Introduction to Marine Micropaleontology B.U. Haq, A. Boersma, 1998-03-12 This beautifully illustrated text book with state of the art illustrations is useful not only for an introduction to the subject but also for the application of marine microfossils in paleoceanographic paleoenvironmental and biostratigraphic analyses The recent revival of interest in marine micropaleontology worldwide in the wake of the development of sequence stratigraphic models has led to the decision to reissue the volume in its original but paperback form The ideas expressed in various chapters of this second edition remain as valid today as they were when the book was first issued The text however includes an updated Phanerozoic geologic time which has been considerably modified since the 1980s
