A Layman's Guide to the Spirit World W. Nicholas,2009

A Layman's Look at Life Sean Ferguson,2024-05-16

Consider this small book to be a message in a bottle cast in the ocean If you should find it washed up on your shore you will find it is not a request for help or rescue Rather it s more of a treasure map pointing to a road less traveled by many Using

science religion philosophy observation common sense thousands of hours pondering and hundreds of hours studying the author offers some interesting thoughts about life It s not an attempt to sell you anything but an effort to pique your curiosity fire your imagination and hopefully point you to a path of new discovery As a recovered alcoholic who has suffered from lifelong clinical depression the author shares a perspective gained by painful experience and a newly discovered strong foundation upon which to stand The result is a new way to view the world which will lead you to your own path of discovery It should make you question and verify everything you believe Keep asking questions eliminate the frivolous and find your rock to stand on

A Layman'S Guide to Ecclesiastes Dr. David R. Brown,2012-09-13 The book of Ecclesiastes was written three thousand years ago but it reads like it was written for twenty first century men and women Why dont pleasure and wealth bring lasting satisfaction Is life really worth the hassle No matter what you accomplish or how wise you are isnt the end game always the samedeath A Laymans Guide to Ecclesiastes helps you work through these and other questions the author of Ecclesiastes ponders A Laymans Guide to Ecclesiastes differs from other books on Ecclesiastes It is written from a laymans point of view the author is an astronomer who nevertheless has gained a deep appreciation for Ecclesiastes during his fifteen year period of study A Laymans Guide to Ecclesiastes is not restricted to one point of view on a passage The author presents his view but also includes the thoughts of other commentators covering a wide spectrum of interpretations so that you can come to a solid understanding of the issues on your own Young or old skeptic or believer wise or searching for wisdom let A Laymans Guide to Ecclesiastes assist your search for understanding in your life experiences whether they are mundane extraordinary or seemingly inexplicable

A Layman'S Commentary Volume 4 John Devine,2014-01-16 In todays world it can be difficult to maintain your faith Those seeking a greater understanding of the Bible have numerous excellent theological commentaries available to them but due to volume and depth many of these are out of reach of laypeople Others lose contact with the Bible because it no longer seems relevant to life They use a superficial knowledge of science and evolution to exclude God and faith from their experiences The Laymans Commentary Volume 4Books of the Major and Minor Prophets presents a passage by passage explanation of the seventeen books of the Bible known as the Prophets In this fourth volume author John Devine covers the period from the division of the United Kingdom of Israel to the end of the Monarchy and the Return of the Remnant from exile in Babylon He explains Gods continued self revelation and plan for a relationship with humankind in his dealings with the nation of Israel He considers the conflict and consequences of the desire of the individual to be independent from God Further understanding of Gods moral standard which has been the backbone of Western society is given Devine also lays out the basis for a full and rewarding relationship with God The fourth book in The Laymans Commentary series Volume 4Books of the Major and Minor Prophets shows that the prophetic messages are still valid today because Gods character has not changed nor has the frailty of human nature People look for an anointed One who will come and put all things right Predicted by most of the prophets he is seen as the Hope of Israel a prophet priest and king

who will include all nations of the earth in his eternal kingdom

The Layman's Manual on Christian Apologetics Brian G. Chilton,2019-11-14

Modern Christians have been bombarded by objections launched against the Christian faith from popular secular authors bloggers and stars from the entertainment industry The church is quickly beginning to acknowledge the need for apologetics due to the number of youth and adults alike leaving the faith But how does one respond to these objections For the laity of the church this is especially difficult as many are left without the proper training to know how to answer these objections In *The Layman's Manual on Christian Apologetics* the essentials of apologetics are taken from the ivory towers of academia and are made available to those who have not obtained seminary training or for those thinking about attending seminary In this book three major areas of apologetics are covered The first unit engages the nature of truth and what can be known The second unit deals with the existence of God and issues involving God's existence The last unit tackles historical objections to the resurrection of Jesus and early Christianity *The Layman's Manual on Christian Apologetics* delivers heavy apologetic issues with the laity in mind and blends in personal illustrations to make the material applicable
