Race and Family Roberta L. Coles, 2006 The author provided interesting original examples which I found engaging I think the biggest strength is avoiding the one ethnicity per chapter approach found in so many books on family diversity I like the structural approach Hilary A Rose Concordia University A very useful book as a companion text for courses on race and ethnicity The chapters are easy to follow for undergraduate students Renxin Yang Northern Michigan University I think the book is needed because there are limited choices currently available and this book is moving in the right direction A strength is that it is not an edited book like so many other books on this topic There is a need for detailed study of ethnic minority families and I am excited about making this book my required text for my Ethnic Families Course Cheryl Burgan Evans Miami University I find the emphasis on social structure particularly appealing To date I have used Taylor s edited book which depends on the instructor to provide all of the integration Gretchen Cornwell Pennsylvania State University In *Race and Family A Structural Approach* author Roberta L Coles looks at ethnic minority families in a novel way through a structural lens Unlike many texts on race and family this book offers an approach that illustrates overarching structural factors affecting all families as opposed to examining each ethnicity in isolation from one another By focusing on various structural factors such as demographic economic and historical aspects this book analyzes various family trends in a cross cutting manner to exemplify the similarities and distinctions among all racial and ethnic groups

Key Features

The Prime of Life Steven Mintz, 2015-04-07 By drawing on 400 years of social and economic history the book presents a thoughtful and thorough guide through the life stages Library Journal Adulthood today is undergoing profound transformations Men and women wait until their thirties to marry have children and establish full time careers occupying a prolonged period in which they are no longer adolescents but still lack the traditional emblems of adult identity People at midlife struggle to sustain relationships with friends and partners to achieve fulfilling careers to raise their children successfully and to age gracefully The Prime of Life puts today's challenges into new perspective by exploring how past generations navigated the passage to maturity Whereas adulthood once meant culturally prescribed roles and relationships the social and economic convulsions of the last sixty years have transformed it fundamentally tearing up these shared scripts and leaving adults to fashion meaning and coherence in an increasingly individualistic culture Emphasizing adulthood's joys and fulfillments as well as its frustrations and regrets Mintz shows how cultural and historical circumstances have consistently reshaped what it means to be a grown up in contemporary society A triumph of historical writing The Spectator Mintz's message that there are many ways to wear the mantle of responsible adulthood and that the 1950s model is a mere blip on history's radar is deeply necessary and long overdue New York Times Book Review Describing the cultural economic and social changes from the Colonial era to today's world Mintz argues that neither religious nor secular middle class values are adequate responses to the new generation's problems Choice A thoughtful and strangely encouraging tour of an often difficult life stage Kirkus Reviews

Social Problems Norman Allan Dolch,Linda Bell Deutschmann,Helen K. Wise,2007-01-01 Social Problems explores the consequences of symbolic interactionism in society a theory which contends that people attach meanings to symbols such as language or gestures and base their behaviors on their interpretations of these meanings Norman A Dolch Linda Deutschmann and Helen Powell compile a number of critical and innovative essays that explore different aspects of society including mental illness race relations terrorism and family life *Kinship in Action* Andrew Strathern,Pamela J Stewart,2015-07-02 For courses in Social Organization Kinship and Cultural Ecology Kinship has made a come back in Anthropology Not only is there a line of noted general introductory works and readers in the topic but theoretical discussions have been stimulated both by technological changes in mechanisms of reproduction and by reconsiderations of how to define kinship in the most productive ways for cross cultural comparisons In addition kinship studies have moved away from the minutiae of kin terminological systems and the kinship algebra often associated with these to the broader analysis of processes historical changes and fundamental cultural meanings in which kin relationships are implicated In this changed and changing context both Andrew Strathern and Pamela J Stewart both of the University of Pittsburgh bring together a number of interests and concerns in order to provide pointers for students as well as scholars in this field of study Taking an explicitly processual approach the authors examine definitions of terms such as kinship itself approach the topic in a way that is invariably ethnographic and deploy materials from field areas where they themselves have worked *Mobile Media and Social Intimacies in Asia* Jason Vincent A. Cabañes,Cecilia S. Uy-Tioco,2020-01-09 This edited volume brings together cutting edge studies from emerging scholars of East Southeast Asia who explore the role of mobile media in the contemporary transformation of the region s social intimacies from the romantic to the familial to the communal By providing a regional and transnational overview of such studies it affords new insights into how these mobile technologies have contributed to the rise of glocal intimacies This pertains to the normalisation and intensification of how people s relationships of closeness are entangled in the ever shifting and constantly negotiated flows between global modernity and local everyday life In providing

case studies of mobile media and glocal intimacies the chapters in the volume attend to a broad range of countries that include China Korea Malaysia the Philippines Singapore Vietnam and Taiwan This illustrates the differing ways in which mobile media might be embedded in the region s divergent articulations of social intimacies which reflect the ongoing tensions between Western and Asian imaginaries of modernity The chapters also discuss a wide array of mobile media that people use from social media platforms like Facebook and Instagram to messaging apps like KakaoTalk and WhatsApp to dating apps like Tinder and Blued This allows for a mapping out of the different levels of impact that mobile media might have on social intimacies in a region that contains some of the most technologically advanced as well as the most technologically behind societies in the world In summary this book allows readers to take a comparative approach to understanding the complexity of the glocal intimacies that are emerging from the ways people in Asia use mobile media to reconfigure their local ties and to enact global relationships This volume will benefit students academics and researchers who are keen in media and communication cultural studies sociology anthropology and Asian studies This exciting and much needed book will greatly advance our efforts to decolonise media and communications research The chapters offer empirically rich and nuanced accounts that challenge the dominant paradigms about mediated intimacy Mirca Madianou Goldsmiths University of London This collection develops the original concept of glocal intimacies to describe how mobile media have become a crucial site where new social intimacies are enacted reinforced and transformed in Asia It introduces fresh empirical research from emerging scholars to furnish deep theoretical insights into these imaginaries and practices Audrey Yue National University of Singapore

The Cool Water Effect Christian Welzel, Stefan Kruse, Lennart Brunkert, Steven A. Brieger, 2025-09-28 This open access book unravels the geo climatic source of the West s emancipatory struggles and why the spirit of these struggles is about to spread around the world beyond its original geo climatic root which we describe as the Cool Water CW Condition that is the combination of mostly cool seasons with steady rain in coastal proximity What is so special about the CW Condition In a nutshell the CW Condition makes water and its derivative resources i e land usable for hunting fishery forestry crop cultivation and cattle herding so diffuse that any emerging economy only functions with decentral management of water land and labor Decentral management infuses local autonomies into the social fabric so much that evolving forms of social organization be it family households religious orders business corporations or civic associations mature under self governance Experience in self governance equips social groups with two essential skills resource mobilization and coalition building In combination these skills generate the power to organize grassroots resistance against top down impositions such as over taxation and related forms of resource extraction As a consequence the state building process begins slowly and proceeds as a conflictual affair between rulers authority ambitions and bottom up opposition This conflict steers state formation towards contractual institutional arrangements in which elected assemblies check the executive power of central rulers Under these checks government action navigates towards an indiscriminate
