Marital Imagery in the Bible It can only be imagined that when the New Testament writers made their albeit brief comments on divorce and remarriage that they assumed they would be understood. So what has gone wrong? In the years after the destruction of Jerusalem in 70 CE when Graeco-Roman culture was at its height the Jewish perspective of marriage and divorce and thus the context of those brief New Testament comments was lost. The Christian church of that era was influenced by the neoplatonic ideas of the day and an idealised concept of marriage developed from Adam and Eve's marriage recorded in Genesis 2:23. It was love at first sight, a marriage made in heaven. These concepts frame an understanding of marriage in much of Western culture even today. However that was never the understanding of ancient Israel. Instead they looked to Genesis 2:24. Therefore a man shall leave his father and his mother and hold fast to his wife and they shall become one flesh, so a naturally born man chooses a wife for himself and their union was based on a covenant in other words an agreement. The Old Testament makes it clear what the basis of that agreement was. Furthermore it is clear if that agreement was broken there could be a divorce and a remarriage. All the Bible's marital imagery where the Hebrew and Christian Scriptures imagine that God is married to his people is based on that understanding of human marriage. But so strong is our concept of marriage that when Genesis 2:24 is referred to in the New Testament it is thought that the reference is to Adam and Eve's marriage. It is a paradigmatic marriage that for many excludes or greatly restricts the possibility of divorce and remarriage. This study looks to challenge that paradigm and to suggest that the New Testament writers would not have employed an imagery which had at its center divorce and remarriage only to deny the possibility of such in their

own human marriage teaching Colin Hamer's thesis represents the only recent work on metaphor theory in biblical scholarship. It challenges centuries of academic scholarship and ecclesiastical assumptions about divorce. Hamer's detailed and well researched analysis challenges the consensus view that the marriage of Adam and Eve in Gen 2:24 represents an ontological unity suggesting important implications for contemporary Christian teaching on marriage and divorce. **Jesus' Family Values** Deirdre Good, 2006-11 What are Christian family values why are there so many interpretations of what Jesus actually taught and said and which biblical values should guide our lives Many people claim to know what Jesus would say or do in the kinds of ethical dilemmas we face today but applying traditional Christian values out of context actually sells Jesus teachings short Through careful attention to the words and stories of Matthew Luke Mark and John and the letters of Paul Deirdre Good provides an ideal method for learning what the Bible has to say to our communities and households today

Polygamy in the Law of Moses Ryan Stephens, 2024-05-15 Polygamy in the Law of Moses argues that the Mosaic Law provides implicit support for polygamy as a licit practice in the Old Testament period This assertion is contrary to the claims of a number of contemporary influential scholars This book examines six key texts Exodus 21:7-11 Leviticus 18:18 Deuteronomy 17:17-21 15:17-22 23:29 and 25:5-10 Each of these key texts are contested by various scholars regarding their implications for understanding polygamy in the Hebrew Bible Ryan J Stephens provides an examination of each of these key texts as well as a critical interaction with and evaluation of counter claims made by scholars Stephens provides clarity to the discussion of polygamy in the Hebrew Bible in support of the view that polygamy was a licit practice in the Old Testament period **Sanctified Sexuality** Sandra Glahn, C. Gary Barnes, 2020-09-22 Expert biblical and practical advice for handling today's most challenging sexual issues Although modern culture constantly changes its views on sexuality God's design for sexuality remains the same Bringing together twenty five expert contributors in relevant fields of study Gary Barnes and Sandra Glahn address the most important and controversial areas of sexuality that Christians face today From a scriptural perspective and with an irenic tone the contributors address issues such as The theology of the human body Male and female in the Genesis creation accounts Abortion Celibacy Sexuality in marriage Contraception Infertility Cohabitation Divorce and remarriage Same sex attraction Gender dysphoria An ideal handbook for pastors counselors instructors and students Sanctified Sexuality provides solid answers and prudent advice for the many questions Christians encounter on a daily basis

Christian Kinship David A. Torrance, 2022-09-22 Ideas of kinship play a significant role in structuring everyday life and yet kinship has been neglected in Christian ethics moral philosophy and bioethics Attention has been paid in these disciplines to the ethics of family but with little regard to the evidence that kinship varies widely from culture to culture suggesting that it is in fact culturally constructed Surveying notions of shared substance e.g. blood ties house gender and personhood as theorised and practiced in the Christian tradition Torrance critiques the special privileging of the blood tie In the place of European and American cultural assumptions to the contrary it is kinship in Christ that is presented as the basis of a truly

Christian account for social ties Torrance also aims to stimulate the moral imagination to consider Christian kinship might be lived out in miniature in everyday life

Ben Sira on Family, Gender, and Sexuality Ibolya Balla, 2011 The Book of Ben Sira the longest Jewish wisdom book is a combination of wisdom poems about a personified female wisdom figure and of teachings on everyday issues including marriage family life self control desires and sexual promiscuity Its author demonstrates an anxiety regarding matters of sexuality in the discussions of social relations including marriage family life and in warnings against sexual wrongdoing This study examines all teachings concerning sexuality in the context of family relations and gender issues with a special regard to the differences between the Hebrew original text of the book and its Greek translation

Defining the New Testament Logia on Divorce and Remarriage in a Pluralistic Context Yordan Kalev Zhekov, 2009-01-01 Christian marriage is a permanent union which requires the commitment of both spouses for its maintenance through fulfillment of its stipulations The failure of the fulfillment of the latter provides legitimate grounds for divorce and remarriage of the innocent party This work employs a fourfold approach for the development of NT ethical argumentation based on Richard B Hays Moral Vision of the New Testament The author establishes the proper contextual grounds for the NT study through formulation of the Old Testament perspective on marriage as covenant The relevant NT passages are examined through historical critical and narrative critical methods A critical study of the main Christian traditions leads to an ecumenical formulation of the theological conclusions Pragmatic implementation of the thesis follows an examination of the contemporary pluralistic context and applications in both Christian communities and the larger society within its legislative system
