**Restoring Justice** Daniel W. Van Ness, Karen Heetderks Strong, Jonathan Derby, L. Lynette Parker, 2022-05-30 Restoring Justice An Introduction to Restorative Justice Sixth Edition offers a clear and convincing explanation of restorative justice a movement within criminal justice with ongoing worldwide influence The book explores the broad appeal of this vision and offers a brief history of its roots and development as an alternative to an impersonal justice system focused narrowly on the conviction and punishment of those who break the law Instead restorative justice emphasizes repairing the harm caused or revealed by criminal behavior using cooperative processes that include all the stakeholders The book presents the theory and principles of restorative justice and discusses its four cornerpost ideas Inclusion Encounter Repair and Cohesion Multiple models for how restorative justice may be incorporated into criminal justice are explored and the book proposes an approach to assessing the extent to which programs or systems are actually restorative in practice The authors also suggest six strategic objectives to significantly expand the use and reach of restorative justice and recommended tactics to make progress towards the acceptance and adoption of restorative programs and systems

*Handbook of Restorative Justice* Gerry Johnstone, Daniel Van Ness, 2013-01-11 This book provides a comprehensive and authoritative account and analysis of restorative justice one of the most rapidly growing phenomena in the field of criminology and justice studies This book aims to meet the need for a comprehensive reliable and accessible overview of the subject It draws together leading authorities on the subject from around the world in order to elucidate and discuss the key concepts and principles of restorative justice

explain how the campaign for restorative justice arose and developed into the influential social movement it is today describe the variety of restorative justice practices explain how they have developed in various places and contexts and critically examine their rationales and effects identify and examine key tensions and issues within the restorative justice movement brings a variety of disciplinary and interdisciplinary perspectives to bear upon the understanding and assessment of restorative justice The Handbook of Restorative Justice is essential reading for students and practitioners in the field

Reimagining Restorative Justice David O'Mahony, Jonathan Doak, 2017-09-21 Restorative justice theory has largely failed to keep pace with the rapid expansion of restorative practices worldwide indeed it is remarkable how much support RJ has when so few advocates can even define what it is As such this insightful and comprehensive new contribution from two of the top scholars on the frontlines of restorative justice research is hugely welcome Professor Shadd Maruna Centre for Criminology and Criminal Justice University of Manchester Reimagining Restorative Justice is a reflective and balanced reconsideration of restorative justice It deftly sweeps across the large literature on the subject putting it in perspective seeing anew through its wide angle lens Empowerment and accountability provide a fertile framework for this richly reimagined justice Professor John Braithwaite Australian National University David O Mahony and Jonathan Doak have made a significant contribution to the confusing and over complicated field of restorative justice theory They do so through their use of empowerment theory to bring conceptual and operational clarity to the concepts of agency and accountability in restorative processes and outcomes As a result they develop a convincing argument for face to face dialogue between victim and perpetrator within the core of the criminal justice system Their emphasis upon ethical and skilful practice is a welcome riposte to the rapid spread of restorative justice lite driven by managerialism and the need to cut costs Tim Chapman Lecturer at the University of Ulster O Mahony and Doak convincingly argue that rapid developments in the practice of restorative interventions have outstripped restorative justice theory They provide both an outstandingly helpful review of the literature and a fresh theoretical approach based on empowerment theory Everyone seriously interested in restorative justice will want to reflect carefully on the authors conclusions Anthony Bottoms Emeritus Wolfson Professor of Criminology at the University of Cambridge In recent years restorative based interventions have expanded rapidly and are increasingly viewed as a legitimate and even superior means of delivering justice The result of this swift but piecemeal development has been that restorative justice practice has outpaced the development of restorative justice theory This book takes up this challenge by reimagining a new framework for the operation of restorative justice within criminal justice In essence it is contended that the core empowering values of agency and accountability provide a lens for reimagining how restorative justice works and the normative goals it ought to encompass Restorative Justice Gerry Johnstone, 2001-05-01 First published in 2001 Routledge is an imprint of Taylor Francis an informa company **Perceptions of Criminal Justice** Vicky De Mesmaecker, 2014-03-05 In recent decades research into the legitimacy of criminal justice has convincingly demonstrated the

importance of procedural justice to citizens sense of trust and confidence in legal authorities and their resulting willingness to conform to the law and cooperate with the legal authorities Reversing the age old question why do people break the law theories of procedural justice have provided insight into the factors that encourage people to abide by the law suggesting that experiences of procedural fairness are crucial to achieving compliance with the law and to enhancing the legitimacy of criminal justice While these studies are important in showing that legal authorities need to pay attention to the fairness judgements of the people involved in legal procedures the focus on showing the importance of procedural justice has had the ironic consequence of distracting researchers from studying the equally important question of what fairness means to the people involved in legal proceedings In one of the first studies on procedural justice to use a qualitative research design the author provides the reader with detailed and insightful descriptions of the elements that determine how victims and defendants assess the fairness of their contact with the police and the courts Focusing on both the pre trial and the post trial phases this book will be of interest to academics and students engaged in the study of the psychology of law procedural justice and the legitimacy of criminal justice Victims of Crime and Community Justice Brian Williams, 2005-05-15 Dr Brian Williams lays bare the assumptions about victims and offenders that currently restrict efficient policy making He evaluates proposed solutions including restorative justice and informal community justice and draws on evidence and experiences from the UK and around the world to investigate which measures have proved effective Criminal Justice 2000 Michael Cavadino, Iain Crow, James Dignan, 1999 A comprehensive outline of criminal justice in the UK at the turn of the century by three of the UK's leading exponents and that contains suggestions for restorative justice approaches for the future

**Criminal Justice 2000** Mick Cavadino, Iain Crow, 1999-06-30 A comprehensive outline of criminal justice in the UK at the turn of the century by three of the UK's leading exponents and that contains suggestions for restorative justice approaches for the future **Restorative Justice for Juveniles** Lode Walgrave, 1998 A selection of papers presented at the international conference Leuven May 12-14 1997 Criminology and Public Theology Millie, Andrew, 2020-11-11 At a time when criminal justice systems appear to be in a permanent state of crisis leading scholars from criminology and theology come together to challenge criminal justice orthodoxy by questioning the dominance of retributive punishment This timely and unique contribution considers alternatives that draw on Christian ideas of hope mercy and restoration Promoting cross disciplinary learning the book will be of interest to academics and students of criminology socio legal studies legal philosophy public theology and religious studies as well as practitioners and policy makers **Justice in the Making: Relating, Participating, Communicating** Robyn Ann Penman, 2025-01-12 Why don't measures relying on distributive justice really seem to solve social justice problems How can we account for the persistence of racist injustice despite good intentions How well is justice really served in our adversarial system in courts Are procedural justice measures really good enough Has restorative justice been co-opted and compromised by the conventional justice system Robyn Penman invites you to explore

with her what it can mean to reimagine justice as something we make together in the dynamic process of relating and communicating with all its uncertainties and open endedness She draws particularly on ideas from the relational turn in philosophy on pragmatism on social constructionism and on a communication perspective Using a relational communication framework Robyn Penman shows how it is possible to pick up the threads of recent critiques and reform proposals in the justice literature and transform them into something so much better In doing so she develops a rich grammar including concepts such as relational responsivity and responsibility to account for the dynamics of making justice She also offers new insights and possibilities towards acting justly in an ongoing co created process
