Religion And Legitimation Of Power In Thailand Laos And Burma:

Religion and Legitimation of Power in Thailand, Laos, and Burma Bardwell L. Smith, 1978 *Thailand's Buddhist Kingship in the 20th and 21st Centuries* Marie-Sybille de Vienne, 2022-03-31 Based on two decades of fieldwork including over a hundred interviews with various political and economic actors at different social levels as well as documentary and media analysis this volume presents an account of the Buddhist monarchy in Thailand offering a sociology of elites an analysis of the economic influence of the Crown and an examination of the magic and ritual dimension of kingship An exploration of the role and status of the Palace over the last century whether as a guarantor of democracy a symbol of stability a source of power or an object of popular discontent Thailand's Buddhist Kingship in the 20th and 21st Centuries will appeal to scholars of sociology and anthropology with interests in material religion politics and Southeast Asian studies

Thailand's Theory of Monarchy Patrick Jory, 2016-05-09 2016 CHOICE Outstanding Academic Title Since the 2006 coup d'état Thailand has been riven by two opposing political visions one which aspires to a modern democracy and the rule of law and another which holds to the traditional conception of a kingdom ruled by an exemplary Buddhist monarch Thailand has one of the world's largest populations of observant Buddhists and one of its last politically active monarchies This book examines the Theravada Buddhist foundations of Thailand's longstanding institution of monarchy Patrick Jory states that the storehouse of monarchical ideology is to be found in the popular literary genre known as the Jtakas tales of the Buddha's past lives The best known of these the Vessantara Jataka disseminated an ideal of an infinitely generous prince as a bodhisatta or future Buddha an ideal which remains influential in Thailand today Using primary and secondary source materials largely unknown in Western scholarship Jory traces the history of the Vessantara Jataka and its political cultural importance from the ancient to the modern period Although pressures from European colonial powers and Buddhist reformers led eventually to a revised political conception of the monarchy the older Buddhist ideal of kingship has yet endured *Buddhist-Inflected Sovereignties across the Indian Ocean* Anne M. Blackburn, 2025-01-31 Buddhist Inflected Sovereignties across the Indian Ocean draws attention to the varied historically contingent and sometimes competing arguments for and about sovereignty that operated in the Pali arena during the first half of the second millennium AD It was a time of expanding interaction within the Indian Ocean just prior to Portuguese colonial presence in Southern Asia Developing a linked series of case studies and examining territories now subsumed within the nation states of Sri Lanka Burma Myanmar and Thailand Blackburn examines sovereign arguments expressed textually as well as in the built environment by persons with an interest in the teachings and institutions associated with Gotama Buddha These cases show that no single model of Buddhist inflected sovereignty dominated the Pali arena during this time and that there was no stable vision of Buddhist kingship Rather over time there was an accrual of possible models and pathways for argumentation about how sovereigns could and should relate to Buddha's sāsana Taking inspiration from diverse sources transmitted through

multiple forms and media arguments for and about sovereignty in the Pali arena were contested and rapidly changing As the Indian Ocean increasingly shaped the flow of people objects and ideas more peoples and territories participated in the Pali arena attracted by its intellectual and aesthetic resources Drawing on extensive scholarship and a wide range of multilingual source materials from premodern Sri Lanka Burma Thailand and Cambodia Anne M Blackburn develops innovative conclusions about the relationships between textuality sovereignty maritime connectivity and material culture in each of these areas The book contributes simultaneously to several fields of study the intellectual history of Southern Asia literary and historical scholarship on Buddhism and historical studies of the Indian Ocean By offering accessible yet in depth analysis Buddhist Inflected Sovereignities across the Indian Ocean connects research fields and introduces new interpretive possibilities for the study of sovereignty politics premodern textual cultures and Buddhism

Global Rebellion Mark Juergensmeyer, 2008 This is an indispensable book in helping us understand the new world disorder that seems to be overtaking us Juergensmeyer points out that much of the world neither understands nor finds attractive the idea of a secular state He helps us see that religious nationalism is a fact of life that will be with us for a long time to come Deconstructing any simple notion of fundamentalism he shows us how it is possible to live with religious nationalism constructively without demonizing it That is a major achievement Robert Bellah coauthor of *Habits of the Heart* For years Mark Juergensmeyer has served as a kind of Cassandra figure warning us all about the rise of religious violence the global reach of religious nationalism and the challenges posed by new religious identities to the secular nation state Now that the world is finally listening Juergensmeyer remains our best guide in unraveling the complex interplay between religion and politics in the modern world *Global Rebellion* once again demonstrates why Juergensmeyer is the foremost authority on the global sociology of religion This is an awe inspiring work by arguably the most important thinker on the subject Reza Aslan author of *No god but God The Origins Evolution and Future of Islam*

