Japanese History & Culture from Ancient to Modern Times John W. Dower, 1986 A History of Korean Literature Peter H. Lee, 2003-12-18 This is a comprehensive narrative history of Korean literature It provides a wealth of information for scholars students and lovers of literature Combining both history and criticism the study reflects the latest scholarship and offers a systematic account of the development of all genres Consisting of twenty five chapters it covers twentieth century poetry fiction by women and the literature of North Korea This is a major contribution to the field and a study that will stand for many years as the primary resource for studying Korean literature **Cinematic Landscapes** Linda C. Ehrlich, David Desser, 1994 On Chinese and Japanese art and cinema The Tōkaidō Road Jilly Traganou, 2004 Offers a comparative study of representations of the T kaid road the most important route of Japan during the Edo 1600 1868 The Aesthetics of Discontent Michele Marra, Michael F. Marra, 1991-01-01 This series of and Meiji 1868 1912 eras interpretations of selected classics examines premodern Japanese literature from the perspective of conflictual ideologies Professor Marra's analysis of such works as the Ise Monogatari the Hojoki and Tsurezuregusa highlights the existence of discontent in the authors of the so called high tradition and explains the means these authors used to express their social dissatisfaction in literary texts His aim is to recover the validity of the historicist approach in literary studies by focusing on the importance of the context in the formation of the text The text is seen as a product of ideological manipulation on the part of those who by reading writing or editing appropriate it according to specific and private concerns Professor Marra displays both sensitivity to the texts and a comprehensive grasp of Japanese and Western scholarship in making his argument that aesthetics and politics in premodern Japanese literature are mutually defining **Zen Buddhist Landscape Arts of Early** Muromachi Japan (1336-1573) Joseph D. Parker, 1999-01-01 Examining inscriptions on landscape paintings and related documents this book explores the views of the two jewels of Japanese Zen literature Gido Shushin 1325 1388 and Zekkai Chushin 1336 1405 and their students These monks played important roles as advisors to the shoguns Ashikaga Yoshimitsu 1358 1408 and Yoshimochi 1386 1428 as well as to major figures in various michi or Ways of linked verse the No theatre ink painting rock gardens and other arts By applying images of mountain retreats to their busy urban lives in the capital these Five Mountain Zen monks provoke reconsiderations of the relation between secular and sacred and nature and culture

The Culture of Copying in Japan Rupert Cox,2007-09-12 This book challenges the perception of Japan as a copying culture through a series of detailed ethnographic and historical case studies It addresses a question about why the West has

had such a fascination for the adeptness with which the Japanese apparently assimilate all things foreign and at the same time such a fear of their skill at artificially remaking and automating the world around them Countering the idea of a Japan that deviously or ingenuously copies others it elucidates the history of creative exchanges with the outside world and the particular myths philosophies and concepts which are emblematic of the origins and originality of copying in Japan The volume demonstrates the diversity and creativity of copying in the Japanese context through the translation of a series of otherwise loosely related ideas and concepts into objects images texts and practices of reproduction which include shamanic theatre puppetry tea utensils Kyoto town houses architectural models genres of painting calligraphy and poetry sample food displays and the fashion and car industries **Song in an Age of Discord** H. Mack Horton, 2002 This is a companion volume to the author's translation of Saiokuken Socho's The Journal of Socho Stanford 2002 The volume gives an overview of the author's life and times explores the relationships between politicians patronage and the creative process and reads the journal in terms of the standard norms of genres that Socho appropriated and reinterpreted The Lens Within the Heart Timon Screech, 2018-10-24 Presenting a revised edition with a new preface of this important work previously available only in hardback It has long been assumed that Japan's closed country policy meant that Japan was isolated from the influence of the outside and in particular the Western world However this study of 18th century Japan using sources wholly unstudied since their writing reveals the profound influence that the introduction of Western technology and scientific instruments including glass lenses and mirrors had on Japanese notions of sight and how this change in perception was reflected most clearly in popular culture Screech goes to the core of later eighteenth century thought through popular objects and the propositions which many considered groundbreaking on the book s first publication in 1996 have yet to be substantially challenged

Comparative Poetics Earl Roy Miner,1990-10-23 Comparative literature Earl Miner writes clearly involves something more than comparing two great German poets and something different from a Chinese studying French literature or a Russian studying Italian literature But what would a true intercultural poetics be This work proposes various ways to study something other than what are all things considered the short and simple annals of one cultural parish at one historic moment The first developed account of theories of literature from an intercultural standpoint the book shows that an originative or foundational poetics develops in cultures with explicit poetics when critics define the nature and conditions of literature in terms of the then most esteemed genredrama lyric or narrative Earl Miner demonstrates that these definitions and inferences from them constitute useful bases for comparative poetics **Reading East Asian Writing** Michel Hockx,Ivo Smits,2014-02-05 This book presents contributions by thirteen scholars of Chinese and Japanese literature whose work is characterised by a strong interest in literary theory They focus in particular on the various new theories that have emerged during the past two decades uprooting traditional forms of understanding literary texts their function their readership and their interpretation Often confined to discussion of a specific country or area these theories have been criticised for their

Western bias This collection breaks through these barriers providing an opportunity for scholars of two closely related yet often independently studied cultures to present and compare their views on specific theories of literature to discuss the advantages and shortcomings of those theories and to consider specific difficulties related to the East West dimension

How Dark Is My Flower Leith Morton, 2023-01-30 The poetry of Yosano Akiko covers all the many and varied aspects of the experience of love from early romantic encounters between the lover and beloved to the intimate pleasures of mutual infatuation and then true love The journey outlined in Akiko s verse also grapples with jealousy and unrequited passion as Akiko s poem narrative treats the rivalry between herself and her best friend the poet Yamakawa Tomiko for the affection of the dashing young literary lion Yosano Tekkan who later became Akiko s husband Thus How Dark Is My Flower Yosano Akiko and the Invention of Romantic Love tells a number of stories a real life romance unfolds in the poetry of these three poets examined in the book as well as the story of the journey from romanticism to modernism undertaken by early 20th century Japanese poetry How Dark Is My Flower emphasizes the astonishing innovations in diction and style not to mention content in Akiko s work that transformed the tanka genre from a hidebound and conservative mode of verse to something much more daring and modern This book pays particular attention to poetry particularly the tanka genre in the evolution of modernism in Japanese literature and breaks new ground in the study of modern Japanese literature by examining the invention and evolution of the concept of romantic love The Transparent Eye Eugene Chen Eoyang, 1993-02-01 In this remarkably stimulating and erudite series of essays Eugene Chen Eoyang explores many of the underlying paradigms and presumptions in world literature highlighting issues of cultural interchange and cultural hegemony Translation is seen in this perspective as a central rather than a peripheral factor in understanding the meanings of literary works Taking concrete examples from Chinese literature Eoyang illuminates not only the semantic collisions that underlie the complexities of translation but also the cultural identities reflected in language and values The title alludes to a passage from Emerson reminding us that the object on view is not only the vision we see but is also the organ through which that vision is apprehended The confrontation with a radical other which is for many Westerners what Chinese literature represents is thus both a discovery and a self discovery Part of the book s originality is that it identifies a new audience one that is incipiently bicultural or knowledgeable about what has been called East as well as what has been called West Readers with an interest in the theory and practice of translation will find this an inspiring and indispensable work one that prepares the way for a comparative poetics that recognizes the intense subjectivities in every culture and at the same time establishes a basis for a comparison that tries to transcend even as it acknowledges provincialities
