Prison Policy And Practice:

The Prison Gordon Hawkins, 1976 Despite lethal explosions of violence from within and critical assaults from without it seems certain that prisons will continue to exist for the foreseeable future Gordon Hawkins argues that certain key issues which attend the use of imprisonment as a penal method must be dealt with realistically Beginning with a discussion of the ideology of imprisonment and the principal lines of criticism directed at it Hawkins examines such issues as the prisonization hypothesis the theory that prisons serve as a training ground for criminals the role of the prison guard work in prisons and the use of prisoners as research subjects for medical experiments He also deals with the prisoners rights movement and its implications for the future of prison administration Hawkins not only makes specific recommendations for reform he also carefully appraises the barriers which obstruct their implementation Hawkins devotes a large portion of this relatively short book to a discussion of some of the really crucial policy activities that tend to stifle meaningful reform and then goes on to tell how at least some of these policies can be altered The book concludes with a chapter devoted to a discussion of impediments to change that should be required reading for all serious students of penology Choice Hawkins has added a much needed down to earth analysis of prison This is not a pessimistic book It is a realistic book It avoids the pitfall of utopian and single factor solutions to an extremely complex problem Graeme R Newman *Annals of the American Academy of Political and Social Science* *Understanding Prisons: Key Issues in Policy and Practice* Andrew Coyle, 2005-12-16 Few people can talk about prisons with the authority and experience that Andrew Coyle brings to his subject A former prison governor an academic author an international activist and a practical reformer Professor Coyle knows prisons inside and out home and abroad past and present In *Understanding Prisons* he uses his impressive expertise to guide researchers through the changing world of the English prison The result is an accessible up to date and highly informative book that will be welcomed by students and practitioners alike David Garland NYU author of *The Culture of Control* Andrew Coyle has drawn on his lifelong experience of governing prisons in Scotland and England and as the former Director of the International Centre for Prison Studies Kings College London studying prisons worldwide He has written a comprehensive account of the use of imprisonment and the character of prisons He persuasively argues that our continued extensive use of imprisonment cannot simply be explained or justified by the incidence of crime and could otherwise His book merits close attention Rod Morgan Chairman Youth Justice Board There are over nine million men women and children in prison around the world and the number of people in prison in England and Wales has increased significantly in recent years Yet in many respects prison remains the last secretive public institution in our society *Understanding Prisons* provides a unique in depth examination of prisons how they function what they achieve and their historical and political context The book Describes how prisons developed into their present form Looks at who is sent to prison and what happens to them while they are there Explains how the prison system and staff in England and Wales are organised Examines how order and control is maintained and how high

Prisons and Imprisonment Cormac Behan, Abigail Stark, 2023-01-01 This textbook examines prisons and imprisonment Historically prisons and prisoners have been a source of interest to the general public However despite near universal acceptance of imprisonment as a feature of society we know relatively little about the reality of prison life or the effects it has on individuals and communities Using academic scholarship empirical research government papers policy reports and accounts from lived experiences of the institution this book analyses the complexities and contradictions of prison life the place of the prison in twenty first century society and its prospects for the future This book will introduce readers to key debates surrounding the use of imprisonment and challenge readers to interrogate conventional perspectives

on an institution that reflects the society in which it is situated Women Exiting Prison Bree Carlton, Marie Segrave, 2013-05-02 Women's incarceration is on the rise globally and this has significant intergenerational economic and humanitarian costs for communities across the world. While there have been efforts to implement reform particularly in countries such as Canada, UK, US and Australia, the growing evidence suggests women's prisons and the support structures surrounding them are in crisis. This collection of critical essays presents groundbreaking research on women's post imprisonment policy practice and experiences. It is the first collection to offer international perspectives on gender criminalisation, the effects of imprisonment and women-centred approaches to the short and long term support of women exiting prison. It offers cutting edge insights into contemporary policy developments and women's experiences across the US, the UK, Australia, Canada and Northern Ireland. The collection makes two important contributions. First, it marks a departure from an instrumental and individual focus on what works to reduce women's offending and re-offending behaviour, a prevailing approach within competing collections focused on post release issues. Second, it presents critical original research with robust empirical foundations to revive feminist criminological engagement around gender imprisonment and most critically post release management support and survival. The collection will appeal to academics and community-based advocates, activists, lawyers and practitioners engaged in advocacy and service provision for imprisoned women. It is also an important and unique analysis for undergraduate and postgraduate students studying criminological and social science courses, particularly those related to gender and crime, imprisonment and correctional policy and qualitative research methods.

