**Reinventing the American People** Robert Royal,1995 This volume puts current questions regarding America s unity and diversity into a proper historical perspective by exploring a wide array of subjects including recent court decisions and interpretations of the Constitution religious questions educational breakdown racial and ethnic issues and immigration

How Far is America From Here? ,2005-01-01 How Far is America From Here approaches American nations and cultures from a comparative and interdisciplinary perspective It is very much at the heart of this comparative agenda that America be considered as a hemispheric and global matter It discusses American identities relationally whether the relations under discussion operate within the borders of the United States throughout the Americas and or worldwide The various articles here gathered interrogate the very notion of America which whose America when why now how What is meant by far distance discursive formations ideals and ideologies foundational narratives political conformities aberrations inconsistencies Where is here positionality geographies spatial compressions hegemonic and subaltern loci disciplinary formations reflexes and reflexivities These questions are addressed with regard to the multiple Americas within the USA and the bi continental western hemisphere as part of and beyond inter American cultural relations ethnicities across the national and cultural plurality of America mutual constructions of North and South borderlands issues of migration and diaspora The larger contexts of globalization and America s role within this process are also discussed alongside issues of geographical exploration capital expansion integration transculturalism transnationalism and global flows pre Columbian and contemporary Native American cultures the Atlantic slave trade the environmental crisis U S literature in relation to Canadian or Latin American literature religious conflict both within the Americas and between the Americas and the rest of the world with such issues as American Zionism American exceptionalism and the discourse of on terror and terrorism

Suicide of the West Jonah Goldberg,2020-01-14 NEW YORK TIMES BESTSELLER An urgent argument that America and other democracies are in peril because they have lost the will to defend the values and institutions that sustain freedom and prosperity Now updated with a new preface Epic and debate shifting David Brooks New York Times Only once in the last 250 000 years have humans stumbled upon a way to lift ourselves out of the endless cycle of poverty hunger and war that defines most of history If democracy individualism and the free market were humankind s destiny they should have appeared and taken hold a bit earlier in the evolutionary record The emergence of freedom and prosperity was nothing short of a miracle As Americans we are doubly blessed because the radical ideas that made the miracle possible were written not just into the Constitution but in our hearts laying the groundwork for our uniquely prosperous society Those ideas are Our rights come from God not from the government The government belongs to us we do not belong to it The individual is sovereign We are all captains of our own souls not bound by the circumstances of our birth The fruits of our labors belong to us In the last few decades these political virtues have been turned into vices As we are increasingly taught to view our traditions as a system of

oppression exploitation and privilege the principles of liberty and the rule of law are under attack from left and right For the West to survive we must renew our sense of gratitude for what our civilization has given us and rediscover the ideals and habits of the heart that led us out of the bloody muck of the past or back to the muck we will go The End of Meaning William A. Sikes,2024-04-04 Towards the end of the twentieth century books proclaiming the closing of America's mind the collapse of her communities and the end of her art literature education and more began appearing with regularity The underlying theme in all such works is the loss of those experiences that give our lives meaning In *The End of Meaning* Cultural Change in America Since 1945 readers learn to recognize these experiences realize how prominent they were in the postwar period c 1945-65 understand the forces that have brought about their extraordinary decline in our families and communities universities and religious institutions films and popular music fine arts labor and more and realize the implications of this loss for our society and our humanity In doing so the book provides a way of thinking about a vital subject one which despite its enormous importance has never been examined in a broad and systematic way capable of generating real understanding discussion and debate **Ethics Beyond War's End** Eric Patterson,2012-03-02 Rev essays from a conference held in Apr 2010 at Georgetown University **Who are We?** Samuel P. Huntington,2004 Blockade is the story of a long running trade battle at sea between Britain and Germany during the First World War Each country fought for survival but this book focuses on the story of the Northern Patrol and the 10th Cruiser Squadron The Royal Navy's role during World War I denying Germany access to the sea trade and vital resources was crucial to helping Britain win the war on the Western Front The Northern Blockade located across the inhospitable waters between Iceland and Scotland was to bring the German economy to its knees and destroy her home front morale Likewise the Royal Navy's success in negating Germany's attacks on British commerce prevented much suffering in Britain Steve Dunn vividly describes the final destruction of German surface vessel commerce warfare He examines the American reaction to the British naval blockade and to Germany's war on trade as well as Germany's treatment of American sailors taken prisoner Dunn also considers changes in strategy employed by both sides Blockade brings to life the experiences of those who manned the blockade and creates a vivid picture of the dangers of duty in this highly significant but overlooked aspect of World War I **The Demise of the Library School** Richard J. Cox,2010 In *The Demise of the Library School* Richard J Cox places the present and future of professional education for librarianship in the debate on the modern corporate university The book is a series of meditations on critical themes relating to the education of librarians archivists and other information professionals playing off of other commentators analyzing the nature of higher education and its problems and promises *Strangers in This Land* E. Allen Richardson,2014-01-10 This updated revised version of the important 1988 first edition must reading for anyone seriously probing religious pluralism in our society *Theology Today* examines the complex relationship between American ideals and increasing religious diversity In the past two decades American religion has become more pluralistic and

