*Being Gay in Ireland* Gerard Rodgers,2018-06-20 In *Being Gay in Ireland* Resisting Stigma in the Evolving Present Gerard Rodgers argues that existing theory and research on the lives of gay men often exhibits a social weightlessness such that self beliefs are frequently decoupled from an analysis of society History and conventions inform and shape gay men s self beliefs yet psychology as a discipline rarely dialogues with historical or political scholarship Rodgers corrects this oversight with a critical analysis of the decades of socio political struggle in Ireland and elsewhere Rodgers captures the lives of gay men who are situated in varied contexts and who all despite their different situations possess self beliefs that are shaped by wider historical traditions and evolving social change Rodgers argues that the nuances and particulars of self beliefs are significantly affected by wider historical traditions and evolving social and political changes Through his reconstruction Rodgers provides practitioners of applied psychological and therapeutic disciplines with an in depth picture of how historical context and social justice successes have interacted with gay men s self beliefs with a particular focus on how prosocial resistances against prejudice have incrementally eroded historical standards of gay stigma

Interdisciplinary Handbook of the Person-Centered Approach Jeffrey H. D. Cornelius-White,Renate Motschnig-Pitrik,Michael Lux,2013-06-04 This book examines the scientific contribution and increasing relevance of the Person Centered Approach PCA in psychotherapy The direction taken in the book is to provide readers with a multidisciplinary and multi perspective view as well as practical applications Beyond the more conventional psychotherapy applications client centered experimental emotion focused child centered motivational interviewing existential filial etc others have evolved including peace and conflict resolution work encounter and T groups nonviolent communication parent effectiveness training person centered planning for people with disabilities relationship enhancement methods learner centered education technology enhanced learning environments human relations leadership training etc Simultaneously scientific disciplines were influenced by this perspective in less obvious ways Hence the major contribution of this book is to identify and characterize the key bridges so far only partly recognized between the PCA and several other disciplines Based on the results of the bridge building endeavor the editors will propose an initial formulation of the PCA as a meta theory It is intended as a generic framework to solve complex social problems and to stimulate further research and development concerning the human species in relationship to its environment

Person-Centred Therapy Keith Tudor,Mike Worrall,2006-09-27 The person centred approach is one of the most popular enduring and respected approaches to psychotherapy and counselling Person Centred Therapy returns to its original formulations to define it as radically different

from other self oriented therapies Keith Tudor and Mike Worrall draw on a wealth of experience as practitioners a deep knowledge of the approach and its history and a broad and inclusive awareness of other approaches This significant contribution to the advancement of person centred therapy Examines the roots of person centred thinking in existential phenomenological and organismic philosophy Locates the approach in the context of other approaches to psychotherapy and counselling Shows how recent research in areas such as neuroscience support the philosophical premises of person centred therapy Challenges person centred therapists to examine their practice in the light of the history and philosophical principles of the approach Person Centred Therapy offers new and exciting perspectives on the process and practice of therapy and will encourage person centred practitioners to think about their work in deeper and more sophisticated ways The Open Knowledge Society Miltiadis D. **Person-Centred Counselling Psychology** Ewan Gillon, 2007-06-18 Not only is this the first key text on person centred counselling psychology but one of the best introductions to the approach Gillon combines an in depth understanding of the person centred field with a highly accessible writing style to produce a book that will be of enormous value to anyone wanting to practice person centred therapy Essential reading for trainee and practising counselling psychologists with an interest in the person centred approach and highly recommended for counsellors and psychotherapists of all orientations Mick Cooper Professor of Counselling Counselling Unit University of Strathclyde Person Centred Counselling Psychology An Introduction is an introduction to the

philosophy theory and practice of the person centred approach Focusing on the psychological underpinnings of the approach Ewan Gillon describes the theory of personality on which it is based and the nature of the therapeutic which is characterised by o unconditional positive regard o empathy o congruence The book shows how the person centred approach relates to others within counselling psychology and to contemporary practices in mental health generally It also gives guidance to readers on the approach s research tradition as well as considering key issues for those wishing to train and work as a person centred practitioner As such it is designed to be an applied accessible text providing a dialogue between the psychological basis of person centred therapy and its application within the real world As well as psychology students it will be of interest to those from other disciplines counselling trainees those within the caring professions and person centred therapists from a non psychological background Ewan Gillon is Director of The Edinburgh Psychology Centre and Lecturer in Counselling Psychology at Glasgow Caledonian University      Person-Centred Counselling in Action Dave Mearns,Brian Thorne,2007-05-21 Watch Dave Mearns and Brian Thorne s video on YouTube to hear the story behind the writing of the Third Edition and to find out about Dave s time spent under the stewardship of Carl Rogers SAGE celebrated the 20th Anniversary of the Counselling in Action series in November 2008 To view the video click [here](#) REVIEWS Thank you for revising the bible I am a tutor on a so called integrative counselling course and I thoroughly endorse the idea that Carl Rogers would have welcomed this honesty and new interpretation of his model Your SAGE book is indeed a bible and I have repeatedly recommended it to the students lecturer YouTube For students and those new to person centred counselling there is a clear exposition of person centred theory For experienced practitioners there are new and challenging theoretical developments within the person centred approach If new to counselling this is a must have If wondering whether to invest in this edition when there is already a copy of the earlier one on the shelf the challenge of the new theoretical material is persuasive but if that is not enough then the updated practice guidance the practical questions and answers and the comprehensive references must make this new edition another bestseller Therapy Today It is now almost twenty years since the first edition of Person Centred Counselling in Action appeared In that time this SAGE bestseller has maintained enormous popularity with trainees and practitioners and has achieved world wide acclaim This substantially revised Third Edition provides an excellent introduction to the theory and practice of person centred counselling while incorporating exciting new developments in the approach Dave Mearns and Brian Thorne have preserved the compelling and accessible style of its predecessors At the same time they provoke reflection on many of the key issues which concern not only person centred practitioners but those across the whole counselling and psychotherapy field New to this edition is the inclusion of relational depth a key development for the person centred approach and counselling generally extended discussion of the counsellor s use of self a new chapter containing the authors answers to frequently asked questions the inclusion of diversity issues covering religion gender and sexual orientation further reading suggestions Much has changed in the person centred

