On The Cutting Edge Reflections Of A Minister In Suburbia:

On the Cutting Edge Raymond J. Pontier, 1978-10-01 *The Publishers' Trade List Annual*, 1981 **Integral Ministry Training** Robert Brynjolfson, Jonathan Lewis, 2006 This manual is an invaluable resource for anyone from the global evangelical community who is involved with training people for ministry As a textbook it presents a biblical and educational framework for holistic training as well as a context sensitive process for the design of new programs and the evaluation of existing programs Packed with practical examples and aids it is a tool trainers will keep handy and use often in their course planning and implementation This book was published in partnership with the World Evangelical Alliance Who Needs a New Covenant? Michael Duane Morrison, 2008-05-01 Although covenant is a major theme in Hebrews Morrison contends all mention of covenant can be deleted without damaging the coherence of the epistle or its christological conclusions What role then does the covenant motif have in the epistle The arguments in Hebrews are aimed at a Jewish audience they ignore the needs and religious options relevant to Gentiles For the readers the Sinai covenant was the only relevant conceptual competitor to Christ First century Jews looked to the Abrahamic and Mosaic covenants as the basis of their obligations to God and God's promises toward them Although most Jewish writers merged these covenants as if they were one the author of Hebrews does not he retains the Abrahamic promises while arguing that the Mosaic covenant is obsolete The covenant concept supports the exhortations of Hebrews in two ways 1 it provides the link between priesthood worship rituals and other laws and 2 it enables the author to argue for allegiance to the community as allegiance to Christ **The Politics of Ministry** Bob Burns, Tasha D. Chapman, Donald C. Guthrie, 2019-01-08 At its most basic level politics is simply the everyday activity of getting things done with other people Filled with real life stories this book from Bob Burns Tasha Chapman and Donald Guthrie combines their long ministry experience with sociological research setting out wise principles and practices that help us see more clearly the political dynamics at play in our churches and parachurch ministries *Off-Road Disciplines* Earl Creps, 2010-12-03 In *Off Road Disciplines* Earl Creps reveals that the on road practices of prayer and Bible reading should be bolstered by the other kinds of encounters with God that occur unexpectedly complete with the bumps and bruises that happen when you go off road Becoming an off road leader requires the cultivation of certain spiritual disciplines that allow the presence of the Holy Spirit to arrange your interior life Earl Creps explores twelve central spiritual disciplines six personal and six organizational that Christian leaders of all ages and denominations need if they are to change themselves and their churches to reach out to the culture around them **Anglicanism** Martyn Percy, 2016-04-15 This focused concentration and celebration of Anglican life could not be more timely Debates on sexuality and gender including women bishops whether or not the church has a Covenant or can be a Communion and how it is ultimately led are issues that have dominated the ecclesial horizon for several decades No book on Anglicanism can ever claim to have all the answers to all the questions However Martyn Percy's work does offer significant new insights and illumination highlighting just how rich and

reflexive the Anglican tradition can be in living and proclaiming the gospel of Christ These essays provide some sharply focused snapshots of contemporary Anglicanism and cover many of the crucial issues affecting Anglicans today such as the nature of mission and ministry theological training and formation and ecclesial identity and leadership Church culture is often prey to contemporary fads and fashion Percy's work calls Anglicanism to deeper discipleship to attend to its roots identity and shape and to inhabit the world with a faith rooted in commitment confidence and Christ

Educational Ministry in the Logic of the Spirit James E. Loder, 2018-07-20 In November 2001 James E Loder Jr Professor of the Philosophy of Christian Education for forty years at Princeton Theological Seminary suddenly died He was a creative and profound thinker who had just completed a promising book In it he developed a compelling interdisciplinary model to disclose how the divine Spirit affirms reconstitutes and transforms the human spirit to bring new energy and creativity into human experience He called it redemptive transformation You now hold that book in your hands Those who know Loder's work are confident that Educational Ministry in the Logic of the Spirit though delayed for over fifteen years will still become the best introduction to his complex thought More important it offers the imaginative means by which we may learn to attune ourselves and our faith communities to what God is doing in our fractured distracted and self destructive world to bring about a revolution of love the fruit of Christ's Spirit and the center of our human vocation
