

12 PRINCIPLES FOR THRIVING FAMILIES

DEVELOP YOUR PRINCIPLES

Transmit time by sharing your vision (mission, vision, values) to create unity.

INVEST IN A FULL INHERITANCE

Provide a real inheritance that consists of the Five Capitals: Intellectual, Character, Relational, Financial, Spiritual.

HAVE A WRITTEN PLAN

Achieving your goals starts with writing them down and referring back to them often.

DELIVER BLESSINGS

Tell your story by sharing the struggles that made you who you are and allowed you to share your dreams with the next generation.

STEWARD NOT OWNER

Gratitude is a known antidote for entitlement. Wealth does not equal identity or security and we should have the understanding that money is a tool not a solution.

DISINHERIT THE IRS

Define your desired financial generosity and give gratitude by understanding the Kingdom vs. world estate plan.

EMPOWER, DON'T CONTROL

Listen and love equally while treating uniquely. Healthy conflict can be good when you maintain neutrality.

DON'T QUIT

Life is about the journey not the destination. Plan for how you want to "be-cry" vs. retire.

SIMPLICITY WINS (K.I.S.S.)

Complexity is the enemy of execution. Simplicity is the key to clarity and efficiency. Find ways to stay in your lane and "keep it simple forward".

EVIDENCE NOT OPINION

News exists to sell ads and generally leads to a cycle of anxiety. Objective data applied to your investments can help you to think long term.

LIFE IS A TEAM SPORT

Surround yourself with wise counsel and mentors. God is the team captain. Listen, support, and enjoy those around you.

HAVE FUN TOGETHER

Celebrate life, success, and failure with those around you.

Principles Of Money

Charles Arthur Conant

Principles Of Money:

The Principles of Money James Laurence Laughlin, 1916 **The Principles of Money and Banking** Charles Arthur Conant, 1905 30 Biblical Principles For Managing Your Money Rich Brott, 2008

Becoming successful at managing your money begins with a commitment to follow biblical principles. In doing so, certain areas of your life must be confronted in an honest, open, and accurate manner. You must confront the following areas: A spiritual, B attitudinal, C habitual, D practical, E personal. Addressing only selective areas of your financial life will not bring you to a place of success. You must be willing to tackle each area and come face to face with the clear reality of your past decisions. This means developing a new determination to change past spiritual decisions and the adopting of new biblical attitudes toward the management of your money. Only you can make a difference in your financial life. You can be successful at managing your money if you will begin to follow these 30 biblical principles. Author Rich Brott shows you how.

Principles of Money and Banking Russell Donald Kilborne, George Walter Woodworth, 1937 **The Principles of Money** J. Lawrence Laughlin, 2014-03

This is a new release of the original 1916 edition. *The Principles of Money* James Laurence Laughlin, 1911 *The Principles of Money* J. Lawrence Laughlin, 2015-06-15

Excerpt from *The Principles of Money*: In spite of the great literature of money, it has seemed to me possible by a restatement of results already accepted and by a reorganization of the field that we might be in a position to move forward to additional gains of a constructive character. Especially did this seem hopeful if a separate and orderly exposition should be made of the principles of money quite independently of their countless historical applications. Although the earliest glimmerings of political economy came from the study of money, and although as Mr. Jevons has well said, the literature of money is so extensive that no one man could ever have read it all, it is passing strange that there is to day no treatise giving a scientific statement of all the principles of money. There is, it is true, mention here and there of nearly everything which one might wish to assemble in a treatise on monetary principles, but there has been little organic and constructive study. For instance, no such problem as bimetallism could be properly approached without first disposing of the laws regulating the value of money, that is, of the theory of prices. In fact, throughout much of recent writing, the facts and the principles have been mixed in inextricable confusion. The central point in any study of monetary principles must be the theory of prices, and yet one of the best general treatises in English, Mr. Jevons's *Money and Mechanism of Exchange*, gives no attention to it.