orientation since the death of Carl Rogers in 1987 Not only have new schools of thought emerged with different emphases and therapeutic possibilities but the authors of this book have themselves been responsible for significant advances in key areas of person centred theory and practice These developments are fully reflected in the revised text Continuing to offer a clear exposition of the theory and practice of the approach Person Centred Counselling in Action Third Edition will be invaluable for those embarking on their first stages of training Well established practitioners and even seasoned scholars will continue to find much to interest and stimulate them Praise for previous editions An important book a most sophisticated text Mearns and Thorne have written a book for all counsellors and psychotherapists The reader will be left both grateful and hungry for more British Journal of Guidance and Counselling The discussion of empathy acceptance and congruence is central and should be required reading for all trainees working to understand the richness of these core concepts outstanding Counselling and Psychotherapy The Journal of the British Association for Counselling and Psychotherapy Without doubt the clearest description of the person centred approach to counselling that I have read apart from Carl Rogers own writings I felt that I had got to know both Dave Mearns and Brian Thorne through their offering the reader their own congruence and I found this aspect of the book at times quite moving Social Work Today Gives real insight into person centred counselling This is a gentle book an absolute delight to read I couldn't put it down as it held me in the realm of my own feelings I would like to thank both authors for sharing so much of their intimate selves I recommend this book to trainee counsellors trained counsellors clients and those involved in the helping professions It is a book that has influenced me and that I would not want to be without BPS Counselling Psychology Review Excellent all rounder for practitioners to learn and build upon counselling skills with young offenders lecturer Guidance Youth and Youth Justice Nottingham Trent University An excellent text Student friendly and covering all main issues lecturer Psychology Swansea Institute of HE Stimulates a re exploration of the doctor patient relationship British Medical Journal I felt understood by this book Ann Weiser PCA Letter Network This book could very sensibly be placed on the reading lists of all counselling trainers and trainees this is the most informative and useful book I have read in a long time and I have no doubt that if Carl Rogers were still alive today he would not only agree but also acknowledge experiencing some envy Changes The skilful conveying of tenderness and building of trust are well explained and described with lots of case study examples Guidance Matters Excellent book a useful and practical way to underpin current emphasis on humanism in nursing lecturer West London NHS Mental Health Trust Continues to be an excellent easy introduction but with depth Deserves to be a bestseller lecturer Preston College The book conveys the profound respect for the person for his/her autonomy and uniqueness which is inherent in the Rogerian approach British Journal of Medical Psychology A marvelous book highly recommended Someone has finally written an easily accessible book about the theory and practice mostly practice of the kind of therapy that makes the most sense to many focusers Hurrah The Focusing Connection Truly allows the reader to enter the world of the person centered counsellor

Contemporary Psychology Person Centred Counselling in Action written by Dave Mearns and Brian Thorne was originally published in 1988 about a year after the death of Carl Rogers It has helped to maintain and stimulate interest in this approach and has become a best seller in the Counselling in Action series The Journal of Critical Psychology Counselling and Psychotherapy     Experiential Learning for Professional Helpers Godfrey T. Barrett-Lennard, 2017-04-07 This book describes a series of ground breaking residential workshops in therapeutic counselling in the 1960s for people working in mental health and social care disciplines seeking to expand and deepen their reach The work is unique in the scope of its research into the process and outcomes of such active immersive enquiry in this area Besides a wealth of more systematic features the author invites us into the initial conversations in the meeting room and then follows the group members back into their lives allowing us to see both early outcomes and the impact of participation up to ten years later Finally Barrett Lennard reflects on the extended history of the intensive workshops and the related group work in other contexts they led into He makes a compelling argument that such an intensive participatory process is as powerful today as it was in the 1960s The blend of rich qualitative and empirical data and theory is a unique strength It will be a great resource for students and scholars in applied psychology and psychotherapy as well as for practicing therapists and trainees committed to meaningful work with their client groups
