto University He uses four indicators of competitiveness governance and structure demand conditions factor conditions and internationalisation strategies using the following indicators of IHE expansion broadening diversification deepening and facilitation This book is highly recommended for anyone interested in the internationalisation of higher education its determinants and multiple

perspectives the competitiveness and internationalisation experiences and strategies of universities **Negative**
Cosmopolitanism Eddy Kent, Terri Tomsy, 2017-11-10 From climate change debt and refugee crises to energy security environmental disasters and terrorism the events that lead nightly newscasts and drive public policy demand a global perspective In the twentieth century the world sought solutions through formal institutions of international governance such as the United Nations the International Criminal Court and the World Bank but present day responses to global realities are often more provisional improvisational and contingent Tracing this uneven history in order to identify principal actors contesting ideologies and competing rhetoric Negative Cosmopolitanism challenges the Kantian ideal of cosmopolitanism as the precondition for a perpetual global peace Uniting literary scholars with researchers working on contemporary problems and those studying related issues of the past including slavery industrial capitalism and corporate imperialism essays in this volume scrutinize the entanglement of cosmopolitanism within expanding networks of trade and global capital from the eighteenth century to the present By doing so the contributors pinpoint the ways in which whole populations have been unwillingly caught up in a capitalist reality that has little in common with the earlier ideals of cosmopolitanism A model for provoking new and necessary questions about neoliberalism biopolitics colonialism citizenship and xenophobia Negative Cosmopolitanism establishes a fresh take on the representation of globalization and modern life in history and literature Contributors Include Timothy Brennan University of Minnesota Julianne Collard University of British Columbia Mike Dillon California State University Fullerton Sneja Gunew University of British Columbia Dina Gusejnova University of Sheffield Heather Latimer University of British Columbia Pamela McCallum University of Calgary Geordie Miller Dalhousie University Dennis Mischke University of Stuttgart Peter Nyers McMaster University Liam O Loughlin Pacific Lutheran University Crystal Parikh New York University Mark Simpson University of Alberta Melissa Stephens Vancouver Island University and Paul Ugor Illinois State University