Handbook on Prisons Yvonne Jewkes, Ben Crewe, Jamie Bennett, 2016-02-23 The second edition of the *Handbook on Prisons* provides a completely revised and updated collection of essays on a wide range of topics concerning prisons and imprisonment. Bringing together three of the leading prison scholars in the UK as editors, this new volume builds on the success of the first edition and reveals the range and depth of prison scholarship around the world. The *Handbook* contains chapters written not only by those who have established and developed prison research but also features contributions from ex-prisoners, prison governors and ex-governors, prison inspectors and others who have worked with prisoners in a wide range of professional capacities. This second edition includes several completely new chapters on topics as diverse as prison design, technology in prisons, the high security estate, therapeutic communities, prisons and desistance, supermax and solitary confinement, plus a brand new section on international perspectives. The *Handbook* aims to convey the reality of imprisonment and to reflect the main issues and debates surrounding prisons and prisoners while also providing novel ways of thinking about familiar penal problems and enhancing our theoretical understanding of imprisonment. The *Handbook on Prisons* Second edition is a key text for students taking courses in prisons, penology, criminal justice, criminology and related subjects and is also an essential reference for academics and practitioners working in the prison service or in related agencies who need up-to-date knowledge of thinking on prisons and imprisonment.

Penal Cultures and Female

Desistance Linnéa Österman, 2017-12-12 This book makes a unique contribution to the internationalisation of criminological knowledge about gender and desistance through a qualitative cross national exploration of the female route out of crime in Sweden and England By situating the female desistance journey in diverse penal cultures the study addresses two major gaps in the literature the neglect of critical explorations of gender in desistance related processes and the lack of internationally comparative perspectives on the lived experience of desistance Grounded in a feminist methodology underpinned by a critical humanist perspective this book draws on 24 life story narrative interviews with female desisters across Sweden and England The discussion covers departure points qualitative experiences of criminal justice as well as barriers and ladders in the female route out While some cross national symmetry is detected particularly in the areas of victimisation and issues around short custodial sentences overall the findings indicate that diverse macro processes and models especially in terms of inclusive versus exclusive penal cultures effectually trickle down to the women in this study and produce different micro experiences of desistance Providing new qualitative evidence of the Nordic Exceptionalism thesis this book finds that comparatively the Swedish model offers a macro context supported and reflected in allied meso practices which is more conducive to the formation of female desistance narratives This unique comparative study marks a step change in desistance literature and will be essential reading for those engaged in the disciplines of penology rehabilitation gender and crime and offender management

The SAGE Handbook of Drug & Alcohol Studies Torsten Kolind, Betsy Thom, Geoffrey Hunt, 2016-10-20 With contributions from leading international academics across the social sciences this accessible handbook takes a critical look at the key theories disciplinary approaches contemporary issues and debates in the field Part I Central Social Science Theories Drug and Alcohol Studies Part II Pillars in Social Science Drug and Alcohol Studies Part III Controversies and New Approaches in Social Science Drug and Alcohol Studies This Handbook is an excellent reference text for the growing number of academics students scientists and practitioners in the drug and alcohol studies community

Supporting Children of Incarcerated Parents in Schools Whitney Q. Hollins, 2021-09-06 Drawing on qualitative research conducted with young people in New York this volume highlights the unique experiences of children of incarcerated parents COIP and counters deficit based narratives to consider how young people's voices can inform and improve educational support services Supporting Children of Incarcerated Parents in Schools combines the author's original research and personal experiences with an analysis of existing scholarship to provide unique insight into how COIP experience schooling in the United States With a focus on the benefits of qualitative research for providing a more nuanced portrayal of these children and their experiences the text foregrounds youth voices and emphasizes the resilience maturity and compassion which these young people demonstrate By calling attention to the challenges that COIP face in and out of school and also addressing associated issues around race and racism the book offers large and small scale changes that educators and other allies can use to better support children of incarcerated parents This volume will be of interest to scholars and

researchers interested in the sociology of education race and urban education and the impacts of parental incarceration specifically It will also be of benefit to educators and school leaders who are supporting young people affected by these issues

The Palgrave Handbook of Incarceration in Popular Culture Marcus Harmes, Meredith Harmes, Barbara Harmes, 2020-02-03 The Handbook of Incarceration in Popular Culture will be an essential reference point providing international coverage and thematic richness The chapters examine the real and imagined spaces of the prison and perhaps more importantly dwell in the uncertain space between them The modern fixation with seeing inside prison from the outside has prompted a proliferation of media visions of incarceration from high minded and worthy to voyeuristic and unrealistic In this handbook the editors bring together a huge breadth of disparate issues including women in prison the view from inside prisons as a source of entertainment the real worlds of prison and issues of race and gender The handbook will inform students and lecturers of media film popular culture gender and cultural studies as well as scholars of criminology and justice

