Operation Pseudo Miranda A Veteran Of The Cia Drug Wars Tells All:

Operation Pseudo Miranda Kenneth C. Bucchi, 2000 Presents an inside account of the CIA's Pseudo Miranda a plan developed to simultaneously aid and control Colombia's major drug cartels and tells of the author's role in the secret meetings and missions behind the failed operation **Cocaine, Death Squads, and the War on Terror** Oliver Villar, Drew Cottle, 2011 Since the late 1990s the United States has funneled billions of dollars in aid to Colombia ostensibly to combat the illicit drug trade and State Department designated terrorist groups The result has been a spiral of violence that continues to take lives and destabilize Colombian society This book asks an obvious question are the official reasons given for the wars on drugs and terror in Colombia plausible or are there other deeper factors at work Scholars Villar and Cottle suggest that the answers lie in a close examination of the cocaine trade particularly its class dimensions Their analysis reveals that this trade has fueled extensive economic growth and led to the development of a narco state under the control of a narco bourgeoisie which is not interested in eradicating cocaine but in gaining a monopoly over its production The principal target of this effort is the Revolutionary Armed Forces of Colombia FARC who challenge that monopoly as well as the very existence of the Colombian state Meanwhile U S business interests likewise gain from the cocaine trade and seek to maintain a dominant imperialist relationship with their most important client state in Latin America Suffering the brutal consequences as always are the peasants and workers of Colombia This revelatory book punctures the official propaganda and shows the class war underpinning the politics of the Colombian cocaine trade *Forthcoming Books* Rose Arny, 2000 *Library Journal*, 2001

G.K. Hall Bibliographic Guide to Latin American Studies Benson Latin American Collection, 2000 *American Book Publishing Record*, 2001 **CIA** Kenneth C. Bucchi, 1994 A former CIA agent and veteran of the South and Central American drug wars Bucchi now reveals what really goes on in the CIA in this compelling factual account He tells of illegal drug running and two faced involvement in clandestine deals with Noriega and Escobar *Powderburns* Celerino Castillo, Dave Harmon, 1994 The truth about the remaining dark secret of the Iran Contra scandal the United States government's collaboration with drug smugglers Powderburns is the story of Celerino Castillo III who spent 12 years in the Drug Enforcement Administration During that time he built cases against organized drug rings in Manhattan raided jungle cocaine labs in the Amazon conducted aerial eradication operations in Guatemala and assembled and trained anti narcotics units in several countries The eerie climax of Agent Castillo's career with the DEA took place in El Salvador One day he received a cable from a fellow agent He was told to investigate possible drug smuggling by Nicaraguan Contras operating from the Ilpango air force base Castillo quickly discovered that Contra pilots were indeed smuggling narcotics back into the United States using the same pilots planes and hangars that the Central Intelligence Agency and the National Security Council under the Direction of Lt Col Oliver North used to maintain their covert supply operation to the Contras **Dark Alliance** Gary Webb, 1998 The CIA The Contras and the Crack Cocaine Explosion An extraordinary piece of investigative journalism

and one of the most controversial books to be published in the US during the 1990s this expose of the figures behind the crack cocaine epidemic reveals that many millions of dollars raised from drug sales were funneled into the CIA backed Nicaraguan Contras Government cover up conspiracy theory death disease crime and unspeakable violence they are all here

Cocaine Politics Peter Dale Scott, Jonathan Marshall, 1998-04-10 When the San Jose Mercury News ran a controversial series of stories in 1996 on the relationship between the CIA the Contras and crack they reignited the issue of the intelligence agency s connections to drug trafficking initially brought to light during the Vietnam War and then again by the Iran Contra affair Broad in scope and extensively documented Cocaine Politics shows that under the cover of national security and covert operations the U S government has repeatedly collaborated with and protected major international drug traffickers A new preface discusses developments of the last six years including the Mercury News stories and the public reaction they provoked
