Williams, 2024-04-22 Houses of God is the first broad survey of American religious architecture a cultural cross country expedition that will benefit travelers as much as scholars Beautifully illustrated with over 100 photographs some by well known photographers such as Walker Evans and Dorothea Lange this handsome book provides a highly accessible look at how Americans shape their places of worship into multifaceted reflections of their culture beliefs and times An Hour by Sun Leonard C. Durrence, 2006-04 An Hour by Sun is a trip down lanes of memory rows of tobacco and corn on a thriving Georgia farm and amid the triumphs and travails of medicine in the last half of the 20th century It is funny and nostalgic and informative as Leonard Durrence a retired country doctor traces his beginnings on a depression era farm through the rigors of medical school and internship and the challenge of a small town medical practice For him the joys of retirement are just as vivid a color in the tapestry of his life as the boyhood escapades with his sisters and his curious adventures in scientific understanding The personal elements are the strongest notes in this account particularly the spiritual faith that weaves together all his experiences The adolescent who was born again grows into a thoughtful adult who finds God s solid presence supporting him as he tends the sick in Bangladesh and makes tough decisions in the emergency room and operating room of his Blackshear hospital This devoted Christian carries the same presence into a series of severe health problems that afflict him his beloved wife and the father who has been a hero in his life An hour by sun is a ritual phrase his father spoke at the close of every farming day and Dr Durrence has cherished the meaning of those words through the years When there is just enough light left to do the important things one must recognize and use this hour by sun to accomplish this task with gratitude for all the hours that came before He has used his significant hour to record the events of nearly 80 years and underline the way in which God has led him through them From early

childhood when he kept the woodbox filled and harnessed the pesky mules to a discovery of the magic of reading and learning to the important discovery of a life partner and the joy of parenting from deep satisfaction with healing civic involvement gardening and travel and finally with retirement in a community he loves through all these stages the good doctor has found deep pleasure challenge and peace that passes all understanding *Encyclopedia of North Carolina* William S.