Spreading the Dhamma Daniel Veidlinger, 2006-08-31 How did early Buddhists actually encounter the seminal texts of their religion What were the attitudes held by monks and laypeople toward the written and oral Pali traditions In this pioneering work Daniel Veidlinger explores these questions in the context of the northern Thai kingdom of Lan Na Drawing on a vast array of sources including indigenous chronicles reports by foreign visitors inscriptions and palm leaf manuscripts he traces the role of written Buddhist texts in the predominantly oral milieu of northern Thailand from the fifteenth to the nineteenth centuries Veidlinger examines how the written word was assimilated into existing Buddhist and monastic practice in the region considering the use of manuscripts for textual study and recitation as well as the place of writing in the cultic and ritual life of the faithful He shows how manuscripts fit into the economy describes how they were made and stored and highlights the understudied issue of the cult of the book in Theravada Buddhism Looking at the wider Theravada world Veidlinger argues that manuscripts in

Burma and Sri Lanka played a more central role in the preservation and dissemination of Buddhist texts. By offering a detailed examination of the motivations driving those who sponsored manuscript production, this study draws attention to the vital role played by forest dwelling monastic orders introduced from Sri Lanka in the development of Lan Na's written Pali heritage. It also considers the rivalry between those monks who wished to preserve the older oral tradition and monks, rulers, and laypeople who supported the expansion of the new medium of writing.

The Culture of Giving in Myanmar Hiroko Kawanami, 2020-06-11 How can people living in one of the poorest countries in the world be among the most charitable? In this book, Hiroko Kawanami examines the culture of giving in Myanmar and explores the pivotal role that Buddhist monastic members occupy in creating a platform for civil society. Despite having at one time been listed as one of the poorest countries in the world in GNP terms, Myanmar has topped a global generosity list for the past four years, with more than 90 percent of the population engaged in giving activities. This book explores the close relationship that Buddhists share with the monastic community in Myanmar, extending observations of this relationship into an understanding of wider Buddhist cultures. It then examines how deeply the reciprocal transactions of giving and receiving in society or interdependent living are implicated in the Buddhist faith. *The Culture of Giving in Myanmar* fills a gap in research on Buddhist offerings in Myanmar and is an important contribution to the growing field of Myanmar studies and anthropology of Buddhism.

Living with the Vinaya Ryosuke Kuramoto, 2024-11-30 Around the first century BCE, Buddhist monks formed monasteries and established relationships with kings and lay people. The rules monks live by, the Vinaya, are a pivotal source of meaning for them and their dealings with society and form the basis of multiple monasticisms across geographical regions and throughout history. The ways in which the Vinaya is understood and practiced therefore must take into account the kind of monasticism that emerges from it. In *Living with the Vinaya*, Ryosuke Kuramoto examines the process of creating monasticism in contemporary Myanmar by focusing on how monks acquire, possess, and consume material goods. To live as a monk means to obtain resources from society and to own and use these according to monastic rules. Over the centuries, as monks interacted more with the world beyond the monastery, the question of what a monk should be became a concern for not only monks but also government authorities and lay people. How monks interpreted and observed the Vinaya became a question of legitimacy and power. Kuramoto's ethnographic analysis reveals the constant re-creation of monasticism in Myanmar resulting from the interactions between monks and these groups in response to this question. He identifies some of the key mechanisms by which monasticism and broader Buddhist institutions are created and transformed and concludes that monastic governance is inseparable from the Buddhist state and the society that surrounds it.

A Sense of Place and Belonging Klemens Karlsson, 2025-03-15 *A Sense of Place and Belonging* examines a marginalized society, Chiang Tung Keng Tung, in the Eastern Shan State of Myanmar, between the dominant cultures of the Burmese, Chinese, and Siamese/Thai. Chiang Tung sits at the historic borderland known as the Golden Triangle, an area marked by drug trade, human trafficking, and civil war. Hiding a

glorious literary and visual cultural tradition from the fourteenth century Chiang Tung is remarkable for how well it has maintained its Buddhist culture in the turbulent history of war and forced resettlement that formed northern Southeast Asia Klemens Karlsson examines the connection between the Buddhist traditions the ancient cult of territory spirits a cult of the earth place and village that forms a kind of religious map and the monsoon culture of wet rice irrigation Tying together myths and memories told by local people and written in local chronicles with the unique performance of the Songkran festival which dramatizes a symbolic agreement between Tai Khuen people and the indigenous Lua Lawa people A Sense of Place and Belonging presents a historical political religious and cultural context connecting the present with the past the local with the global and tradition with change and transformation