The Politics of Punishment Louise Brangan, 2021-05-16 Prisons are everywhere Yet they are not everywhere alike How can we explain the differences in cross national uses of incarceration The Politics of Punishment explores this question by undertaking a comparative sociological analysis of penal politics and imprisonment in Ireland and Scotland Using archives and oral history this book shows that divergences in the uses of imprisonment result from the distinctive features of a nation s political culture the different political ideas cultural values and social anxieties that shape prison policymaking Political culture thus connects large scale social phenomena to actual carceral outcomes illuminating the forces that support and perpetuate cross national penal differences The work therefore offers a new framework for the comparative study of penality This is also an important work of sociology and history By closely tracking how and why the politics of punishment evolved and adapted over time we also yield rich and compelling new accounts of both Irish and Scottish penal cultures from 1970 to the 1990s The Politics of Punishment will be essential reading for students and academics interested in the sociology of punishment comparative penology criminology penal policymaking law and social history

Beyond Scandinavian Exceptionalism Helene De Vos, 2023-04-28 This book explores how prison life is normalized in different countries with a critical and detailed look at Scandinavian exceptionalism the idea that Scandinavian prisons have exceptionally humane conditions and compares these prisons to ones in Belgium It provides a more nuanced systematic and contextualized comparison of normalization in two countries Through analyzing policy and legislative documents participant observation and interviews it seeks to understand how normalization is implemented differently in prison legislation policies and practices and compares the two societies for context It also considers the material prison environment security the social environment and the use of time in prison It provides insights into how normalization can be successfully and holistically implemented in both policy and practice to contribute to a more pure form of liberty deprivation as punishment without too many unintended effects

Nordic Nationalism and Penal Order Vanessa Barker, 2017-11-08 In late summer 2015 Sweden embarked on

one of the largest self described humanitarian efforts in its history opening its borders to 163 000 asylum seekers fleeing the war in Syria Six months later this massive effort was over On January 4 2016 Sweden closed its border with Denmark This closure makes a startling reversal of Sweden s open borders to refugees and contravenes free movement in the Schengen Area a founding principle of the European Union What happened This book sets out to explain this reversal In her new and compelling book Vanessa Barker explores the Swedish case study to challenge several key paradigms for understanding penal order in the twenty first century and makes an important contribution to our understanding of punishment and welfare states She questions the dominance of neoliberalism and political economy as the main explanation for the penalization of others migrants and foreign nationals and develops an alternative theoretical framework based on the internal logic of the welfare state and democratic theory about citizenship incorporation and difference paying particular attention to questions of belonging worthiness and ethnic and gender hierarchies Her book develops the concept of penal nationalism as an important form of penal power in the twenty first century providing a bridge between border control and punishment studies

Prisons in the Late Ottoman Empire Kent F. Schull, 2014-04-11 Contrary to the stereotypical images of torture narcotics and brutal sexual abuse traditionally associated with Ottoman or Turkish prisons Kent Schull argues that during the Second Constitutional Period 1908-1918 they played a crucial role in attempts to transform the empire [An Introduction to Penology: Punishment, Prisons and Probation](#) Lawrence Burke, Dr Helena Gosling, 2022-11-23 An Introduction to Penology is a concise informative scholarly guide that will speak to a variety of audiences interested in how the notion of punishment plays out in community and custodial settings with people who have broken the law With a particular focus on prisons and probation the book provides an opportunity for readers to critically engage with the concept of punishment in theory and practice and consider different ways in which we as a society can respond to lawbreaking The text will allow students to pursue a more in depth study of two of the main criminal justice institutions through the lens of their organisational structures cultures service delivery and responses to the needs of minority and vulnerable groups Throughout the text students will be encouraged to critically engage with longstanding penological debates taking into consideration the theory policy and practice of punishment and will explore ways in which we can rethink penology on an individual and social level and begin to make a case for social justice rather than criminal justice This innovative and contemporary text is a must read for students studying criminology criminal justice penology and those interested in pursuing a career in either the prison or probation services Lol Burke is Professor in Criminal Justice and Dr Helena Gosling is a Senior Lecturer in Criminal Justice at Liverpool John Moores University