the central dynamic of welcoming versus rejecting religious diversity is even more prominent and nuanced Explored here are two competing visions of the American Dream as it relates to religion America as a pluralistic society shaped by its diversity and America as an assimilative society in which people of all backgrounds become American Justice and Caring Michael S. Katz, Nel Noddings, Kenneth A. Strike, 1999-04-09 This thought provoking volume confronts the expected tension between care and justice as moral orientations These original essays by renowned educators reveal how these two moral orientations can work together to produce wiser and more practical policies and practices The authors explore problems at every level of education and tackle tough questions in theory practice and policy making Using real life examples they illustrate the great value of theoretical collaboration instead of competing with each other justice and care should complement each other in both moral theory and practice Contents and Contributors PART I Theory of Justice and Caring 1 Care Justice and Equity Nel Noddings 2 Justice Caring and Universality In Defense of Moral Pluralism Kenneth A Strike 3 Justice and Caring Process in College Students Moral Reasoning Development Dawn E Schrader PART II Pedagogical Issues 4 Teaching About Caring and Fairness May Sarton s The Small Room Michael S Katz 5 The Ethical Education of Self Talk Ann Diller 6 Caring Justice and Self Knowledge William L Blizek PART III Public Policy Issues 7 School Vouchers in Caring Liberal Communities Rita C Manning 8 Ethnicity Identity and Community Lawrence Blum 9 School Sexual Harassment Policies The Need for Both Justice and Care Elizabeth Chamberlain and Barbara Houston **Lost Daughters** Reinder Van Til, 1997 Lost Daughters movingly depicts the human toll exacted by the widespread belief in Recovered Memory Therapy It portrays families devastated by daughters RMT inspired memories of childhood sexual abuse and their accusations against parents *On Hallowed Ground* John P. Diggins, 2000-01-01 Contests the validity of Marxist and poststructuralist theory in a review of the life and legacy of Abraham Lincoln Urban Churches: Vital Signs Nile Harper, 2005-03-14 Written by Nile Harper and six leading pastors this volume tells the stories of twenty eight urban churches that are successfully contributing to the transformation of inner city communities in fifteen major cities across America Atlanta Baltimore Chicago Cincinnati Cleveland Denver Detroit Houston Kansas City Los Angeles New York City Portland San Francisco Savannah and Washington D C *Race or Ethnicity?* Jorge J. E. Gracia, 2018-07-05 What is race What is ethnicity Should we think of them as identities Can they be effectively individuated How are they related How do the relations between them influence pressing issues concerned with social identity gender racism assimilation exploitation justice the law and public policy And how are the answers to these questions affected by the Black and Latino experience in the United States From the Preface This collection of new essays explores the relation between race and ethnicity and its social and political implications Although much work has been done on the philosophy of race in the past century in the United States the concept of ethnicity has only recently awoken the interest of American philosophers and the relations between race and ethnicity remain largely unexamined The discussion is divided into two parts dealing on the one hand with the nature and the relation between race and ethnicity and on the other

with the social consequences of the complex relations between them Part I explores in particular the debated topic of racial and ethnic identities Does it make sense to speak of racial and ethnic identities and especially of black and Latino identities And if it does make sense how should these identities be conceptualized and how are they related to gender Part II examines how race and ethnicity have influenced the lot of some social groups in significant ways How do racially defined institutions deal with racial assimilation How do different conceptions of race and ethnicity influence public policy and various forms of racism How can exploited racial and ethnic groups be effectively recognized And what is the role of affect in social justice as dispensed by the courts

*Toward the Renewal of Civilization* T. William Boxx, Gary M. Quinlivan, 1998 These twelve essays examine the origins and consequences of new ideologies that have challenged traditional understandings of human nature and society and which have contributed to disorder and social decline in today's world

*The Challenge of Diversity* David M. Rhoads, *The Challenge of Diversity* argues that the present diversity in the church reflects a rich variety that was integral to the early Christian movement from its very beginnings Rhoads shows how Galatians Mark Matthew Luke and John each present a fundamentally different understanding of the human condition a different vision for life under God and a different portrayal of our transformation

*A Free Church, a Holy Nation* John Bolt, 2001 In addition to considering such key issues as poverty wealth and power theocracy and pluralism civil religion the culture wars and political cooperation between evangelicals and Roman Catholics Bolt also draws extended comparisons between Kuyper's views and the thought of Alexis de Tocqueville Lord John Acton Pope Leo XIII Walter Rauschenbusch and Jonathan Edwards A distinctive feature of this study is its focus on the rhetorical poetic character of Kuyper's public theology and practice as a political leader Bolt shows how focusing on Kuyper's rhetorical and mythopoetic perspective rather than on his theological and philosophical ideas provides contemporary evangelicals with a more credible and effective theology for the public square

Jacket *Qui sommes nous ?* Samuel P. Huntington, 2004 Examine les transformations qui affectent l'identité nationale américaine notamment les éléments qui les différencient des autres identités nationales ainsi que des éléments qui les regroupent Montre notamment que les événements dramatiques récents ont permis le développement d'un nouveau patriotisme américain
