Remote Control V. Knight, 2017-01-25 In cell television is now a permanent feature of prisons in England and Wales and a key part of the experience of modern incarceration This sociological exploration of prisoners use of television offers an engaging and thought provoking insight into the domestic and everyday lives of people in prison with television close at hand Victoria Knight explores how television contributes to imprisonment by normalising the prison cell In doing so it legitimates this space to hold prisoners for long periods of time typically without structured activity As a consequence television s place in the modern prison has also come to represent an unanticipated resource in the package of care for prisoners This book uncovers the complex and rich emotive responses to prison life Dimensions of boredom anger frustration pleasure and happiness appear through the rich narratives of both prisoners and staff indicating the ways institutions and individuals deal with their emotions It also offers an insight into the unfolding future of the digital world in prisons and begins to consider how the prisoner can benefit from engagement with digital technologies It will be of great interest to practitioners and scholars of prisons and penology as well as those interested in the impact of television on society

Inside Art Mary Brown, 2002 An explanation of the way in which the study of art can act as a trigger for change in

prisoners This stimulating work is based on conversations with artists including people in prison or who were once imprisoned It charts the importance of creative activity as an instrument of personal change As the author is compelled to say Individuals can and do change If there is a message in these stories this is it we need to listen understand and act upon it The physical walls around prisons must not become mental walls keeping us from understanding the worlds of those within We are all members of the society that builds the prison walls "The" Statutes: Revised Edition ,1878 Beyond Scandinavian Exceptionalism Helene De Vos,2023-04-28 This book explores how prison life is normalized in different countries with a critical and detailed look at Scandinavian exceptionalism the idea that Scandinavian prisons have exceptionally humane conditions and compares these prisons to ones in Belgium It provides a more nuanced systematic and contextualized comparison of normalization in two countries Through analyzing policy and legislative documents participant observation and interviews it seeks to understand how normalization is implemented differently in prison legislation policies and practices and compares the two societies for context It also considers the material prison environment security the social environment and the use of time in prison It provides insights into how normalization can be successfully and holistically implemented in both policy and practice to contribute to a more pure form of liberty deprivation as punishment without too many unintended effects Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 2001 United States.
