Marcion Muhammad The Mahatma Exegetical Perspectives On The Encounter Of Cultures Faiths:

The Arch-heretic Marcion Sebastian Moll, 2010 Originally presented as the author's thesis Ph D University of Edinburgh 2009 **A Companion to Second-Century Christian 'Heretics'** Antti Marjanen, Petri Luomanen, 2005-07-01 The book illuminates the other side of early Christianity by examining thinkers and movements that were embraced by many second century religious seekers as legitimate forms of Christianity but which are now largely forgotten or are known only from the characteristics attributed to them in the writings of their main adversaries The collection deals with the following teachers and movements Basilides Sethianism Valentinus school Marcion Tatian Bardaisan Montanists Cerinthus Ebionites Nazarenes Jewish Christianity of the Pseudo Clementines and Elchasites Where appropriate the authors have included an overview of the life and significant publications of the heretics along with a description of their theologies and movements Therefore this volume can serve as a handbook of the second century heretics and their heresies Since all the chapters have been written by specialists who wrestle daily with their research themes the contributions also offer new perspectives and insights stimulating further discussion on this fascinating but often neglected side of early Christianity Marcion, Muhammad and the Mahatma Heikki Räisänen, 1997 Argues that the new historical consciousness of the relativity of all cultures profoundly affects our view of scripture *Justin against Marcion* Andrew Hayes, 2017-04-01 In a period where Christianity was only beginning to form a definitive identity Marcion played a remarkable and generative role Andrew Hayes takes the measure of his impact on second century Christianity through a close examination of the topics and structure of Justin Martyr's writings especially the Dialogue with Trypho demonstrating that Justin repeatedly described Christianity in a contra Marcionite fashion Arguing that the early part of the Dialogue is in fact a contra Marcionite prelude to all the major themes in the rest of the piece Hayes claims that the chief task Justin took for himself was to seize back from Marcion the terms of Christian self definition Marcion is thus far more important for Justin's work than the few places where he is explicitly named might suggest and Hayes shows that these texts are far from anomalous they reveal Justin's deeper agenda of presenting Marcion as a demonic instrument Students of the second century of Marcion and of Justin alike will find much to reevaluate in these pages **Making Sense of Old Testament Genocide** Christian Hofreiter, 2018 The divine commands to annihilate the seven nations living in Canaan to devote them to destruction herem in Biblical Hebrew are perhaps the most morally troubling texts of the Hebrew and Christian bibles Making Sense of Old Testament Genocide Christian Interpretations of Herem Passages addresses the challenges these texts pose It presents the various ways in which interpreters from the first century to the twenty first have attempted to make sense of them The most troubling approach was no doubt to read them as divine sanction and inspiration for violence and war the analysis of the use of herem texts in the crusades the inquisition and various colonial conquests illustrates this violent way of reading the texts which has such alarming contemporary relevance Three additional approaches can also be traced to antiquity viz pre critical non literal and divine command theory readings

Finally critics of Christianity from antiquity via the Enlightenment to today have referenced herem texts their critical voices are included as well Christian Hofreiter combines a presentation of a wide range of historical sources with careful analysis that scrutinizes the arguments made and locates the texts in their wider contexts Influential contributions of such well known figures as Augustine Origen Gregory the Great Thomas Aquinas and John Calvin are included as well as those of critics such as Marcion Celsus and Matthew Tindal and less widely known texts such as crusading histories songs and sermons colonial conquest accounts and inquisition manuals The book thus sheds new light on the ways in which these texts have shaped the thoughts and actions of their readers through the centuries and offers pertinent insights into how readers might be able to make sense of them today

The Real Messiah Stephan Huller,2012-01-01 Highly controversial but impeccably researched The Real Messiah explodes the myth that Jesus was the long prophesied Messiah of the Jewish nation Indeed it argues that Jesus never claimed that role but thought of himself as herald to the true Messiah Marcus Julius Agrippa the last King of the Jews and Jesus contemporary It was he who truly founded what became known as Christianity and wanted to build a faith to which anyone could aspire Though Marcus Agrippa was initially successful with the passing of time those in charge of the new faith capitulated to the whims of successive Roman Emperors and centered their religion on Jesus instead

Challenges to Biblical Interpretation Heikki Räisänen,2001-01-01 This book questions the authenticity of some sayings and stories counted to the bedrock of the Jesus tradition analyses the ambiguous relationship of early Christians to their Jewish heritage and offers a fresh discussion of fundamental questions of principle It offers a selection of the author s seminal recent articles focusing on Jesus Paul and questions of principle The author reflects on the use of New Testament in responsible modern theology defending classical historical criticism against recent challenges

The Fabricated Christ Paul Laffan,2019-06-24 The last 150 years of biblical scholarship have revolutionised the understanding of the four Gospels The revolution remains however largely unknown to the general public Paul Laffan s The Fabricated Christ argues for the wider dissemination of this knowledge and tasks those engaged in biblical criticism with greater honesty and frankness about the results of their research

Jesus and the Peasants Douglas E. Oakman,2008-01-01 While some of the chapters focus on systemic issues others probe the depths of individual Gospel passages The author s keen eye for textual detail archaeological data comparative materials and systemic overviews make this volume a joy for anyone interested in understanding Jesus in his own context The volume is organized into three interrelated parts 1 political economy and the peasant values of Jesus 2 the Jesus traditions within peasant realities and 3 the peasant aims of Jesus

Three Skeptics and the Bible Jeffrey L. Morrow,2016-01-19 Biblical scholars by and large remain unaware of the history of their own discipline This present volume seeks to remedy that situation by exploring the early history of modern biblical criticism in the seventeenth century prior to the time of the Enlightenment when the birth of modern biblical criticism is usually dated After surveying the earlier medieval origins of modern biblical criticism the essays in this book focus on the more skeptical works

of Isaac La Peyrere Thomas Hobbes and Baruch Spinoza whose biblical interpretation laid the foundation for what would emerge in the eighteenth and nineteenth centuries as modern biblical criticism
