

The background of the book cover features three distinct fossil plant specimens. In the top left, there is a dark, finely textured fossil, possibly a leaf or a small branch, showing a central vein and lateral structures. In the top right, a lighter, more rounded fossil is visible, possibly a seed or a small fruit. In the bottom half, a large, light-colored fossil dominates the space, showing a clear hexagonal or polygonal cellular pattern, characteristic of a plant stem cross-section.
