C. Reid, Reinhard Zimmermann (jurist), 2000 Law in Scotland has a long history uninterrupted either by revolution or by codification This work is the first detailed and systematic study in the field of Scottish private law It takes key topics from the law of obligations and the law of property and traces their development from earliest times to the present day **Principles of Scottish private law. 1. Book I: introductory and general ; Book II: international private law ; Book III: law of persons** David Maxwell Walker, 1982 **Principles of Scottish Private Law** David M. Walker, 1970 *A History of Private Law in Scotland: Volume 2: Obligations* Kenneth Reid, Reinhard Zimmermann (jurist), 2000-12-21 This two volume series offers the first detailed and systematic account of the history of private law in Scotland Volume 2 covers topics such as insurance negligence liability breach of contract unfair contract terms sale and defamation **Principles of Scottish Private Law** David M. Walker, 1988 Principles of Scottish Private Law David Maxwell Walker, 1988 **Principles of Scottish Private Law: Book IV: Law of obligations** David Maxwell Walker, 1988 **Principles of Scottish Private Law** David M. Walker, 1900 *Principles of Scottish Private Law* David Maxwell Walker, 1988 *Principles of Scottish Private Law: Introductory and general ; Part 2. International private law ; Part 3. Law of persons* David M. Walker, 1988 Principles of Scottish Private Law David Maxwell Walker, 1983 **Principles of Scottish Private Law** David M. Walker, 1970 *The Making of European Private Law* J. M. Smits, 2002 The private law of the Member States of the European Union has become more and more European The fact that the European Union is making ever more use of directives as an instrument to achieve private law goals is in this context not the most important development Of much more substance is the fact that one increasingly realises that a uniform European private law has to be created in one way or another in the near future if a truly common European market is to function at all Over the last decade Europe has witnessed the emergence of a vigorous debate about the need for and the feasibility of a future European ius commune in the field of private law This book critically discusses this debate and provides a systematic overview of the various initiatives taken and describes the fragmentary European private law that already exists by way of European directives international conventions etc In addition the author aims at making a contribution to the debate by suggesting that the experience good or bad of the so called mixed legal systems is of great importance to the European private law venture and to the development of a uniform private law for Europe This idea is supported by insights from Law Economics and illustrated by South African law in particular This idea of European private law as a mixed legal system is then applied to the law of contracts torts and property

This book takes up the challenge to give a critical examination on the various methods of creating this ius commune A detailed table of contents list of abbreviations bibliography table of cases and index complete the book and make it a valuable study for everyone interested in European private law *Principles of Scottish Private Law* David Maxwell Walker,1983

Regional Private Laws and Codification in Europe Hector L. MacQueen,Antoni Vaquer,Santiago Espiau
Espiau,2003-10-16 Regions within European Union member states such as Scotland in the UK and Catalonia in Spain have their own legal systems how will the process of Europeanization affect them This volume examines the phenomenon of regional private law in the European Union considering jurisdictions and laws below those of the member states and drawing comparisons with other such jurisdictions elsewhere in the world such as Louisiana and Quebec The whole is considered in relation to the development of European private law and the use of codification in that process This volume will be of interest to academic lawyers worldwide advanced law students and European policy makers *Principles of Scottish private law.*
