Operation Little Sister:

Little Sister Joan Westerman,2013-05 Jess was born into an Australian family in the late 1940s She had two older sisters and a brother until she was eight when another brother was born Her mother May was also the youngest in her family which was dominated by her mother May did as she was told and was the dutiful daughter and wife but resentment built up in her life which she unknowingly took out on her children Jess spent her lonely childhood in a dysfunctional household with the only relief being her vivid imagination and a love of the sea Her sisters teased her and called her the baby but Jess knew she had something quite special her world of words Without the words and the sea Jess may not have come through life but her adult world reflects her strength and determination This is a story of one woman s journey and survival despite the emotional vacuum that surrounded her early years

Letters to Heaven Ken Horn,2022-08-13 It was a summer of content Three generations of family in one household The escapades of two very rambunctious grandkids caught the hearts of friends and neighbors here in Michigan as they followed the stories of Liam and Zellie on social media Until the day we lost our precious two year old Zellie Opa s little girl The world crashed down on my shoulders so hard it drove me to my knees I had choices to make to look up or look away I looked up I thought I knew God and I tried to bargain with Him Nothing seemed to work Answers I received though helped me form a letter which I sent directly to God After that I wrote directly to Zellie These are Letters to Heaven With these letters I shared the horrible pain our family was going through Friends and family responded to the raw view of pain and prayers they read about There was no getting around the emotions of that stinging loss but we all began healing at about the same time From that agonizing moment to this day I find God sending people our way to help us on our life s journey together He also sent us quick glimpses into Heaven which you ll read about in this book I learned the hard way that the pain never goes away And it may sound strange to say but you don t want it to because that means forgetting Determined not to forget my beautiful Zellie s face or the way she wiggled when she laughed I chose to remember And the pain I merely survived This story will take you through a grandfather s love loss and a rediscovery of faith With that faith hope emerged the hope of seeing Zellie again in Heaven Because trust me Heaven is real Really real

The Many Faces of Subud Riantee Lydia Rand,2005-04-18 Subud is a direct and spontaneous spiritual experience that allows people to receive a contact with the Great Life Force It re awakens their inner feeling and puts them in touch with their own guidance eventually bringing to the surface their true nature which was before obstructed and cluttered with erroneous beliefs

ancestral patterns of behavior culture education and their family malfunctions Many have found a deeper understanding of their own religious beliefs from the evidence they receive for themselves Others have come to actualize their true talent and work There are Subud groups in eighty countries bringing together harmoniously people of many different religious and ethnic backgrounds The spiritual practice or latihan arises from within It is a natural process that occurs without effort or study This book is the result of the collaborative effort of three women who have practiced the latihan of Subud for decades It compiles testimonies of Subud members from all over the world on different topics Each chapter begins with a short account of observations experiences receivings and dreams on the subject People interviewed were of different age groups social and ethnic backgrounds some newly opened in Subud some older members some second and third generation Subud The opening latihan when one first receives this contact is a ceremony of introduction into the spiritual exercise after a three month period of inquiry referred to as the probation or investigation period Through the latihan people renew their contact with the power of God and become aware of the latent powers that reside in all of humankind The central feature of Subud is the latihankejiwaan or inner training which takes place for half an hour up to an hour two or three times a week and is practiced by men and women separately Subud has little doctrinal teaching except for the belief in divine power and higher centers of consciousness The implication is that people practicing the latihan align themselves with those higher centers It is available to any person seventeen and older who has a sincere wish to worship God and wants to receive this contact The action of the latihan within each person allows the power of God to express itself spontaneously through singing chanting shouting moving dancing crying laughing etc Subud s founder Bapak Muhammad Subuh explains that in this way when in the latihan we make a complete surrender to the Power of God or the Great Life Force we can receive the education of our inner selves free from interference by our minds and hearts and according to our own individual needs Participants have often reported strong feelings of rapture and release psychological and physical healing During latihan one lets go of thoughts and emotions in order to follow what surfaces those movements and sounds that spontaneously arise from deep within It is a form of cleansing which allows the worship of God to become stronger and less obstructed a training that lets individuals get in touch develop and trust their inner guidance enabling the complete self to emerge through an action that comes from beyond the thinking and the will
