'The Real Scriptures' of God James Platter,2012-08-14 Inside the covers of this book you will find the Real Scriptures of the Christian churches Many church leaders know that other Christian churches hold to these books but they are only willing to state what they have been brain washed to believe that is about the other inferior books It isn't in the canon of scripture formed of course by the early Catholic Church at various stages and Councils from the fourth century A D therefore no one has the right to change what is in the canon of scripture and the Catholic Church changed it in their councils not in agreement of other Christians but to hide their offence at the words of God They would not even imagine that different churches have different scriptures and assume that the correct canon of scripture must be the one first declared by the Catholic Church and its priests but other priests must be considered demented or apostate but they are not affected by the changes they made to the canon of Scripture over many centuries They will not consider the canons of Orthodox Churches or others because they vary in different regions of the world So is European Christianity based in the Vatican City right about all its holy scriptures while everyone else's church scriptures are false scriptures Ethiopia it seems got most books of scripture right even with their translation into an ancient language The Real Scriptures edited by James Platter above a layman who formerly studied the scriptures for many years with the Baptist Bible Fellowship in San Dimas California in the United States but now rejects the reduced 1627 A D Version of the KJV Bible and formally learned the Greek language of the New Testament at Capernwray Missionary Fellowship Moss Vale N S W Australia under the Reverend Alan Catchpoole in 1973

Torture, Psychoanalysis and Human Rights Monica Luci,2017-04-28 Torture Psychoanalysis and Human Rights contributes to the development of that field of study called psycho social that is presently more and more committed to

providing understanding of social phenomena making use of the explicative perspective of psychoanalysis The book seeks to develop a concise and integrated framework of understanding of torture as a socio political phenomenon based on psychoanalytic thinking through which different dimensions of the subject of study become more comprehensible Monica Luci argues that torture performs a covert emotional function in society In order to identify what this function might be a profile of torturous societies and the main psychological dynamics of social actors involved torturers victims and bystanders are drawn from literature Accordingly a wide ranging description of the phenomenology of torture is provided detecting an inclusive and recurring pattern of key elements Relying on psychoanalytic concepts derived from different theoretical traditions including British object relations theories American relational psychoanalysis and analytical psychology the study provides an advanced line of conceptual research shaping a model whose aim is to grasp the deep meaning of key intrapsychic interpersonal and group dynamics involved in torture Once a sufficiently coherent understanding has been reached Luci proposes using it as a groundwork tool in the human rights field to re think the best strategies of prevention and recovery from post torture psychological and social suffering The book initiates a dialogue between psychoanalysis and human rights showing that the proposed psychoanalytic understanding is a viable conceptualisation for expanding thinking of crucial issues regarding torture which might be relevant to human rights and legal doctrine such as the responsibility of perpetrators the reparation of victims and the question of truth Torture Psychoanalysis and Human Rights is the first book to build a psychoanalytic theory of torture from which psychological social and legal reflections as well as practical aspects of treatment can be mutually derived and understood It will appeal to psychoanalysts psychoanalytic psychotherapists and Jungians as well as scholars of politics social work and justice and human rights and postgraduate students studying across these fields
